Strong Bones

In speaking about Scott's Emulsion for children, you should not forget that it contains *lime* and *soda*, just what the child must have to form strong bones and good teeth. It's this forming time you want to look after.

Growing bodies must have an easily digested fat. Just think how much of it there is in milk, as cream.

Scott's Emulsion

is even more easily digested than cream. It's surprising how children thrive when given it.

Don't keep the children living on the edge of sickness all the time. Make them strong and rugged, plump and hearty. Scott's Emulsion of Cod-liver Oil and the Hypophosphites of Lime and Soda will do this for them.

Prominent People.

The Coates, thread manufacturers, are devoting large sums to restoring old cathedrals for the Church of England.

Dr. Gurney Spalding, of Niagara county, N. Y., is the youngest sheriff in the country, as he is under twenty-six years of age.

Adelina Patti has taken up the zither banjo, and plays her own accompaniment frequently when singing before her intimate friends.

The king of Servia, Alexander I., is the poorest potentate in Europe. His father, Milan, inherited $4,000,000 from his grandfather, Milosch, who was a hog raiser before he became king, but Milan squandered it all

P. A. Collins, a candidate for the democratic nomination for mayor of Boston, landed in New York at the age of twelve fifty years ago, a penniless Irish orphan. He is now a well known and well-to-do Boston lawyer.

Ex-Mayor F. C. Latrobe of Baltimore served two terms thirty years ago in the house of delegates of the Maryland legislature, and he was again elected a member of that body on the 7th inst. He was speaker in the last of his former two terms.

Not long before Charles E. Moody of Bath, Me., died he asked the city council to set up a street lamp in front of his house. The request was refused, and when Mr. Moody's will was read it was found he had revoked an intended bequest of $75,000 for a new city hall for the town.

Governor Stanley of Kansas announces that he positively will not pardon house burglars and footpads, as theirs are crimes of deliberation, but a great many homicides, he insists, are committed in a moment of anger, so that he is not prepared to lay down any hard-and-fast rule in regard to the pardon of murderers.

Capt. Henry Kelley of Milan, O., is reported to be the oldest living captain of the great lakes. He began in 1881 on the steamer Superior, which was the second built on the lakes, having been set afloat in 1827. He is eighty-three years of age, and, though retired from active duty is still indirectly associated with the late service.

Charles T. Rowe, a Boston man of means, bears a striking resemblance to Admiral Dewey and just at present is not particularly grateful therefor. To make matters worse, Mrs. Rowe is not unlike the admiral's wife. The Boston couple were in New York the other day and were much embarrassed by the enthusiastic cheers which greeted them while walking on Broadway.

Emperor William's visit to England has created more comment and wilder speculation than the war in South Africa. Those who were claiming that the emperor's visit was to cement an alliance between Great Britain and Germany say this has been done to placate the Germans. The Germans, on the other hand, say it is merely a visit of filial affection, the emperor's conscience smiting him for remaining away from his grandmother for so many years. The former conjecture is more apt to be right than the latter.—Baltimore American.

The Holland torpedo boat is now pronounced a success. There was a splendid chance during the war with Spain to make a practical test of it. The Inventor wanted to take it down to Santiago and try its merit on the Spanish fleet in the habor, but through jealousy of naval officers, it is said, he was not permitted to do so. It is hoped now that our government will see the necessity of possessing this new engine of warfare, and not permit this same jealousy to give over the boat to some foreign nation.—Indianapolis News.

Napoleon, at St. Helena, said to Antonomarchi, his physician, "Believe me, we had better leave off all these remedies; life is a fortress which neither you nor I know anything about. Why throw obstacles in the way of its defence? Its own means are superior to all the apparatus of your laboratories. Medicine is a collection of uncertain prescriptions, the results of which, taken collectively, have been harmful to mankind. Water, air and cleanliness are my chief medicines."

At the time when Napoleon said this he was largely right. Physicians in those days dealt out obnoxious and drastic drugs that did violence to every fiber in the body. Since that date medical science has made wonderful strides. Dr. Pierce's Golden Medical Discovery is a medicine composed of native medicinal roots that do no violence to nature. Its action is gentle and natural. It simply promotes the natural processes of secretion and excretion. It restores the lost appetite, corrects all disorders of the digestion, makes the assimilation of the food perfect, invigorates the liver, purifies and enriches the blood, builds new and healthy flesh tissue, tones the nerves and gives sweet and refreshing sleep. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of all diseases of the air passages that lead up to consumption. It is a wonderful medicine for all diseases due to insufficient or improper nourishment of body or nerves. Do not deal with unscrupulous dealers who urge you to take worthless substitutes for the sake of a few pennies added profit.

"I have been using Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' for the past three years and they have saved my life." Thus writes Mrs. Sophia Frazer, of Oakdale, Rockbridge Co., Va. "I now keep the 'Pellets' in my house all the time and use them every time I feel the need of a laxative. I am fifty-three years old and was troubled with liver complaint until I used your medicine. Now I am well."

Every sick man or woman should send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to pay the cost of mailing only for a free copy of Dr. Pierce's great 1000-page Common Sense Medical Adviser; or 31 stamps for a heavy cloth-bound copy.
