Late News in Short Form.

England's Trouble.

PHOTONIA, Aug. 25.—The volcano today, by a vote of 18 to 5, adopted the report of the majority of the dynamite commission, continuing the monopoly. Commandant P. J. Joubert issued today a circular to all field cornets cautioning them against any act tending to bring on a conflict with another power. He declares that not a single stranger who does not volunteer is to be coerced into bearing arms.

A Great Reception.

SAN FRANCISCO, Aug. 25.—The California regiment landed from the transport Sherman today and marched to the Presidio. As this was San Francisco's home regiment, the demonstration today exceeded in enthusiasm the reception accorded other regiments. People came from all parts of the state to see the show and this morning there were fully 100,000 strangers in town.

The Domingo War.

CAPE HAYTIE, Aug. 25.—Severe fighting took place yesterday and Wednesday in the neighborhood of Monte Christ, Santo Domingo, between the government forces and the revolutionists. It is said the former lost heavily, while the latter, owing to the advantageous positions occupied, only suffered a slight loss. The revolt onists are reported as continually receiving reinforcements.

Race War.

ATLANTA, Ga., Aug. 25.—There is a renewal of the race trouble at Darien, Ga., and Governor Candler has again been asked to send troops there to prevent an outbreak. A few days ago Henry Dalegat was arrested at Darien on a charge of assault, and a lynching was prevented only by the action of the governor in sending 200 members of the First Regiment.

Minors Luck.

WREGLER, Alaska, Aug. 23, via Seattle, Aug. 25.—The Stikinec river steamer Strathcona has arrived here with 32 survivors of the Edmonton route. Many are suffering from scurvy and frozen limbs, several are on crutches and all are broken down physically and financially.

A Big Thing.

NEW YORK, Aug. 25.—The American Automobile Company has been organized in this city to control the manufacture and operation of all the automobiles and motors in which kerosene or gasoline is used, not only in this country, but in France, Germany and other countries in continental Europe.

From the Times.

Born—On Monday, Aug. 21, 1899, to Mr. and Mrs. Geo. H. Coslow, a girl. Cards are out announcing the wedding of two of our worthy young people—Prof. H. L. Robe and Miss Estella Kirk, this evening.

Wm. Law, the jeweler, and S. P. Barger have the gold fever, and this morning left for the blue river mines. They expect to be absent 10 or 15 days.

E. A. Hale killed a chicken the other day and in its craw found a regular Klondike nugget. It is a good sized chunk of pure gold, worth, perhaps, about 5 or 10 cents.

Mr. R. W. Newland, of the firm of Garman & Newland, left for Cottage Grove yesterday, being followed today by his family. Mr. Newland goes to make ready for their new store in that city.

Many will be surprised to learn that Miss Eva Barnett who has taught during the past three years in the North Brownsville school, has resigned, having accepted a similar position in the Port land school. At a meeting of the board on Monday Miss Lena Powell was elected to fill the vacancy.

Ja. Cal'way was anxious to learn something of the Philippine islands and induced a returned volunteer to visit him for a couple of days. Mr. Calloway says the visit cost him a 70-lb. shot, 1 d. x. and 3 chickens, 10 summer squashes, 3 bushels of rye, and other vegetables in proportion, besides all the honey secured from an excellent hive of bees. He warns friends to figure on the cost before inviting an ex-soldier to dine. The volunteer referred to, confidentially, is R. H. Chaplin.

MISFITS.

McGinty seems to be running the barometer today.

An Ohio editor who was in Albany, was evidently spending his time winking at the girls for he said this city has wide paved streets.

John C. Younger, the middle-of-the-roader, has jumped from the road in the ditch and is talking himself hoarse. When he found he couldn't run the shooting match he kicked from the traces.

Smash the barometer. If any of our citizens were to get down as low as this machine did this morning they would be kicked out of town. The attention of reformers is called to its low down conduct.

An exchange says that the farmers of the valley are only just a little blue in comparison with those of some parts of eastern Oregon if the reports of parties who have just returned from that section are true. After all there is not much consolation in comparisons.

This is a decidedly off August generally. The Lakeview Examiner says: The summit hills of Lakeview were decorated with a covering of beautiful snow during the night of the 13th. People who have never heard of snow in August might as well jet this down.

An eastern man, who had intended to come to this part of the state to locate, read one of Pague's reports and gave it up. He had year in thirty shouldn't frighten any one, where most states have about one in four. That is California style, and yet that state thrives.

A skunk story comes from Cascadia. An old man and his wife were visited one night by his skunkship, who got under the bed clothes and proceeded to nestle up near the face of the woman, in order to get warm, as the night was wet and cold. This woke her up, and the animal of course was frightened away very quickly. That tent though was not a very habitable place afterwards.

Lebanon.

From the E. A.:

C. C. Amos moved his family to Albany yesterday.

A McMinnville man is talking of opening another bank in this city.

W. H. Ross and J. G. Swan have returned from Southern Oregon, where they have been selling steno-typing views.

Mr. and Mrs. Joe. Balton, who have been living in Eastern Oregon, for a number of years, will again take up their residence here.

Mrs. Maddock, who has been living with her brother, H. M. Palmer, in this city, left last evening for Stockton, Cal., where she will visit with her son.

S. A. Nickerson, who received a second stroke of paralysis a few weeks ago, continues to grow worse. He had a severe sinking spell last Saturday.

Dr. J. F. Wallace has let the contract to Boyle & Harden, the lowest bidders, to build a new house on his farm a few miles north of Lebanon. The house, complete, will cost between \$1,000 and \$1,200.

Miss Frances Hughes, after visiting relatives and friends here for several weeks, has returned to California. Miss Pet Smith accompanied her as far as Albany.

Sheriff Munkers was in Lebanon Wednesday. He turned over to Deputy Sheriff J. C. Blyeu quite a number of tax executions for '97 taxes, and the deputy will soon begin to serve them upon the residents of this place and vicinity.
