The Mascot.

The Metropolitan Opera Co., a most excellent organization consisting of 30 artists will make their initial bow before an Albany audience Thursday night, Oct. 19th. The company come here by personal subscription of our citizens and although the Armory is not fitted up with scenery etc the singing of course will be just as good as if in a large theatre. The company carry 71 trunks, special scenery and wardrobe and our citizens can expect a treat on the appearance of this most able company. The principal members are all artists of reputation among them being Will S. Rising, tenor, Blanche Aldrich primo donna, A. Sydney Rhorer baritone, A. DeWolf, Harry Warner, Gladly Von, Jeunette and Lincoln backed by an efficient male and female chorus and composed of 20 carefully well trained voices. The company appear here on account of an open date on their way to Seattle and our amusement loving public may expect a treat in store for them. The prices are 75 cents for reserved seats and 50 cents for general admission. The sale of seats has been large. The elite of this city will comprise the audience.

Foot Ball.

The Albany college foot ball eleven are doing some hard and effective training under coach McClanahan, who is putting more snap into their play than Albany boys are used to, and they are learning to start quick and go low. Foot ball is a fast game, and the team that is not prepared to do electric work is not in it these days. The college has developed strength sufficient to have two good teams, and bring out candidates for the different positions. The line of the first team is pretty well established, with Powell, a 190 pounder, in the middle, at least Dickinson, Mouser, Belcher, Stellmacher, Hartsock and Beeson beside him. Morrison and Howard are giving splendid satisfaction at half. Smick will probably be at full. There are four candidates for quarter, Ramp, Snyder, Charles Stewart and Rupert. The DEUCRAT man saw their practice last night. The manner in which they pushed through and ran around the second team is a good indication of their strength. The game announced for next Saturday will probably not be played, and should not be at this time.

The old man named Hunter who got mad and left the poor farm a few days ago, has returned, glad to get back. It transpires that it was his own fault and not that of the superintendent as he charged. The superintendent is following orders and doing his best to run the farm in a creditable manner. The new buildings, hospital, etc., make it a neat place, and it is proposed to keep it that way.

It is reported from Woodburn that considerable excitement exists over the report of several cases of smallpox at Shaw, on the Woodburn-Natron branch of the Southern Pacific. E. L. Campbell, postal clerk, reported four cases and many exposures. Strenuous efforts are being made with postal authorities to quarantine against the mails at Shaw.

A Dallas dispatch says that Dallas now uses 12 2000-candle power street lamps until midnight, for which it pays \$7.50 per month each. A proposition for continuing the lights all night has been asked for, and, if satisfactory, the council will order the improved service.

Henry Karstens, residing six miles from here left at Orrans a squash that is a monster, being seven feet in circumference one way and seven and two inches the other, weighing 150 pounds.

That Joyful Feeling

With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the old-time medicines and the cheap substitutes sometimes offered but never accepted by the well-informed. Buy the genuine. Manufactured by the California Fig Syrup Co.

MISFITS.

There is talk of creating another office for the hungry politicians, the department of commerce.

"Being held for the grand jury," will now be a chestnut in Oregon. The grand jury is a thing of the past.

There was a rumor of 12 cent hops in Salem according to the Statesman. Considerable of a hop if true.

A big turkey appetite is being whetted for Thanksgiving by the announcement that the price of this great bird will be very high this year on account of a scarcity of him.

Governo: Geer says leave the trusts alone and they will destroy themselves, and the Independence Enterprise very pointedly asks: "Who ever heard of a big healthy calf on a thick cream diet growing weak and puny?"

In his last poem Mr. Markham makes love "High as the peaks in Heaven where Milton kneels, deep as the grave in hell where Caesar lies." By what authority has this man to consign one to heaven and the other to hell. He had better hoe in some other field.

Some watermelons are causing a great deal of trouble in the country village of Woodburn down the road. Several boys were caught stealing Mr. Miller's melons when he demanded seven dollars for dropping the matter. It was paid and they had him arrested for concealing a crime. He was acquitted. Then he began having them arrested one at a time for larceny, and the end is not in sight.

County S. S. Convention.

In the absence of the President, I feel that it devolves upon me to call the County S. S. Association together, to organize and provide for the continuance of the S. S. work in Linn county for the coming year. I accordingly suggest that the county organization merge its program with that of the state meeting, and plan to hold a business meeting sometime during the sessions of the State Association. This will take place at Albany, Oct. 26, 27 and 28th. Let all in our county who are interested in S. S. work, plan to be present.

Very respectfully,
W. H. LEE, Vice-president,
Albany, Oregon.

Grand Entertainment.

The Modern Woodmen of America will give an entertainment at the Armory on Saturday evening, 21st inst.

A fine musical program has been arranged for the occasion.

Hon. Ralph E. Johnson, of Lincoln, Nebraska, Lecturer and Hon. M. A. Miller, State Deputy Head Consul for Oregon, will be present and will explain the workings of this order. The Modern Woodmen has more members than any other beneficiary order in the United States.

Come out and enjoy yourself. Everybody welcome.

Salem offered the unusual sight of a trio of triplets and a pair of twins taking the same train today—the new Oregon express. Misses Dora and Flora Myers, of Scio, who have been the guests of Mrs. Theo. Roth, left for home today. The young ladies are twins and Col. Jeff Myers is very proud of them. On the same train traveled Mrs. John Wait, and her three children, triplets age twelve—two boys and a girl—all handsome children who left for their home near Corvallis.—Journal.

Wanted a License.

From the Corvallis Times:

It happened at the court house Saturday. They were two, but their hearts beat as one. Her age dallied uncomfortably near the 30's; his was scarcely more than 20. The marriage day was right at hand, and they had come for the license. "Where do you live?" inquired Deputy Clerk Victor Moses with his sweetest smile. She was the spokesman of the bridal party, and with a gleam in her eye she responded, "In Linn county." The official then explained that the license could only be had in Linn county, when the maiden quickly explained, "Oh—oh—no. We—we—live in Benton county." Then the deputy inquired who was to make the affidavit for them, and when both he and she confessed that they were without acquaintance in Corvallis, they were told that they could not have the license. The information fell like a thunderbolt. He was dejected, and apparently ready to back out of the match. She was furious. She thought it a pity that when two souls had but a single thought that the cruel forms of the law should keep them asunder. Finally, gathering her skirt with a jerk, she said, "Come on, honey, it's all right; I never undertook anything yet that I did not carry out." And she flounced out of the office, followed by her Jimmie.
