RIPAN'S
A widow sixty-eight years old, living in New York City, had been suffering for many years
from a constantly troubled with pain on her right side, which seemed to be caused by
liver. Up to last June she had been treated by a number of physicians, one of whom advised
she had catarrh of the stomach; another stated that it was ordinary dyspepsia, and still
another pronounced it bilious colic, or gall stones, for which he treated her several
months without good results. At times the pains were so severe that hypodermic injections
of morphia were resorted to. The patient weighed 150 pounds; was completely run down,
and had very little appetite. Early in June a neighbor induced her to try Ripan's Tablets.
After using them two weeks the pains and bloating of the stomach and bowels ceased,
the appetite entirely disappeared. The patient had practically recovered by September 15th.
She had gained eleven pounds, and could eat baked beans, among other dishes, without ill results.
WARNING.—A case of bad health that RIPAN'S will not benefit. Send five complete boxes (containing
the 12 Ripan's Tablets, New York, for 12 months) to "PAPA & CO., 112 Broadway, New York, N. Y."
If you may be led by all druggists who are willing to sell a duplicate of this medicine, or if you
cannot find the name of the medicine, write to the above address for a circular and sample box.
Send no money now. The name of the medicine is on the wrapper. Accept no substitutes.
