

Western Oregon.
An Excursion.

The golden vermilion and gorgeous hues of the great dispenser of light and happiness, burst over the pine clad mountain on the east side of our beautiful valley, and marked the birth of a glorious day; bringing joy to many a young heart full of anxious and glowing anticipations. The lovely plain carpeted, and redolent with the sweet perfume of beautiful flowers, tinged with the rich crimson of the resplendent sunshine formed the contrast between the prismatic colors, rendering all nature fresh with native beauty.

Antems most glorious doom. Wrought by Phidias' master hand, Looming with majestic up, Nor compare with scenes like this.

Such might answer as a partial description of the day [Saturday, June 14th, 1873] chosen by the young people of La Grande wherein to have an excursion on the banks of Ladd Creek, a beautiful stream of liquid water, which has its water shed not far from Wolf Creek mining district. Leaving La Grande, about 9 o'clock the various conveyances were on the road making rapid progress in the direction of their proper destination, which place was arrived at in a short time. Here encamping in the foliage and shrubbery that lines either side of the crystal stream, the party made preparations for fishing. The locality is surpassingly enhancing to behold—the grand and the sublime, the romantic and the picturesque, combined with the wild and awe inspiring. To the student of nature we think nothing can surpass the diversified scenery here combined. It would seem that the Great Creator had here associated in one glow of beauty all the natural elements of contrast. The stream has its source many miles in the dark and weird recesses of the rugged mountains, passing swiftly in the solitary depth of a deep gorge. On each side of the flutture are forests of massive pine, whose huge bodies sway to and fro, as the winds whistle through the evergreens, awakening therein a thousand leafy harps, which ever and anon join in the soft melody of the babbling brook far below. Sheltered from the rays of the sun and tropical winds, might be seen spots of the beautiful snow, which greatly enhanced the enchantment of the scene. Reader, if you are a true lover of that which is grand and sublime as well as that which is romantic and magnificent, follow me in a circuitous route to the summit of that tall cliff that seems endeavoring to kiss the brow of heaven. We now stand upon a huge conic elevation of basaltic stone. Many hundred feet below is the beautiful mountain stream filled with agile trout, sporting in its crystal waters; we hear the ringing laughter of many happy voices indulging in rhapsodies of happiness; we feel the cool winds straying amid the forest isles, producing effectuous notes; and the sweet perfume of the ever fragrant evergreen and blossoming foliage raising on every breath of air. Surrounded by these everlasting mountains, and with scenes more beautiful than that of the garden of Damascus we can not help giving vent to emotipnal feeling, produced by external objects, and we fear that we have wandered wholly from our original theme and must devote a few words to the excursion.

There were but few fish caught during the day; but the party enjoyed themselves without an alloy scarcely. A few accidents of minor importance occurred. From the description of the locality it may be seen everything was calculated to contribute towards the enjoyment of the participants. The ride homeward was a pleasing feature of the excursion. It was not moonlight, but the heavens were bespangled with blazing orbs, which shone forth in glorious splendor partially illuminating the darkness.

Yours, &c.,
INCOLAS.

The Standard remedy for COUGHS, INFLUENZA, Sore Throat, Whooping Cough, Croup, Liver Complaint, Bronchitis, Bleeding of the Lungs, and every affection of the Throat, Lungs and Chest, including CONSUMPTION. Wistar's Balsam of Wild Cherry does not dry up a Cough, but loosens it, cleanses the lungs, and allays irritation, thus removing the cause of the complaint. None genuine unless signed I. BUTTS. Prepared by SETH W. FOWLE & SONS, Boston. Sold by REDINGTON, HOSSETTER & Co., San Francisco, and by dealers generally. n3n19

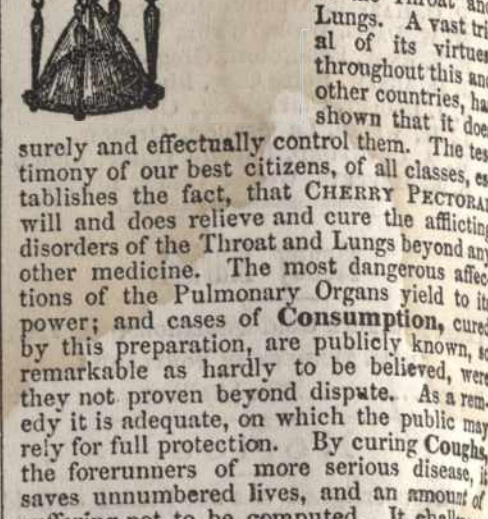

AMONG THE GREAT discoveries of modern science, few are of more low value than that of marking this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of CONSUMPTION, cured by this preparation, are publicly known, to be remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attacks of Pulmonary Affections, which are easily met at first, but which become irreparable, and too often fatal, if neglected. Tender lungs need this defence; and it is unnecessary to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will smile at troublesome Influenza and painful Bronchitis, when they know how easily they can be cured. Originally the product of long, laborious, and successful chemical investigation, none or too is spared in making every bottle its utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected. PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass. Practical and Analytical Chemists. SOLD BY ALL DRUGGISTS EVERYWHERE.

TO THE UNFORTUNATE! NEW REMEDIES! NEW REMEDIES! DR. GIBBON'S DISPENSARY. 623, Kearney St., Corner Commercial Street, San Francisco. Established in 1854, for the treatment of sexual and seminal diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, seminal weakness, impotency, etc. Skin diseases, of years standing, and ulcerated legs successfully treated. DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals in Europe, and has resumed practice at the Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him. The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering. HORRIBLE DISEASES! How many thousands of persons, both male and female, are there who are suffering under a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, and friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, and imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans. SEMINAL WEAKNESS. Seminal emission—the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pains in the head, ringing in the ears, noise like rustling of leaves or rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, hurried thoughts, fetid breath, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure. CURED AT HOME. Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. Persons writing to the Doctor will please state the name of the paper they see this advertisement in. By inclosing Ten Dollars coin, in registered letter through the Postoffice, or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union. All communications strictly confidential. Address DR. J. F. GIBBON, 623 Kearney street, San Francisco, Postoffice Box 1-957. n11y7

Ayer's Hair Vigor. For restoring to Gray Hair its natural Vitality and Color. A dressing which is once agreed, healthy and effective for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. An occasional use will present the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Practical and Analytical Chemists. SOLD BY ALL DRUGGISTS EVERYWHERE.
