Late News in Short Form.

A Florida Cyclone.

RIVER JUNCTION, Aug. 4.—The most disastrous cyclone that ever visited this section of Florida completely annihilated Carrabelle, McIntyre and Lanark inn, south of here, yesterday. At Carrabelle only nine houses remain. A communication from the mayor states that 200 families are without homes or shelter, and many are completely destitute. At McIntyre, only two mill boilers mark the place of the town.

Lanark inn, the famous summer resort was blown into the Gulf.

One million dollars will not cover the loss. The insurance was small.

Indian Uprising.

CHICAGO, Aug. 4.—A special to the Tribune from the City of Mexico says: Dispatches from Guaymas show that the Yagui insurrection is constantly growing in extent, and all the Indians in the town along the river are rising in arms and taking to the woods and mountains to join their companions against the authorities.

A Negro's Death.

ST. LOUIS, Aug. 4.—A special to the Post-Dispatch from Van Buren, Ark., says: John Maye, a negro rapist, was hanged here this morning. He maintained his innocence to the last and in a speech on the gallows invoked the curse of God upon the people of Van Buren for the injustice done him.

Should Be Ousted.

PORTLAND, Aug. 4.—Quo Warranto proceedings were commenced in the state circuit court, today, against Mayor W. A. Story. He was elected by the city council to fill the unexpired term of Mayor Maron, deceased, and it is alleged that he obtained his election in an illegal manner.

The Correct Test.

SALT LAKE, Aug. 4.—Five thousand people attended the bicycle races at the salt palace eight-lap indoor track tonight and saw two world's records smashed. In the second heat of the one-mile un-paced professional handicap, J. N. Chapman, of Atlanta, Ga., brought the world's record for un-paced competition down to 2:00 3/5.

A very pleasant party was given Tuesday evening by Mr. and Mrs. J. Reed in honor of their nephew, W. B. Bond, who recently returned from Manila. After a few hours of merriment and games, the guests were escorted to the lawn, where a delectable lunch was served beneath the trees.

At the meeting of the city council on Tuesday evening, August 1st, a proposition submitted some time ago by the Electric Light & Water company to sell one half the plant and franchise to the city for the specified sum of \$6,000 in cash was discussed at some length by the various members of the council.

The DEMOCRAT has received from John J. Valentine, President of the Wells Fargo Co., of San Francisco, a pamphlet headed: "Forcible Annexation." "Criminal Aggression." "Benevolent Assimilation." A Question of National Honor. Official documents for future historians. After the presentation of documents showing the history of the matter Mr. Valentine says: "The case stated to a point is simply this: We asked the assistance of the Philippines as allies and they complied effectively. The Philippines asked our consent to the independence. We refused. Hence their American-Filipino war."

They have three tents and are having a good time. The Judge drives to town nearly every day for supplies and newspapers.

The Astoria papers are full of a recent interview with Mr. A. B. Hammond, who talked business, telling Astoria people what is what. It has been taken in different ways. The DEMOCRAT man had a talk with Mr. Hammond and knows him to be very friendly to that city and believes in its future. He simply thought it was time to tell the truth and the people there needed it. It will do the city good.

"When we take the census of Salem we enumerate the penitentiary, the reform school and the blind asylum. Then we roll in about 9,000 people."

This was the answer volunteered by Mayor Bishop of that city when he was quizzed by an Astorian reporter yesterday as to the relative size of the two rival points.—Astorian.

Salem has an honest mayor. His statement means an actual population of 6,000 or 7,000 people.

An Indiana editor learned the following about Grant's Pass while on the coast:

Pursuing our course northward, the next stop was at Grant's Pass, a town of 2500 in the mountains. Its industries are farming, fruit growing and mining. Melons are one of its great crops. One man has 90 acres of them this season. The name of the town is derived from a historical incident. Many years ago, when General U. S. Grant was a Lieutenant in the Regular Army and was stationed on the Pacific Coast, he crossed the mountains at that point in command of a detachment of troops, and camped several days in the basin where the town is situated, finding there plenty of water and grass for the horses of his command; and ever afterward that basin was known among trappers and pioneers as "Grant's Pass."

Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I heard of but never found any relief, such was my case until I began using CASCARETS. I now have from one to three passages a day, and if I was rich I would give \$100.00 for each movement; it is such a relief."
