### Late News in Short Form.

#### The Boer War.

LONDON, Nov. 10.—The British war office has received from Gen. Buller the following dispatch:  
Cape Town, Thursday evening—Have received by pigeon post from General White today the following:  
The bombardment at long range by heavy guns continues daily. A few casualties are occurring but no serious harm is being done. The Boers sent in today a number of refugees from the Transvaal under a flag of truce.

#### Daring Landing.

MANILA, Nov. 10.—The landing of the American troops at San Fabian Tuesday was the most spectacular affair of its kind since General Shafter's disembarkation at Daiquiri. The co-operation of the troops and the navy was complete. The gunboats maintained a terrific bombardment for an hour while the troops rushed waist deep through the surf under a heavy but badly aimed rifle fire from the insurgent trenches and charged right and left, pouring volley after volley at the fleeing rebels. Forty Filipinos were captured and several killed.

#### No Bonds Now

WASHINGTON, Nov. 10.—The cabinet meeting today lasted almost three hours. The question of the purchase of United States bonds by the government was under discussion for nearly an hour. Secretary Gage explained the situation fully and it now appears to be settled that no purchases will be made for the present at least.

#### The Kentucky Election.

LOUISVILLE, Nov. 10.—The official count of the ballots cast Tuesday was begun today throughout the state. In this city, a large crowd gathered at the courthouse to witness the count.

The democrats assert that Goebel will have a plurality of 5000, while the nominees himself places it at 7000. The republicans claim that Taylor is elected by a plurality of 4000.

#### Another Record

CHICAGO, Nov. 10.—Major Taylor, the colored rider, broke another bicycle record today at Garfield Park, by following his motor cycle for half a mile in 41 seconds flat. The previous record was 41 4-6 seconds, held by Eddie McDuffie. A stiff breeze was blowing at the time Taylor made his trial.

## The Report.

New York, Nov. 10.—The cotton market was in a turmoil of excitement today with speculation the heaviest in years and fluctuations violent. Though entertaining vague ideas of trouble before the opening, the bull element remained faithful at the start, despite weak cables from Liverpool, predictions of increasing receipts and a report that the government crop estimate would be a big one.

## Tennessee Gatherings.

Rumors of a wedding. Ah! Geo. Davis has been ill this week. J. S. Wallace was in Albany one day this week.

W. G. Bartley continues to be very ill. Few hopes are entertained for his recovery.

C. U. McKnight and Ed. L. Umphrey are in Albany this week working in the interest of the Modern Woodmen.

Frank Simons and family have moved to Tenn and now occupy the residence on the D. Andrews farm.

Schroff is progressing smoothly under the efficient management of Annie Blacklaw, who has been teaching here for the past four years.

Mrs. Hamblene, of Pendleton, Oregon state organizer of the Royal Neighbors of America, the popular auxiliary of the Modern Woodmen, was in this vicinity for a few hours, one day this week.

The mammoth potato crop has just been harvested, which is larger by one-third of any one season's production in this neighborhood. Over 80 acres of ground which has been dug up to date has occurred the attention of 75 men for ten days or more, making the enormous yield of over 30,000 bushels, besides there remains at least 1-5 of the crop yet to be harvested. The immense yield this year is attributed principally to the rains, although in some cases the potatoes were planted on new ground, where if the facts were ascertained there is no doubt but that in some places the yield was so great as to reach the limit of 600 bushels per acre. The quality of this season's potato crop is probably the best ever exhibited in the valley for some time, with the exception of a few cases, a dry rot has been discovered, but which does not materially affect the product. Two sales have already been made at 30 cents per bushel, and should the present good prices continue favorable many a man will have been made glad; while the tempt of life would be braved with a renewed vigor and a stout heart.

## Lebanon.

From the E. A.:  
O. H. Vebus will again start up his own creamery in a week or two. He left for Portland last evening, where he goes for the purpose of purchasing an engine and separator for the creamery.

O. F. Meist and M. Meisner this week sold 500 head of sheep and four large bulls to M. H. Murphy, of Gervais. Mr. Murphy is driving the sheep to Gervais, and will ship them from there to the nation stock yards in Portland.

L. Thomas, who used to live across the river from this place, died at Salem Wednesday morning, aged 76 years, lacking two days. The remains were brought here from Salem yesterday, and will be buried at 2 o'clock this afternoon in the Providence cemetery. Deceased leaves seven children, two of whom—Wm. Thomas and Mrs. Joe Smith—reside in this community. Mr. Thomas came to Oregon from Indiana in 1852.

## Indian War Veterans Attention!

A congress is soon to assemble, and more vigorous steps need to be taken to bring before the same the claims of Indian War Veterans for pensions, therefore there will be a meeting of Camp No. 17 L. W. V. held in the G. A. R. hall in Albany, on Friday, Nov. 24, 1899, at 1:30 p. m. Let there be a running meeting. All I. W. V.'s are invited to be present. JASON WHEELER, Captain.

The deceased was a pioneer resident of Union county, the daughter of William McBride. She was first married to Mr. Yantis, by whom she had three children, now living Ralph, Miss Annie, and Mr. Nevin McCormick, and several years after the death of Mr. Yantis, about seventeen years ago to Mr. Millard, by whom she has had two children, John Jr., and Sarah. The deceased was a member of the United Presbyterian church for many years and lived a life in keeping with her professions. She was a woman esteemed and beloved by all knowing her. Mrs. Millard was also an earnest member of the W. C. T. U., taking an active part in the workings of the society.

The Statesman says there are two new cases of small-pox in that city, being the 8 year old daughter of William Bauer and one of the parties who recently came from Albany, by the way a party who contracted the disease in Marion county and was not allowed to remain here. There is one other case there, three in all. The Statesman says there are seven cases at Berry, which Detroit has quarantined against, and that the O. & E. conductors have been ordered not to receive any passengers at that place.

The following appears in the circuit court proceedings of Marion county: S. E. Young vs. John Hughes, admr., equity. Decree for plaintiff. This suit arose from the affairs of the Gold Mountain and Dry Gulch Consolidated Gold and Silver Mining company, with whose business the late Beth R. Hammer had much to do. The stockholders alleged that some \$1400 of the assets of the Hammer estate, of which John Hughes is administrator, belonged to the G. M. & D. G. O. G. & S. M. Co. and they win their suit to recover.

## SATURDAY NIGHT THOUGHTS.

At the end of last week the Boer war was the main topic, and the Boers were on top. This week ends with the English prospects in the ascendancy. The outlook from the start was that there could be only one result, victory for the English. Their liberty will be taken from the Boers and England will get what she is after, the Kimberly diamond and the rich gold mines of the region. Her greed will be satisfied. And there are Americans who will endorse her greed. The Democrat man is not one of them. He will not admit that he belongs to one of these armies of Greed, which are seeking to rule the world. Shall we let greed run the world.

There has been an election in several places in the United States during the week. This was an off year in politics, the elections as a rule being for minor officers. Yet it was of great interest on account of the coming presidential election, the lodestone that draws all things political. Regardless of all claims the result does not materially change things. Some results though are peculiar. In Ohio notwithstanding the republican victory there was a majority of at least fifty thousand against expansion, the Jones vote purely anti-expansion and that of McLean's being that much more than Nash's. In Maryland there was a sweeping change. In Kentucky it was a defeat of a party divided against itself. Just where the administration can get any crumbs of comfort out of it would take a genius to figure out.

A recent small pox scare here and elsewhere show how easily people get a panic and as well how things grow like a mushroom as they are slipped from tongue to tongue. Some of the exaggeration was right in our own city, and was not all from neighboring towns and the country. A strange woman was in the postoffice, and there were some sores on her face and neck, not a strange thing at any time. They attracted attention and the people began getting out of the way for fear of getting the small-pox. Everything was a sign of the measles disease. As a matter of fact the city has not had a pronounced case one sufficiently severe to bring the marks out on the bottoms of the feet and the palms of the hands, one case of varioloid and a peculiar case about which the doctors are known to have disagreed as to its character. Anyway it pays to keep cool and people who do are always appreciated.

The Portland small-pox pest house has now been closed for want of a patient and people from the valley towns can now go to that city without fear of this obnoxious disease!

Under our city charter the name of Albany's head police officer is chief of police. As there is only one policeman, and he is a nightwatchman under the charter, just plain marshal is certainly his title enough for the office, though chief of police sounds a little more dignified.

On their return from California, the U. of O. will play a game of football with Ashland, that is what is left of them. The Democrat though predicts that the score will be in about the reverse order of the California game in favor of Eugene.
