Keep Coughing

We know of nothing better to tear the lining of your throat and lungs. It is better than wet feet to cause bronchitis and pneumonia. Only keep it up long enough and you will succeed in reducing your weight, losing your appetite, bringing on a slow fever and making everything exactly right for the germs of consumption.

Ayer's Cherry Pectoral

cures coughs of every kind. An ordinary cough disappears in a single night. The racking coughs of bronchitis are soon completely mastered. And, if not too far along, the coughs of consumption are completely cured.

Ask your druggist for one of Dr. Ayer's Cherry Pectoral Plaster.

It will aid the action of the Cherry Pectoral.

If you have any complaint what ever and desire the best medical advice you can possibly obtain, write us freely. You will receive a prompt reply that may be of great value to you.

A Battle Expected.

LONDON, Feb. 3.—Heliograms flashed from London three days ago said that the Boer investment lines are thinning, and the Boers were moving in force toward the Tugela, indicating that a collision was expected there. This intelligence bears out other signs that General Buller proposes another attack. The war office continues to reveal nothing of what has happened in Natal.

A Clash Feared.

FRANKFORT, Feb. 2.—The first clash between the executive and judiciary powers of the state occurred today. A still greater clash is imminent tomorrow and beyond the possibilities of tomorrow lies a sea with skies so lowering and of so stormy aspect that no politician or either party can predict where it will carry the Kentucky ship of state. There can be no longer any concealment of the fact that affairs in this state are bordering upon conflict in arms.

Will Live.

FRANKFORT, Feb. 3.—At 12:30 o'clock this morning Governor Goebel was as comfortable as he had been at any time during the day. He was able to take a little nourishment at midnight, some ice cream being given him. The indication is for a good night. In fact, Mr. Goebel's condition is considered better than at any time since he was shot. The iron will and determination of the wounded man that he will not die by an assassin's bullet is, however, still considered the main factor in sustaining him.

A Big Report.

WASHINGTON, Feb. 2.—The president today transmitted to congress the first volume of the report of the Philippine commission. It is a volume of 204 pages including the appendix, and it is signed by Professor Schurmann, Admiral Dewey, Colonel Dwyer and Professor Worcester.

The principle subject dealt with is the plan of government proposed by the commission.

An Earthquake.

ABBOTSFORD, B. C., Feb. 2.—There was quite a severe earthquake here last night seismic disturbances being almost unprecedented in this part of the country. No serious damage was done, although dishes rattled and plastering was cracked.

An Astoria Bill.

WASHINGTON, Feb. 2.—The senate today passed Senator McBride's bill granting to the port of Astoria the privilege of immediate transportation.

Brownsville.

From the Times:

At the family home in South Brownsville, Thursday, February 1, Mr. Wesley Bennett, aged about 67 years.

W. B. Piper, son-in-law of C. V. Stewart, who went to Nebraska about two years ago, has decided to return to Oregon. He says this place is the best on earth.

Horace McKinley, the well known timber man, had the pleasure of witnessing a rare sight, while in the mountains near this place. The objects in question were two snow white deer, the first ever seen in this part of the country.

Fred Bruckman, of Plainville, was in the interest of the creamery he proposes to establish here. All he asks is a lot on which to put a first class plant, and the cows to keep it running. The people of Brownsville are only too glad to furnish the first and the second will come with the asking. Mr. Bruckman enjoys the reputation of being one of the best butter makers in the state of Oregon.

Mrs. C. Gray is in receipt of a letter from her son Wallace, now in the Philippines. His opinion is that the war is nearing an end and that he will be home by the first of June. He says the Philippines are laying down their arms by the hundreds.

We are informed that E. M. Barnes the gentleman (?) who has been defrauding so many people throughout Oregon, came very nearly doing his dirty work with Garman & Newland, of Cottage Grove, to the extent of \$1,500, but fortunately they were on the alert and succeeded in bringing him to term. He defrauded the Oregon Milling Co., of Portland, of some \$3,000 and will soon be tried in Oakland, California, for the same.

Meers, Colter and Husk two of the Albany college boys, spent Saturday and Sunday at Munkers. The former made a first class waiter at the oyster supper there Saturday evening.

J. A. Bilyeu this week handed us a letter from his son, C. C. Bilyeu, at Manila. Oris, seems to be well satisfied with his soldier life, and was anxious to take part in a battle.

Thursday last Mrs. A. G. Prill received a telegram from Dr. Prill, sent from a point in Texas, requesting her to go to New York at once, but offering no explanation. Mrs. Prill was considerably worried regarding the matter, and immediately gave up her position in the public school and arranged for her journey. She went to Portland Friday and from there proceeded to New York the same evening.

Valley exchanges generally speak of trouble with hobos. They are more troublesome than ever through the state, sneaking and saucy.

Mr. Arthur Beemis has sold 95 acres of his farm across the river to G. H. Hughes, for \$1250. Mr. Hughes will devote it to gardening among other things.

Captain L. P. Adams, who died at Salem on the 20th, had an application pending for an increase of pension from \$24 to \$72 per month. It was granted two days after his death.

The Scio News gives the following advice: "Let no man receive a vote, for a county office, who is not known to be honest, reliable and capable of filling the position to which he aspires. Above all things let him be possessed of a clean record, and vote for no one who is a professional office seeker."

The supreme court has set the hearing of the case of Jennie Smitson, respondent, vs. the Southern Pacific Company, appellant, for next Tuesday. It will be remembered that Miss Smitson, of Springfield, recovered a judgment in the Lane county circuit court some time since against the railroad company for \$10,000, the lady losing both of her legs in the train accident at Springfield.

Mrs. S. L. Moorhead had left her watch with a Knight Templar charm attached, with Mr. Crain for repair only about two hours before the robbery occurred. It was taken with the rest. Don't Use Big Words.....

In promulgating your esoteric cogitations, or articulating superficial sentimentalities and philosophical psychological observations, beware of platitudinous prolixity. Let your conversations possess a clarified conciseness, comprehensiveness, coherent consistency and a concentrated cogency.

Eschew all conglomerations of stultent garrulity, joint babblement and assinine affections. Let your extemporaneous descantings and unmediated exaltations have intelligibility and veracious vivacity, without redolence of oratorical bombast. Sedulously avoid polysyllabic prolixity, pompous prolixity, ventriloquial verbosity and vapid rapidity.
