Which really causes the most suffering -war in the Philippines or peace in Porto Rico?

It is at least to Lord Salesbury's credit that he has not yet said anything about 'benevolent assimilating" the Boers.

Mow that Carnegie and Frick have made up again, armor plate contracts will once more be let at exorbitant

The great republicans of other days appealed to the consciences of the pecple; modern republicans appeal to the pocket books of the truste.

There is one point on which McKinley has never changed bis mind and that is as the the advisability of his own reelection.

"Ihe flag does not mean one thing here another in Cuba and Porto," said President McKinley in a public speech last August. But is free trade here and 15 per cent in Porto Rico the same thing?

The children of Porto Rico are crying out, reinforced by the entire press and people of the United States. But Pheroah, represented by the republicans in Congress hardens his heart. Unfortunajely for Pharaoh, the people will have a whack at him next fall and what they will do to him will be a plenty.

Attorney General Griggs has awarded the contract for building a penitentiary without permitting the public to know the amounts of the bids tendered and without permitting any firms except those with strong republican pulls to bid. Griggs can always be depended upon when there is a job to be carried

Now Senator Lodge and Representative Hill want the provision for a delegate to Congress from Hawaii stricken out of the bill for the go reroment there, Fortunately, the Porto Rican matter has put the fear of God into the hearts of the republicans and they did not dare to again yield so soon to corporate and trust influences.

It seems that Lord Salisbury denies positively that he has either apologized or investigated Mr. Macrum's charges. Really, our State Department should be more careful to reach a definite understanding as to what the British govern-The Albany Nursersies ment the will "stand for" before claiming too much. It is humiliating to be called down.

> gate the assertion in the Washington Star that it was stated by a republican member of the house that the Porto Rican bill was made up at the request of the trusts, who promised to furnish a big campaign fund for the republicans if it went through. Both Grosvenor and Hanna have denounced the writer of the article with much vituperation.

Mr. Bryan's trip through the North west has been a continual ovation. Of course the republican press endevor to make it appear that there has not been very much enthusiasm. The immense crowds that have come long miles to bear him speak for that, and his remarks have been received swith more favor if possible than on his former trip. Bryan's clean manhood and sterling worth sa a man, as well as his judgment and brilliant cratory have given him a strong place in the hearts of the people that cannot be taken away by ridicule or false statements.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitu-tional disease, requires a constitutional tional disease, requires a constitutiona reatment. Rall's (atarrh Oure is taker treatment. Hall's Catarrh Ours is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

What Makes Beauty?

Beauty is made or marred by the blood. When the blood is impure, the cheeks grow sallow, the eyes dull, the hair loses its luster. When the blood flows through the veins in a pure, rich current, the eyes sparkle, the skin is clear, the com-plexion beautiful. Women who use Dr. Pierce's Golden Medical Discovery, find that it is a genuine beautifier. By puri-fying and enriching the blood it puts a bloom on the cheek and a brightness in the eye, which tell the story of perfect

health.

"Having been left weak from fever last October, I was under the doctor's care here," writes Mrs. Alice E. Casebier, of Crawford, Dawes Co., Neb. "I took medicine, but did not seem to gain very much. I was thred all the time, had no appetite, had wandering pains all over me more or less, and was very nerous, as I had been sick all the summer. I was all run-down and didn't know what alled me. I got advice from Dr. Pierce, telling me my symptoms better than I could describe them myself, and also telling me that I would have to take care of myself, and how to take the medicines. I took four bottles of 'Golden Medical Discourcy,' and five of 'Parartic Research's remember of the street of the property of the street of vorite Prescription, and gained strength right along. I took one bottle of the Pleasant Pel-leta, also. I know that these medicines will do all that they are recommended to do." Use Dr. Pierce's Pleasant Pelleta for
