For the Baby

The fifty-cent size is just right for the baby. A little of it in the bottle three or four times a day will supply precisely the fat all thin babies need. If your baby does not gain in weight as fast as you would like, try

Scott's Emulsion

The result will please you. If the baby nurses, the mother should take the emulsion. It makes the baby's food richer and more abundant; only buy the dollar size—it's more economical.

Both mother and child will feel at once its strengthening, upbuilding and fat-producing properties.

Senator Platt is still boss of the Empire state. How long will this most prominent state tolerate so mercenary a political boss?

Of course Pennsylvania gave the Republican ticket a large majority. But some light is shed on methods there by the lodging in jail of several alleged repeaters.

Teddy Roosevelt's home town returned a democratic majority. Evidently Teddy' townsmen do not accept him at his own valuation.

There can be no doubt of the effect of the Maryland victory on the fo tunes of Gorman. The triumph there means his rehabilitation in politics and ultimate restoration to his former influence.

Now that the election is over, there is nothing to prevent the Civil Service Commission taking notice of the violations of law out in Ohio.

Those gentlemen who claim to have viewed the death of Arthur Pue Gorman of Maryland may now prepare themselves to witness his resurrection and his reappearance in the United States Senate.

One of the causes contributing to the result of the Democratic victory in Maryland was the persecution of Admiral Schley by the Navy department. Being Schley's native state, it was but natural that his friends should take special notice of the scandal.

The fact should not be lost sight of that the treaty with Spain was only ratified by one majority, and that this was only secured by agreement to pass the McEnery resolution as was afterwards done, declaring: "That by the ratification of the treaty with Spain it is not intended to incorporate the inhabitants of the Philippine Islands into citizenship of the United States, nor is it the intention to permanently annex said islands as an integral part of the territory of the United States."

Mr. McKinley says he has been working for the laboring men twenty years. "Who put the tariff on this?" exclaims he in a speech at Omaha, at the same time holding up a tin pan. "I did," he answers jubilantly. The American tin p'ate company also responded by shutting down one hundred and six mills out of the eighty nine plants controlled by it, throwing out of employment thousands of workmen and causing labor a loss in wages of three hundred and seventy-one thousand dollars per month.

What constitutes the bulwark of our liberty and independence? It is not our frowning battlements, our bristling seacoasts, our army and our navy. These are not our reliance against tyranny; All of these may be turned against us without making us weaker for the struggle. Our reliance is in the spirit of liberty which God has planted in us. Our defense is in the spirit which prizes liberty as the heritage of all men in all lands, everywhere. Destroy this spirit and you have planted the seeds of despotism at your own doors.—Abraham Lincoln.

A Hot Fight.

MANILA, Nov. 14, 8 P. M.—The Thirty third infantry, in one of the sharpest two hours' engagements of the war, with an equal force of insurgents, five miles from San Fabian, Saturday, lost 1 officer and five men killed, and one officer and 12 men wounded. The Americans captured 19 Filipinos and 100 rifles, and found 81 insurgent dead lying in the trenches and rice fields, Many more Filipinos doubtless, were killed or wounded.

A Complete Wreck.

MANILA, Nov. 14, 8 P. M—Further details regarding the grounding of the U. S. cruiser Charleston show that she struck an uncharted coral reef 10 miles east of Camiguin island Her stern was almost submerged, and the bow was almost out of water. A heavy sea was on, and the cruiser began rolling violently. The water-tight doors were quickly closed, but were stove in under the engine department, the largest of the ship.

One for Goebel.

LOUISVILLE, Nov. 15.—One vote is the plurality credited to Goebel in the whole state by the Courier-Journal in its table of election returns corrected up to a late hour tonight. This table includes a gain of 133 votes in Harrison county, where the county commissioners today threw out two Taylor precincts. The Commercial's figures show no change since yesterday, Taylor being given a plurality of 3134.

MISFITS.

A Salem paper objects to every little skin or filth eruption in that city being worked up into a case of small-pox.

Young ladies who saw the meteors thirty-three years ago will be careful about their remarks after the showers tonight.

A notice of a temperance meeting in a Portland paper is marked in caps PAID AD. Several whiskey ads though fail to have this mark. A suggestive fact.

The Salem Journal wants a quarantine against profanity, cigarettes, gambling and other vices by children. We have quarantines now against some of them. The trouble is that the watchman at the front gate allows them to get out at the back door and boys seem to have no trouble to get all the cigarettes they wish.

Strike Quickly.

"On the instant when a lion shows his temper" said a famous lion tamer "cut him quickly over the face. Don't wait until he springs at you." This is equally good advice for treating the lion of disease. Many an attack of dangerous illness would be headed off if at the first premonitory symptoms the victim would strike quickly.

Those severe coughs, bronchial affections and wasting diseases which merge into consumption would never get their savage teeth into the constitution if their early signs were headed off by Dr. Pierce's Golden Medical Discovery. It provides such an abundance of rich nourishing blood that tuberculosis germs have no chance to get any lodgment in the lungs. It clears the skin and purges all the impurities from every organ. It invigorates the liver to expel all bilious poisons from the circulation. It creates healthy tissue, vitalized nerve fiber and gives solid strength.

"I have thought for a long time," writes Mrs. Rose Petty, of Lockville, Chatham Co., N. C., "that I would not do you justice if I did not write and tell you how I was cured of that dreadful disease called consumption, by using Dr. Pierce's Golden Medical Discovery. I had measles and pneumonia both at the same time, and came near dying, and as soon as I was able to go out I was taken with grip, and then followed consumption. My physician did all he could for my relief but I received none. I tried everything that I could hear of that was good for a cough but grew worse, and would have died soon had I not commenced using the 'Golden Medical Discovery.' I felt improved before the first bottle was finished. I took six bottles, and after that I felt better and stronger than in ten years before. That was six years ago, and to-day do not feel any symptoms of a return of the disease. I remain cured, and I think I am the cause of a friend being cured by using the same medicine. He was afflicted as I was, and after every thing failed to cure him he took Dr. Pierce's Golden Medical Discovery and was cured."
