The young married couples that start out in life with the idea that children are nuisances, and that they do not want and will not have them, are the kind that you read about every day in the newspapers—in the divorce column. A home without children is not a home. God and Nature never intended that there should be a place called home that did not resound with the patter of childish footsteps.

of childish footsteps.

There are tens of thousands of homes that are childless because of the ill-health of the wife and would-be mother. There are tens of thousands of other homes childless because the little ones have died alleast as soon as they were born.
