The oil combine has advanced the price of coal oil 35 per cent, and the price of gasoline 33 1/2 per cent.

Brooms, buckets, tubs, clothes, baskets, chairs, washboards and rope, all trust products, have advanced in cost 25 per cent.

"Whoever controls the volume of money of any country is absolutely master of all industry and commerce."—Jas. A. Garfield.

The match trust has notified dealers that there will be an advance in the price of matches on the first of the year of 20 per cent.

The Colorado Democrat rises to remark that the worst enemies of the Hanna administration will not claim that it ever betrayed a trust.

Marion (Ohio) Mirror: When the process of unloading Hanna really begins his party will at the same time be unloaded. They are hitched up together with a golden link. If you down one, you down the other.

The Forest Grove Times suggests Agulnadas a suitable running mate for Bryan, to which the Hillsboro Argus, of the same county, responds: "Brother Eddy, we accept the nomination provide you will put up the Sultan of Sulu as the running mate of your illustrious man from Canton."

Omaha World-Herald. Before Rome was an empire Rome was loved, trusted and respected. As an empire Rome waxed great and mighty, rich and degenerate. As a republic Rome flourished and developed great names and civil virtues. As an empire Rome planted colonies and "asininated" many people—and they collapsed and become a memory.

Dubuque Herald: The difference between the sultan and Congressman Roberts, matrimonially, is that the sultan has four times as many wives. He receives a salary of \$12,000 a year, \$4,000 more than a cabinet officer and \$7,000 more than a member of congress. Your Uncle Sam foots the bill for the support of the harem, while Roberts foots his own.

Bowling Green (Ohio) Democrat: If you are a farmer you will find that on Oct. 13, 1898, you could buy 100 pounds of nails with two and two-thirds bushels of wheat. Today, or just one year later, it requires five and one-fourth bushels of wheat. Last year you could buy 100 pounds of wire fencing for three bushels of wheat. Today you must bring six bushels to get your wire fencing.

St. Louis Post-Dispatch: Gov. Bradley is reorganizing the militia of Kentucky in order to make it Republican. Here is a hint for the national administration. If the politics of a state's militia force must be republican, it is just as necessary that the politics of the standing army should be republican. The navy also should be overhauled and its politics provided for.

Raton (N. Y.) Gazette. In 1895 only two New York dailies supported Bryan—the Journal and the Daily News. Next year, according to the well-informed Verdier, he will be supported by the Herald, World, Evening Post, Times, Journal, News, Brooklyn Eagle and Brooklyn Citizen. The only newspapers which will be strongly against him will be the Sun, Press, Commercial-Advertiser and Mail and Express. The opposition of Whitelaw Reid's Tribune will, it is said, be lukewarm.

The Denver Post expresses the opinion of intelligent observers throughout the country when it says that, while the country is sadly in need of relief from overtaxation, those who expect relief from the congress about to meet will be sadly disappointed. There will be a tariff reform and none of the proposals which the trust superstructure rests will be knocked out. There will be no reduction in taxation, and none of the war taxes will be removed, for the expenses of the government have grown to such an extent under the policy of expansion and imperialism all the income derived from internal taxation is needed and more too. It is idle to look for relief from the party now in power, for to hope for a reduction of taxes under a system which must be necessarily absorb every dollar which can be raised.

At the meeting of the people's party central committee yesterday afternoon H. M. Palmer was elected chairman and E. C. Neal secretary.

An Astoria paper says it is not opposed to a thirty foot channel to Portland per se, and then proceeds to oppose it.

Albany pays over \$15 a day interest money on its debts. That sounds big but it sinks into smallness beside Portland's \$1,000 a day interest.

In civil service examinations the maximum rate of speed on a type writer that secures a marking of 100 is 65 words a minute. There are experts who can do over one hundred, but it takes rustling nevertheless to actually do sixty five. Try it.

It would be money in the pocket of the owners of property on First street if they would pave the street from Lyon to Washington, four blocks. A glance at the present mud is a good argument in favor of pavement.

Yesterday two Kansas politicians mistook a bottle of disinfectant for whiskey and drank it. They will die. Another warning against the drink habit.

The tumble of the English in South Africa made stocks tumble in Wall street. Wall street fluctuates with the world. Where is congress.

The Oregon delegation will be asked to secure a big appropriation to enlarge the Portland post office and will probably secure it. And yet they couldn't secure an appropriation for Yaquina that would benefit the entire northwest.

The new city council will have an additional \$5,000 to face in the intricate problem of getting the city out of debt. Nowadays though it is very fashionable for cities to be in debt over their heads. It also suits the big money lenders to see the bonds piling up. But it makes the dear people squirm.

There is a current report of an Albany man having been dropped from his church's roll, by order of the session, on account of immoral conduct. By all means keep the record clean.

The other day Judge Boise was complimented by being told that he had as much sense on the bench as off the bench, supposed to be a rare thing in judges, who frequently act as if they thought they were the whole shooting match just as soon as they get hold of the judicial gavel.

At noon Saturday the steamer Eugene entered the mouth of the Long Tom and started to Monroe. A delegation of Monroe citizens had met her. Half a mile up the boat, after encountering drifts and other obstructions, gave up the trip and steamed back down the river. This is the river for which an appropriation was made through the colossal efforts of our congressmen who could not secure one for the completion of the Yaquina improvement.

L. E. Brookfield, a Sterling, Ill., man who was recently in the N. W., among other things said:

"Our next stop was Salem, the capital of Oregon. We were much disappointed in the place. It is not in it with Sterling. I supposed the capital of a hustling Western state like Oregon would make a better show."

"We were soon satisfied there was nothing to amuse us there."

The Statesman very properly resents this. Really what right has one to look for much at a capital city except the state buildings and their inmates.

The question of who Anti-Pop-Democrat is, has become as humorous as the old one of who struck Billy Patterson, and is not much more important though creating considerable interest like the former editor of the DEMOCRAT in his early career and later one. It having been stated that the author was an old editor of this paper the three men in the city who had filed the position were immediately suspected. Each having denied it, and they are with Jas. O'Mera, of Santa Rosa, Calif., Judge Bellinger, of Portland, and Hon. George E. Chamberlain, whose solemn denial is now in order. As a whole the article instead of stirring up strife in anticipation of next year's election has simply been a diversion enjoyed by the public who like a little spice with the serious things of life.

## That Anti-Pop Letter.

EDITOR DEMOCRAT:  
That "Anti Pop Letter" with the charges and denials which followed, has been both amusing and instructive. Doc Hill's little joke about his having been the editor of the STATE RIGHTS DEMOCRAT brought a look of surprise to every old timer, as not one of them who read the paper regularly since the beginning of the sheet had ever heard of the Dr's having been at any time the editor. This was both amusing and instructive. But whether he was the editor or not it cuts no figure in arriving at conclusions about the matter as Doc with an air of indignation, denies having been the author of the "Anti-Pop Letter." The Herald said the article was written by a former editor of the DEMOCRAT and all the former editors having denied the charge as to each of them, the conclusion comes irresistibly that the letter was prepared in the Herald office, and that it was prepared with a deep design in view—that was the creation of antagonisms between those whom the Herald is very desirous should not be friends. The whole thing has proven to be a veritable boomerang to the Herald.

OLD TIMER.

The Ruth went down stream this morning in 21 feet of water, with a good passenger list. There was so much water the cork could not be used. The goods in the warehouse of the O. R. & N. Co. had to be moved during the night and morning to keep them from the water.

## APHIC

### In the Philippines.

MANILA, Dec. 12, 7:30 P. M.—Colonel Smith, with a detachment of the Seventeenth Infantry surrounded and captured in a village near Malasqui a party of guerrillas, who had made their headquarters there. The party included the bands which assassinated seven officials at Malasqui for fidelity to the Americans.

Information has been received at headquarters that 500 Spanish prisoners have been shipped from Vigan to Manila, and that 1300 others have been assembled in Vigan, including General Pena.

### At Washington.

WASHINGTON, Dec. 12.—Senator McBride today reintroduced his bill to appropriate \$650,000 to enlarge the Portland public building. He says it will be impracticable now to secure a change in the building material, but that another bill can be added to afford the extra money, and both senators expect to secure its passage this session.

Senator Foster introduced a bill today appropriating \$200,000 for a public building at Walla Walla.

The senate today confirmed George F. Teller, of Portland, and Curtis B. Winn, of Albany, as supervisors of the census for Oregon.

### A Bad Bill.

ALBANY, Dec. 12.—In an interview today W. J. Bryan expressed himself upon the financial bill before the house.

He said: "Following in the line of the president's message, congress is at present considering a bill that is an extremely bad measure. I refer to the financial bill now in discussion in the house. This bill is a very bad one, indeed. It is a part of the gold-standard people's plan, and I hope that it will be defeated."

### No Fairer News.

LONDON, Dec. 12, 10 A. M.—No further news has been received to remove the mystery overhanging General Gatacre's retreat from Stormberg. He has not yet forwarded the promised additional message, and the censorship has prevented the correspondents from explaining the matter.

### In the Philippines.

MANILA, Dec. 12, 9:30 A. M.—General Lawton, with the Thirty-fifth infantry and four troops of the Fourth cavalry, has occupied San Miguel without a fight. The insurgent commander, General Piedad, who has made his headquarters there, with supposedly the largest force of insurgents north of Manila, is believed to have divided his men into scattered bands. The inhabitants have petitioned for a strong garrison.

### Appeal for Sympathy.

WASHINGTON, Dec. 11.—An appeal by Masses for an expression of sympathy for the Transvaal republic in its war with Great Britain was the feature of the senate proceedings today. It was the first formal address delivered in the senate this session, and was listened to with thoughtful attention by both members and by a large gallery of auditors.

### Looks Suspicious.

NEW YORK, Dec. 11.—A special to the Herald from Washington says: "General Lawton of Cuba will be the official designation of the office to which Major-General Leonard Wood will be assigned early in the new year, as the successor to Major-General Brooke, the present military governor of the island. By omitting the word 'military' the president hopes to impress upon the Cubans that under the new regime 'civil government' as far as possible under military officers and men, will obtain."

### Federation of Labor.

DETROIT, Mich., Dec. 11.—Nearly 200 delegates, representing all branches of trades unionism, with an estimated total membership of nearly 800,000, were present at Harmonie hall today when the 10th annual conference of the American Federation of Labor was called to order.

### A Big Game.

BERKELEY, Cal., Dec. 11.—It has been decided that the football team of the university of California will play the Carlisle Indians Christmas day, in San Francisco.

### Badly Whipped.

LONDON, Dec. 11, 4:50 A. M.—It is hardly too much to regard General Gatacre's repulse, near Stormberg, as the most serious defeat British arms have yet sustained in the whole campaign. Already the official advisers show that two men were killed, nine officers and 17 men were wounded, and nine officers and 596 men are missing. But it is evident that the worst is not yet known.

The engagement began at 4:15 a. m. At 7 a. m., after a sharp artillery duel, the British retired. They are now marching toward Moteno.

### Our War.

MANILA, Dec. 10, 4:50 P. M.—An expedition headed by the battle-ship Oregon left Manila for Subig last night. It is reported that the Filipino commander, General Alejandro, and his staff has surrendered to General MacArthur.

Major Spence, with a company of the Thirty-second regiment, captured a new insurgent camp and uncompleted stronghold in Tassan district.

### From an Explosion.

CARBONADE, Wash., Dec. 10.—Stunned by the suddenness of the mine horror, the people here seem too dazed for any demonstrative expression of grief.

Thirty-two men were rescued at 6 o'clock this morning after suffering an awful night entombed in the cavernous chambers of horror.

### Highwaymen Captured.

THE DALLES, Dec. 10.—Brown and Wilson, the East Portland highwaymen, were captured on the Canyon City road this morning by Deputy Sheriff Howell, of Wasco county. Wilson has a gunshot wound in the back, which was probably Detective Curdano's work.

There were convicted two years ago of robbing an Indian camp just east of The Dalles, and have just completed a two year's sentence in the penitentiary.

### St Paul Chosen.

WASHINGTON, Dec. 12.—The executive committee of the National League of Republican Clubs met here for the purpose of deciding upon a city for holding the next convention of the league. President George Stone, of San Francisco, presided.

## Taylor Inaugurated.

FRANKFORT, Dec. 12.—William S. Taylor was inaugurated as governor today. The crowd was much smaller than in the past years, due to a December blizzard. Retiring Governor Bradley, in his speech said that he hoped that the Goebel election law, which has brought so much turmoil to the state, would be wiped from the statute books.

## Nothing in It.

ALBANY, Or., Dec. 9, 1899.

### EDITOR DEMOCRAT:

In the "Morning Herald" of Dec. 8, 1899, I find an article entitled "A Disgusted Democrat" and signed "Anti-Pop Democrat." Most of the twaddle of this infamous liar who signs himself "Anti Pop Democrat" is beneath the notice of any good citizen; but the following appears a little too personal at least to me: "A demand was made on the party to nominate some populists, and one or more of them went into the democratic primaries as candidates. As should have been done they were turned down hard." Etc., etc.

It is a fact I allowed some of my friends to use my name in the democratic primaries, but it is false when "Anti-Pop Dem" says that demands were made for the nomination of a populist. It is also false that the populists even asked for a nomination and it is a willful and malicious falsehood of "Anti-Pop Democrat" when he says that these very populists went on the streets and made a vigorous fight for the republican ticket.

Come out from your hiding place Mr. "Anti-Pop Democrat" and sign your name to your article and when you do I venture the assertion that "office seeker" and all such stuff as was used in the minds of the voters of the city look sort o' funny.

R. F. RAMP.

## Oakville.

The side walk on State street is progressing nicely. Messrs. Smith and Diley are doing the engineering. Davis and Sharp place the lumber and M. Pugh is spike driver.

England and our prairie growers can sympathize with each other. They both have to fight the Boers and for the same cause (the love of gold) however, the prairie farmer is not much of a fighter and is easily captured. We don't want to fight either.

There will be a Basket social at Hubbard school house on Saturday evening Dec. 23rd. The proceeds will be used in repairing the school house. Come and bring your cash.

Mr. Glen Junkin, of More, is visiting friends here.

We took a stroll on the campus of the academy one day last week and found the same old games being performed as was when we were young, the same kids were playing "dare base" and the older Johnnies were playing ball. As we have not visited the interior of a school room for a long time, we made some inquiry with regard to the modes of punishment and to our surprise the same old style of flogging existed. We would rather be a silent spectator at a respectable distance than to be one of the actors. "We have tried it and know."

We expect a warm time at the school meeting next Saturday as there are several candidates for director.

Judge Barton called on us last week. Mr. Wm. Morgan Jr., was visiting friends here on Thanksgiving.

LITTLE ROSE BROS.

## Farmers' Institute.

Owing to the fact that Professors from the Agricultural College will not be down from Corvallis until the noon train, the opening session of the Farmers' Institute at Grand Prairie Grange hall next Friday will be at 1:30 p. m. in place of 10 o'clock. However the hall and room below will be opened and warmed by 10 o'clock and all persons finding it more convenient to bring a lunch instead of dinner at home, will find a comfortable place and the intervening time can be spent in a regular farmers "live feast."

The Populist central committee met this afternoon at the office of A. L. McFadden for the purpose of considering different things.

Mr. Best Westbrook has resumed his old position of driver and collector for the Magoola Laundry.

## NOTICE OF FINAL SETTLEMENT

Lyons, deceased, has filed with the county clerk of Linn county, Or., his final account as such administrator in said estate and the court has fixed, Saturday, January 6, 1900, at 10 o'clock p. m. to hear objections to said account and for the settlement thereof.

THOS. LINDEN, Adm'r.

A New Year's entertainment will be given at the school house on Saturday evening Dec. 30. No "school house ball" to be raised free! All are cordially invited.

P. L. Wallace continues to be dangerously ill.

W. G. Bartley who has been sick for some time, has materially improved.

The following potato sales have been made recently: To F. E. Wall of Jefferson; James Fox, one car, J. Q. Swink, two cars, T. P. McKnight, one car, J. Q. Blackman, three cars. To H. Bryant of Albany, Geo. Davis two cars, Frank Bros. one car. To W. B. Donnan of Lebanon, J. K. Burrell one car, Taylor Evans, two cars, M. M. Oormack one car. Total, 14 cars.

The Modern Woodmen, of Lebanon, elected C. D. McKnight of this vicinity as Worthy Adviser of Santiam Camp last Friday evening at their regular annual election. The elevation to the second highest office within the gift of the local institution is a just recognition of the valuable services of Neighbor McKnight, and his colleagues from this locality, during a period of unrequited activity and advancement of the camp at Lebanon.

McK.

Mr. J. M. Ralston has rented the office in the Cusick block formerly occupied by Dr. Adams and will move into it in a few weeks.

The Supreme Court yesterday denied the motion for a rehearing in the case of W. G. Maier, convicted of murdering Raymond Sinks and sinking his body in the river opposite Salem, and he will be hanged next Thursday.

The Combination Barber Shop is the only hair shop in the state out side of Portland. Strictly first class besides the best shiner and porter that has ever been in town. Come and see. You are next.

The fifth dividend has been declared in favor of the Dalles National Bank, which suspended in 1893 at the same time of the Linn county National Bank, which paid out several years ago, 90 per cent in all has been paid the depositors of the Dalles bank.

The Willamettes and Multnomah will play football in Portland on Christmas day. As Multnomah defeated the Indians 19 to 0 and Salem 10 to 0, the capital city boys believe they have a show of doing something. Eastern games this year have proven that this kind of re-organizing is very fallacious.

Mrs. Thurman in charge of the work among the colored people for the W. C. T. U., who is on her way home after being at the national convention at Seattle, spoke last night at the M. E. church to an appreciative audience. She is an eloquent speaker and educated lady who holds the closest attention of her audience. Mrs. Thurman has been in the work for twenty-six years and has done effective service for the cause of temperance. Tonight she will speak at the U. P. church on educational work among the freedmen of the south. To which every body is invited.
