

Sayings of Bryan.

We are not trying to array one class against another; we are trying to teach the odds in that state anyway. each class its relation to every other. The person who warms by the fire mu-t no forget the handin it brings the coal mill stone around the necks of those who rom the mine. The person who ests at passed it in congress. Even the Presiden the table must not forget the man whose toil loads the table with bounties. The parson who can clothe himself with the bast that the looms produce must not forget those whose muscle and brain create the cloths. Shall the bud, blooming year. Forty cent wheat and the spirit In beauty and shedding its fragrance upon the air, deepise the roots of the rosetact with the soil? You may pluck the bid and other bads as beautiful will grow bat destroy the roots and all the buds will die.

Men have expressed many ideas of neaven, but no one has yet pictured one Bride will vote for it from principle. It heaven for the rich and another for the poor. If the rich and poor must mingle together in the world to come. I want to get acquainted here so that they will not have to be introduced when they cross the river.

The civil'zation which does not embrace within its benefits every worthy aim raily for une. Count on member of society is a fraudu out civili- that. zation. We must have a civilization which gives hope and inspiration to those who work in the kitchen as well as to those who sit in the "parlor-a civilzation which will care for the man wh drives the carriage as well as for the man who rides within it.

Victor Hugo has described the mob as the human race is misery. Beware how you make people miserable. Withdraw every citizen leels that the world has since the beginning of his term. The some good in it for him.

Injustice practiced by government carnot but make the victims hostile , toward the beneficiaries. Class animosities will equate return.

The republican party is not what it was in the days of Lincoln. The shell is the same but the contents of the egg have radergone a change.

All Sorts.

Near Ashcroft, British Columbia several soda and borax lakes have been found. One of them contains about 20,000 tons of the powder.

More than one third of the students of study medicine.

A higher duty is being fractically demazed by the automobile manufacturers in Germany to keep out the American autos. The newspapers are sounding the alarm.

The tramways, omnibuses and noderground railways in and around London, within a radius of five miles, carry each year, it is calculated, about 453,000,900 passengera.

## The Porto Rican Bill

#### Our Washington correspondent enve Senator Jones, of Arkansas, said of the attituted of the democratic Senators toward the Porto Rico bill ; "The democrats accept the issues tendered by the republicane. Porto Rico has been an nexed to the U.S. It is an integral part of the country. The flag proclaims our sovereighty there, and the constitution follows the flag. The republican proposition that we can enact discriminating legislation against the Porto Ricans and Porto Rican products is monstrous We will fight it in the S.nate to the limit of our extent, and we will fight it before the people from now until the ballots are

Instead of avoiding the collision of imperialism and protection, as the Repub to be called on to say whether the

country shall give up the Philippines or the protective tariff. If the Supreme constitutionally speaking a parr of the U. S.the choice will have to be speedily made the floor of the Senate, that he would favor giving up the Philippines.

Senator Slewart, who has been counted as a conntenancer if not an actual supporter of imperialism, said in a speech have been doing so much talking about against the Porto Rico tarifi: "I don't is itself simply talk. Like a fools head the surrender will not discourage the burghers in the defense of their indetution doze not follow the flag. We can not discriminate against any section of our own country. Ifour principles of free government are not broad enough to coverany territory under the flag, then we would better bring back the flag."

An address of David Jordan, 1 1893, contained the following :

The essence of manhood lies in the growth of the power of choice. In the varied relations of life the power to safe chose means the duty of choosing right. To choose the right, one must have the wit to know it and thewill to demand it. In the long run, in small things as in large, wrong choice leads to death . It is not punished by death,' for na ure

ments. Death is simply its inevitable result. No republic can live, no man can live in a republic, in which wrong is the repeated choice either of the prople
