In New York state, Tom Platt is beginning to discipline his Teddy. Already there is talk of an organization nominee for governor next year, because in a presidential year any old thing for governor can be elected, so the Senator thinks. Accordingly Teddy's grin has become less pronounced and he is show ing his teeth with a vengeance.

The Civil Service reformers have igged up a fine argument in favor of the merit system in reviewing the advancement of Gen. Leonard Wood. But it must not be lost sight of that he did not reach his present position through h tabasity to answer intricate and irrelevent questions propounded by a commission.

There appears to be very clear evidence that postmastere in Utah have who been appointed by are charged with being when an effort was made in the House of Representatives for an investigation of these charges, the republicans promptly voted against it. The fact that an Assistant Secretary of the Interior, a man as close to McKinley as the Hon. Webster Davis is now on his way to the Transvaal, should not be lost sight of by the public. It is claimed he visits that country for his bealth, but it strikes the ordinary observer that South Africa is a very unhealthy place for Anglo-Saxons just at present. It is said his visit was prearranged and designed to show to Europe the compact between this country and Great Britain, for the purpose of intimidating any European power from interfering in behalf of the Boers.

Makes Home?

Home is made by the family. With-out the love which comes with children there may be a house but never a home, in the best meaning of the word. Many a house which was only four walls and a roof has been made a home by the agency of Dr. Pierce's Favorite Prescrip-tion. Nature sets her face against child-lessness and "Favorite Prescription" works with nature to remove the obstacles to maternity.

"I had been a sufferer from uterine trouble for about three years, having two miscarriages in that time and the doctors that I consulted said I would have to go through an operation before I could give birth to children," writes Mrs. Blanche B. Evans, of Parsons, Luserne Co., Pa., Blanche E. Evans, of Parsons, Luserne Co., Pa., Box 41. "When about to give up in despair, I bought a bottle of Dr. Pierce's Favorite Prescription and after taking it felt better than I had for years. Felt improved before I had taken one-half bottle. After taking four and a half bottles I gave birth to a bright haby girl who is now four months old and has not had a day of sickness. She is as bright as can be. I cannot say too much in praise of Dr. Pierce's Favorite Prescription."
