# Consumption

In its incipient stage may be cured. HUDYAN has drawn thousands away from the clutches of the dreaded disease. Many people have been restored to perfect health by HUDYAN after their cases were pronounced hopeless by the best physicians. You can be cured if you will. Do not delay. Remember that delays are dangerous. They are especially so in cases of incipient consumption. Look at these symptoms. Study them carefully. Are they yours? Then you must be careful. You are within the grasp of consumption. HUDYAN will release you. Take HUDYAN now.

**1. FLUSHING OF THE CHEEKS IN THE AFTERNOON AND EVENING.**—The first symptom of consumption. HUDYAN will cause it to disappear. HUDYAN will establish a perfect circulation of the blood and cause the cheeks to assume a normal rosy color.

**2. TICKLING IN THE THROAT AND COUGH.**—At first the cough is a slight hack—HUDYAN will stop the tickling and the cough. HUDYAN will relieve it in a few days.

**3. A SLIGHT PAIN IN ONE OR BOTH LUNGS,** usually near the tops. This is an indication that the consumptive germ has invaded the lung tissue. HUDYAN will eradicate the germ. HUDYAN will restore the lung tissue to a healthy condition and prevent further destruction.

**4. WEAKNESS AROUND THE HEART.**—The heart is becoming weak. HUDYAN will strengthen it and cause the weakness to disappear.

HUDYAN should be used at once. It will make the lung tissue strong and the germ of the disease will be rapidly drawn from the system. Then you will regain your health and strength. HUDYAN can be obtained of all druggists for 50c. per package, or 6 packages for \$2.50. If your druggist does not keep HUDYAN, send direct to the HUDYAN REMEDY COMPANY, San Francisco, Cal. A staff of physicians and surgeons may be consulted free if you will call. You may call or write, as you desire. Consultation free. Advice is free. Address:

# RIPAN'S

A widow sixty-eight years old, living in New York City, had been dealing for nine years. She was constantly troubled with pains on her right side, which seemed to be caused by the liver. Up to last June she had been treated by a number of physicians, one of whom claimed she had catarrh of the stomach; another stated that it was ordinary dyspepsia, and still another pronounced it bilious colic, or acid stomach, for which he treated her several months without good results. At times the pains were so severe that hypodermic injections of morphia were resorted to. The patient weighed 100 pounds; was completely run down, and had very little appetite. Early in June a neighbor induced her to try Ripan's Tablets. After using these two weeks the pains and bloating of the stomach and acid and nausea entirely disappeared. The patient had practically recovered by September 15th. She had gained sixteen pounds, and could eat baked beans, among other dishes, without ill results.
