FOURTH OF JULY.

affair of the kind that it has ever been our good fortune to attend. The grounds at Fisher's Grove, about one is thought or talked of but the supquarter of a mile from our city, was well prepared with seats, a commodious stand and two tables. There were seats enough to accommodate at least one thousand people, and the stand was occupied by the President of the Day, Judge L. O. Sterns; the Chaplin Rev. Dr. Nevieus; the Reader of the Declaration of Independence, Mr. John I. Sturgill; the Orator Mr. T. C. Hyde, Esq., and the little girls-the Representatives of the States and Territories-with several other little Misses, and the Brass Bands, in all at least one hundred persons, with ample room for their accommodation. The grove was thoroughly cleaned of all underbrush. The grounds presented a nice, neat and clean appearance and reflected great credit upon the efforts of Dr. Snow and those who assissted him in their preperation. The Dr. deserves great credit for the good taste and judgment displayed in the arrangement of the ground. The President, Chaplain, Reader and Orator of the day deserve the thanks of the assembled multitude for the able manner in which they each performed their respective duties: The tables were each some seventy-five or or eighty yards long-yet it was impossible to place upon them all the been used with great success in private pracedibles prepared and brought to the grounds upon the occasion. The committee of ladies who had charge of the tables made a beautiful spread of the good things prepared by the farmers of Baker county, as well as by the citizens of Baker City .-The best judges in such matters say there were at least fifteen hundred people present, still after they had all been fed with the very best of everything there were large quantities of all kinds of provisions left,-sufficient to satisfy the appetites of as many more as had just completed a bountiful repast. The Marshall of the day, Mr. Kellogg, and his assistant, Mr. Cardwell, deserve great praise for the able manner in which their duties were performed. The car containing the little Misses representing the different States and Territories, prepared by Messrs. Mc-Cord and Kellogg was with its precious freight the main feature of the procession-it was a beautiful sight

was drawn by six beautiful and spirited horses and were driven by Mr. Stubbs who managed them as though the whole six had been but one.

The La Grunde Brass Band discoursed fine music on the occasion and our citizens generally express the wish that they may often visit not turn out as a seperate company, but joined in with the La Grande places to him at Portland, Oregon. n8tf

This celebration was the most orderly and well conducted affair we ever witnessed. There was not a drunken man upon the grounds or upon the streets of our city that day that we have heard of.

The people of Baker county as well as those of Baker City are proud of the manner of which the proceedings of of the day passed off.

The Ball at the Court house in the evening was a very pleasant affairin fact we have yet to hear of the first person who was not fully satisfied with the complete programme of the day and evening. The whole thing reflects great credit upon the committees and others who had charge and mangement of this celebration.

THE Fourth of July and moving is what is the matter this week. The residence of the Editor of the DEMO-CRAT can now be found at the dwelling house formerly occupied by Judge L. O. Sterns.

Persons having bills for services rendered in aid of the 4th of July Celebration, on last Friday, at Baker City, can have them adjusted by calling upon R. H. Cardwell, at Wells, Fargo & Co.'s Express office. OUR "Devil," Master Harry Shep-

The Oregonian says: A letter from Ochoco dated June 8th, speaks of the great excitement in relation to the recent discovery of gold diggings -The writer says the prospects obtained varied in quantity or value from three to five cents to the pan of dirt washed as a general thing, but The celebration of the 4th of July, as high as six bits and one dollar had at Baker City, was the most pleasant been obtained in several of the favorite claims. The whole of Ochoco and the surrounding country was in a fever of excitement, and nothing posed "big thing" the lucky ones had struck.

The Career of Great Remedy. Twenty summers have elapsed since it was briefly announced that a new vegeteble tonic and alterative, bearing the name of Hostetter's Stomach Bitters, had been added to the list of preventive and restorative medicines. The modest advertisement which invited attention to the preparation stated that it had tice as a cure for dyspepsia, bilious complaints constipation and intermittent fever. It was soon discovered that the article possessed extraordinary properties. The people, of every class, tested its merits as a tonic, stimulant, corrective and restorative, and found that its effects more than fulfilled their hopes and expectations. From that time to the present its course has been upward and onward, and it stands to-day at the head of all medicines of its class, American or imported, in the magnitude of its sales and its reputation as a safe, agreeable and potent invigorant and re-storative. For languor and debility, lack of appetite and gastric disturbances so common ring the summer months it is absolutely infallible. Indigestion, bilious disorders, constipation, nervousness, periodical fevers, and all the ordinary complaints generated by a vitiated and humid atmosphere, vanish under its renovating and regulating influence. This is its record, vouched by volumes of intelligent testimony, extending over a period of a fifth of a century, and comprehending the names of thousands of well known citizens belonging to every class and calling. In Europe it is thought a great thing to obtain the patronage of royalty for a "patent medicine," but Hostetter's Bitters has been spontaneously approved by millions of independent sove-reigns, and its patent consists in their en-
