3. That we tender to the kind people of Lebanon our sincere thanks for the cordiality of their welcome, and for their interest in our welfare.

5. That we feel better equipped for our future work after listening to the valuable suggestions to those who have so kindly labored for our benefit.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

There is a widespread impression that a man, in order to be a good physician, must be more or less heartless. People mistake heartlessness for nerve. The two terms are far from synonymous. A man may have a nerve of steel and a heart as tender as a mother's.
Of all the specialists in the world, there probably are not two that have as wide an experience in the treatment of women's diseases as Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. With the assistance of his staff of able physicians, he has prescribed, in the past thirty years, for many thousands of women. Dr. Pierce is pre-eminently a sympathetic physician. Perhaps more than any other man in the profession he realizes the hardships of woman's work, and the disadvantages under which she labors because of the weak, delicate and susceptible structure of the feminine organism. His immense force in diseases peculiar to women forced upon his recognition the fact that women would never take the proper care of their health, so long as that care required the repugnant "examinations" and "local treatments" insisted upon by nearly all physicians. After years of study he invented a remedy now known as Dr. Pierce's Favorite Prescription that is an absolute and unfailing cure for the most complicated and obstinate cases of diseases peculiar to women. This wonderful medicine cures in the privacy of the home, and does away with the necessity for obnoxious "local treatment." It imparts health, strength, vigor and elasticity to the organs distinctly feminine and fits for wifehood and motherhood.
In paper covers, 21 one-cent stamps; cloth binding, to cents extra. Dr. Pierce's Common Sense Medical Advice. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Portland paper says the following dispatch was received by the Oregonian, but its publication was suppressed:
San Francisco, July 20.—General Summers in command of the Oregon volunteers, was today asked if he had issued any orders instructing the men of his regiment to refuse to discuss the Philippine situation.
"I have," said he. "This talking among the men must be stopped.
I will be compelled to court-martial any man who makes a statement to the newspapers criticizing the Philippine campaign or the officers who are conducting it. The men are not in a position to know the circumstances or aims of the commanding general, and it is radically wrong to make any statements criticizing him. It is against military regulations, and I will not have any of my men violate this rule. The men have given altogether too many interviews to the papers already, and I do not like the tone of them. If there are any more similar statements published the men who make them will be court-martialed and punished."
