MONDAY

THE CIRCUS. - Walter L. Main's circus, popularly termed by the press everypopularly termed by the press every-where to be the "Fashion Plate Show of the World," now on its fifteenth annual tour, is said to be enlarged to twice its former size. Everything is bran new this season, and a perfect host of startling novelties will be introduced for the first time. Perhaps one of the most interest-ing of the many features will be a de-tachment of the famous Roosevelt Rough Riders, also Rough Riders from the Reg-ular U. S. Cavalry, many of whom took an retive part in the now historical battle of San Juan Hill. Will exhibit at Albany, Wednesday, Sept. 6th. Albany, Wednesday, Sept. 6th.

Considerable plowing has already been done.

Spaulding's big log drive passed Salem last Saturday.

A new enterprise in Baker City, it reported will be a \$75,000 hotel.

Pague's Crop Report

Harvesting of fall-sown grain is usually vell advanced by August 1, but this year it was generally commenced before that date; the result was about one-half the grain was in shock when the rains be-gan. Owing to the fact that usually there is no rain in August, it has not been the practice to tut a cap sheaf on shocks; the result is, the rain, thorough-ly wet the shocked grain. From the 9th to the 27th there was not sufficient dry weather to permit the shocked grain to dry out, with the result that eprosting set io. The damage done by the rains cannot be truly estimated; the greatest damage occurred in the Willamette val-tey and in northeastern Umatilla coun'y.

The damage will in no case sxceed 10 per cent, as only about one-halt the fall grain had been cut; the total loss will not exceed 5 per cent. The rains have been of benefit to spring sown grain, to hope, coin, potatoes, pasturage, clover and gardens, and it is thought that the benefit will fully offset the damage, so that the only loss is in the delayed work.

Harvesting and threshing will be re-sumed by Wedneeday. The prospects for crops in Gregon are good, better than expected, and, on the who e, nearly as good as in former years.

Working for the U. of O.

The College Y. M. C. A. of the State University, desires the publication of the following:
