From the Times.
F. C. Starnard and family are in Albany, where Mr. Starnard has been assisting in conducting the teachers' examination.

W. C. Cooley enjoys the distinction of having brought the first deer into camp at Cascadia. By a well directed shot he killed a fine one, on the run, last Tuesday.

It is with regret our citizens will learn that Mr. Wm. Christensen has made arrangements to close out his business interests in this city, and he will depart the fore part of next week to seek a location elsewhere.

A letter received by the writer, from Mr. R. E. Michener, who is at present at Wichita, Kansas, conveys the intelligence that the weather there is very warm, business good, crops magnificent and the populists have fared with the democrats. Nice apples are selling at 20 cents per bushel.

Keen disappointment is felt by our citizens because of the fact that Friva Frank Thompson and Will Tyler were unable to accompany home the Second Oregon, they being compelled to remain in San Francisco undergoing treatment, the former for an eye lost at the battle of Malabon, and the latter for a severe case of inflammatory rheumatism.

Lebanon.

From the E. A.
Miss Joyce Brownell, of Albany, visited friends in Lebanon a few days this week.

Mrs. F. C. Aldrich is dangerously ill, with little chance of recovery. Dr. L. M. Jones is now in constant attendance at her bedside.

Miss Pauline Adams, of Cleveland, Wash., will arrive in Lebanon the latter part of next week to pay a visit to her many friends. Miss Adams will be the guest of Miss Pet Smith.

Colonel J. L. Mitchell, superintendent of the W. V. and U. M. Wagon Road company, arrived this morning from Portland and will leave tomorrow morning for a trip over the road for the purpose of inspecting the same.

Prof. H. L. Mack has been engaged as principal of the normal department of Mineral Springs college and assigned to the chair of mathematics. All friends of the college will be glad to know that he is to be retained in his old position.

J. L. Nye, who has charge of the Santiam wagon road across the mountains, has the road in first-class shape, in fact, better than ever before. He has put in a great deal of labor in building new bridges and otherwise getting the road in good condition.

A very important business consolidation occurred last week, in the partnership formed by Lawyers Yates, Yates and Gibson. W. E. and J. Fred Yates already recognized as one of the leading law firms of the state, have been strengthened by the taking in of Mr. J. H. Gibson, a promising young attorney. —Corvallis Times.

One of the finest and best conducted receptions in the valley was held at Corvallis and contained many novel features. Among other things there was an elegant arch containing places for a large number of small girls. As the soldiers passed they showered flowers upon their heads, a very pretty thing that was appreciated by the boys. There were elaborate speeches, a bicycle parade and a balloon ascension by Prof. Earleison, which was made by moon light. The arch was lighted at night by 150 incandescent lights and looked very pretty.
