R.I.P.A.N.'S

A widow sixty-eight years old, living in New York City, had been suffering for three years. She was constantly troubled with pains on her right side, which seemed to be caused by the liver. Up to last June she had been treated by a number of physicians, one of whom diagnosed she had catarrh of the stomach; another stated that it was ordinary dyspepsia, and still another pronounced it biliary calculus, or gall stones, for which he treated her several months without good results. At times the pains were so severe that hypodermic injections of morphia were resorted to. The patient weighed 150 pounds; was completely run down, and had very little appetite. Early in June a neighbor induced her to try Ripapan Tablets. After using them two weeks the pains and bloating of the stomach and colic ceased and appetite entirely disappeared. The patient had practically recovered by September 15th. She had gained eleven pounds, and could eat halibut bones, among other dishes, without ill results.

WANTED.—A case of bad health that R.I.P.A.N.'S will not benefit. Good few cents to Ripapan Chemical Co., 14 Spruce Street, New York, for 15 samples and 100 testimonials. R.I.P.A.N.'S, 15c for 5 cents, or 25 cents for 10 cents, may be had of all druggists who are willing to sell a liberal quantity of a medicine that has such a good and lasting life. Give name. Note the word R.I.P.A.N.'S on the package. Amount of medicine.
