Palmer, who is a member of the legisla-tive committee appointed to draft a bill revising the school laws of the state, was also present and gave a talk telling a number of features that the proposed bill will contain. Be is attending the similar meetings being held in the county, in or-order to learn the wishes of the people in regard to school matters. By vote, a majority of those present expressed themselves in favor of the following: That the state board of education should consist of seven members, prominent ed ucators of the state, and not more than two of the members should be of the same political party as the state super-intendent; that a teacher should have

five years experience before being grant-ed a state diploma; that the state should publish or purchase all school books and furnish them to the people at cost; and that in country districts there should be fewer instead of more schools, with high-There will be a mass convention of the mocratic voters of the city of Albany Saturday the 3rd day of December, 1898
