NOTICE TO STOCKHOLDERS

NOTICE IS HEREBY GIVEN THAT the annual meeting of the Albany Mining & Milling Co. will be held at the office of C. G Burkhart on April 28th, 900, at 4 o'clock p. m. of said day for the urpose of electing seven directors, to serve or one year and the transaction of such other business as may legally come before eeting. By order of the directors.

C. G BURKHART, President.

G. E. BROWNELL, Secretary.

Admiral and Mrs. Dewey is a Democrat.

Sixty million dollars in one bill for the navy makes that reported surplus in the treasury look sick.

Perhaps the Porto Ricans can't vote, but they have friends here who can—and will.

What does President McKinley really think of Dewey's statement 'that any old thing" can fill the Presidency satisfactorily?

Dear Admiral, Wouldn't you like to go abroad a year or so. Don't be be bashful in speaking up if you would. yours, McKinley.

The South African war has entered on its seventh month with the Boers holding more British soil than the British do Boer soil.

Professor Fiske says we have a wolf by the ears in the Philippines, without any means of killing it. This is a pleasant situation after a years fighting.

It the Senate shows half as much honesty in regard to Quay a Republican as it has showed in regard to Clark a Democrat it will honor itself more highly than at present seems probable.

A Chicago spinster gives nine reasons why she has never married. The ninth —because she has never been asked—would have been entirely sufficient by itself.

Wasn't Hobson nominated for the Presidency by some local convention several months ago? Seems to us we recollect something of the sort? By the way wh 's become of Hobson?

Proof of the average newspaper man's versatility is supplied by George R. Reed editor of the Prairie Depot (Ohio) Observer, who, besides running his paper, is postmaster, manages a telephone line, and is now a candidate for justice of the peace.

A woman suffragist has urged a convention to vote special thanks to Director Merriam of the Census for his recent decision in favor of women. She adds that women can get anything they want out of men if they flatter them enough. This was too sensible for the suffragists, however, and they voted it down. But it is true all the same.

Secretary Gage has, notified Congress that the war tariff should be reduced, but the chances are against any action in that line at present. The people want the stamp tax removed and the brewers have served notice that if any go the tax on beer must do so. So, in view of the impossibility of doing without both, the Republicans will probably decide to spend the money instead of repealing the law that produces it.

Of course, the gold Democrats who are opposed to Bryan are behind the Dewey movement but this fact need not disturb any one. The Democratic party is great enough to have not only two but half a dozen candidates for its nomination. The convention will decide and if, as now seems probable, it decides in favor of Bryan, the other candidates will loyally bow to its decisions. Admiral Dewey is too honest a man to attempt to secure the nomination at Kansas City unless he intends to support the nominee of the convention there. And if he should be named for the Vice Presidency, and should accept, everybody would fall in line and vote for Bryan and Dewey.

Geo. A. Macbeth, of Pittsburg, the greatest lamp chimney manufacturer in the world, is responsible for an exposure of the lead trust in which he shows that, thanks to the protective tariff, this trust get $4.70 a hundred pounds in the American market for lead which sells at the same time in London for $3.60. Here is a clearly defined tax of $1.10 for every hundred pounds of lead consumed in the United States; and the tax is for the sole benefit of the lead trust. It amounts to an average of $5,000,000 a year.

The reelection of President McKinley will give trusts a continuance of the opportunity to rob the public. The producer is being bled on every hand by tariff-trust beneficiaries.—Ex.

The following is reported as the assessment of the big trusts for the campaign fund of the republican national committee:

From Carnegie, the Federal Steel Company and the other members of the Steel and Iron trust, $1,500,000.

From the Crampe and other members of the ship-building trust, $500,000.

From the National Biscuit Company, the Cracker trust, $150,000.

From the American Wool company $150,000.

From the American Lead Company the Lead trust, $200,000.

From the Standard Oil Company and the branches of the trust, $800,000.

From the American Sugar Refining Company and other members of the Sugar trust, $600,000.

From the American Tobacco Company and other members of the Tobacco trust, $450,000.

From the International Paper Company and other members of the Paper trust, $200,000.

From half a dozen smaller trusts and highly "protected" industries, $1,750,000.

Total, $6 200,000.

The United States now has parcels post arrangements with most of the countries of the world, but the express companies have so far had sufficient influence to prevent the extension of the system to the United States. In this respect the foreign nations have greater privileges with the United States than its own citizens have within their territory. The post office department claims that it cannot compete with the express companies, except at a huge loss, unless it charges proportionate rates for different distances, but it fails to explain why it should not adopt such rates, and free the American from the burdens imposed by the express companies.

The Cripple

Who is crippled by accident or deformity hardly understands the meaning of the word "crippled" as compared with the victim of rheumatism. He is not only bent and twisted, but also racked with pain so cruel that he envies the cripple who stumps along on a wooden leg, whistling as he goes. Rheumatism is known to-day as a blood disease. It can only be cured through the blood.

That powerful blood-purifying medicine, Dr. Pierce's Golden Medical Discovery, cleanses the blood of the acid poisons which cause rheumatism. When the blood is cleansed the rheumatism is cured.

There is no alcohol in "Golden Medical Discovery" and it is absolutely free from opium, cocaine, and all other narcotics.

Mr. R. J. McKnight, of Cades, Williamsburg County, S. C., writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors, and two of them gave me up to die. None of them did me any good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of 'Golden Medical Discovery' and four vials of 'Pellets,' and to-day my health is good, after suffering twelve years with rheumatism."

The sluggish liver can be cured by the use of Dr. Pierce's Pleasant Pellets.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

To the Music Loving Public.

—o—

Those contemplating taking up the study of music will find it to their interest to investigate the advantages offered by Albany College. The following branches are taught:

VOICE, PIANO, ORGAN,
VIOLIN, GUITAR, MANDOLIN
CORNET, HARMONY,
COUNTERPOINT, COMPOSITIO and HISTORY OF MUSIC.

Mr. Wirtz, Musical Director, is a graduate of the Chicago Conservatory of Music, and has studied with such artists as Seebocck, Ziegfeldt, Koelling, Falk, Garwood, Ruff, and the late Dr. Karl Merz. These men are masters in their respective departments and musicians of world-wide fame.

Mrs. Wirtz, instructor in vocal music, is a pupil of Mr. William Nelson Burritt who is known to be one of the best voice teachers in America today. Mr. Burritt studied eight years in Italy and several years in London.

The methods used in Albany College Conservatory are the latest and most approved, being the combined result of superior instruction received, experience, and the acquaintance with the methods of our eastern conservatories.

Tuition reasonable. Pupils may enter at any time.

Fall term opens Sept. 19, 1899.
