Ex-Councilman Billy Garret, now traveling for Washburn & Co., of Portland has been in the city. Garret is the only member of a city council of Albany who set up operators on taking his seat. He was in business in Albany several years, among other things running the Revere House a year.

Last Sunday closed the 12th year of Dr. Thompson's service as pastor of the First Presbyterian church. During the time he has been the officiating minister at 202 funerals, and has tied the hymeneal knot for 193 couples. It falls to few men to write such a record, and it is due Dr. Thompson to say that the enviable reputation he enjoys as a Christian minister, has been gained by patient and effective toil. The thousands who have met him at the altar, the open grave and under the marriage veil, remember him most kindly—Corvallis Times.

FIRE DRILL.—For several days the pupils of the public schools, under the directions of Superintendent Martineale, have been practicing fire drill much to their satisfaction and enjoyment, as well as to their great advantage. The best record was made this forenoon at the Madison street school, when the entire building of eight rooms was cleared of pupils in just one minute five seconds from the blowing of the whistle, the pupils stopping and getting their wraps on the way out.

LADIES AID SOCIETY.—The regular meeting of the Ladies Aid Society will be held at the residence of Mrs. O. W. Sears on Thursday Nov. 2, at 2:30 P. M.

An Important Difference.
To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

MISFITS.

Recent weather if made to order couldn't be any better for the farmer. Now if the politicians will only raise the price of wheat in view of the approaching presidential election they will confer a great favor on the tiller of the soil and raiser of wheat.

People who have been getting frightened at every smallpox "scare" report would have had their hair stand on end this morning had they gone around the city at an early hour. The yellow flag was omnipresent.

Mr. Hill, the janitor, had a mountain of trouble this morning cleaning up the school yard. If there were any wagons and wood and debris generally that wasn't left on the steps or somewhere on the grounds the owner will please report.

The bore of the Boers has proven a big and fast one. Fighting for their liberties and the right to run their own government the lover of freedom and the republican form of freedom will rejoice in their victory. After all the Lord seems to be somewhat on the side of the Boer. In the long run though the probability is that England will be too much for the Boer.

Liars Abroad.

It was reported at Lebanon that there were thirteen cases of small pox in Albany and that the entire city was quarantined. At Brownsville they raised the Lebanon lie and made it nearly twenty cases. The fact is this:

There is not a single case of small pox in the city.

At Matt Scott's there is a case of varioloid in a very light form, not pronounced at all. The flag is up at Moon's on account of the man who was there who died. The DEMOCRAT doesn't believe it will go any further.

Sensible and intelligent people will not believe everything they hear, and decent people won't help spread falsehoods.

Remember Miss Katharine Oliver, the great Scotch dialect elocutionist, at the U. P. church next Monday night, Nov. 6. It costs nothing to get in, but those attending will be expected to give as they can afford and as the entertainment will deserve. The church should be filled.

Hallowe'en.

The liveliest night in the year is Hallowe'en. There is nothing like it in the calendar. It began last night just as soon as the shades of night had settled upon the earth and lasted until midnight. The city was filled with running squads of boys and young men, men and girls, out for a frolic. The result was appreciated this morning when the business man couldn't tell where he was from his sign, the butcher looked for his wagon finally to find it on the college campus or some other place, when it was found not necessary to bother about opening the front gate, when enough small pox flags were seen scattered about to lighten even a stoic and when things generally were ascertained to be out of joint. There was enough energy and work put into the business to have moved Mt. Hood or split a thousand cords of wood for poor people. By this time though nearly everything is in place, and the boys all say they had a way up time to show for it.

At the K. of P. hall last night a fine social gathering was had by a live company of young people. Many kinds of staid games and numerous old fashioned floor games were played for several hours with rollicking fun, restraint being thrown off in honor of Hallowe'en. A delicious lunch of pop corn, bananas and peanuts was served the company in squads.

One of the pleasantest Hallowe'en affairs was the party given by the young people of the M. E. church at the parsonage. Hallowe'en games were played, and the fates of many of the young people settled. The Methodist young people know how to Hallowe'en.
