There are women, too, set down in the calender of the world as patterns of amiability, whose home temper is a sad commentary upon the wisdom of the world's judgment!— There are soft modulated and ladylike voices, the charm of the social circle, which in the privacy of their houses break out in irritating taunts and angry retorts. There are "very nice women" who destroy all the sweetness and blessedness of their household by loud and continual scolding, frettings, and fault-findings. There are brothers who are chivalrous and devoted to other people's sisters, but who at home tease and trouble their own. There are charming young ladies, fancied by some infatuated young men to be angels who are stubborn, self-willed and indolent at home, where they should be most agreeable. The true meaning of home is not a place to go only when you feel hungry and

cross; where you can wear your worst coat and your worst temper. The home is undervalued, and its sweetness and sancity highly desecrated; it should correspond with the beautiful ideal one which we all venerate, where all of the baser passions are subdued and controlled by sweet affection, tenderness and patience, It is where the wife prefers to stay above all other places; a ways bright, and the rooms tidy and cheerful, and where the wife spends her "afternoons," and the husband his "evenings." These are the shrines to which the absent and weary will turn with longing for rest and peace. - Exchange.

How to Walk Well.

It seems an easy enough matter to walk, and very few ever learn how to do it properly. One can reckon among his acquaintances very many fine looking men and women, but, perhaps, not one of the entire number is a good walker. The ancient poet tells how the goddess was known by her walk, but that distinguished mark of exalted birth seems to have passed away with the old mythological days. We talk of lord-ly port and queenly bearing, but such scions of royalty as have visited our shores seem to have very little that is regal in their personal carriage We are not without fine specimens of male and female beauty, but we are too often disenchanted when we see these Venuses and Adonises moving about. There is no real reason for this unseemliness of motion. Men and Women are particular enough in dress, but they shamble, trot, or waddle along with. out much apparent regard for the

appearance they make. One of the secrets of good walking as to be able to balance the body easily first on one foot, and then on the other. When the soldies, has learned to sand steadily on one foot, he then can walk without swaying, and preserve that steadiness in marching which is always a mark of well-drilled troops. So if civilians wish to learn to walk as well as soldiers, they must like them first learn something of the mysteries of balancing. But it is not an easy thing to stand steady on a narrow sole with a small heel, and this is just the difficulty with the walking of fashionable people.— The sandalled feet of those ancient beauties, whose forms have come down to us preserved in marble, are beautiful in their understanding naturalness, and are verey unlike those of moderen bells, or beaux either, for the matter of that. With low heels and broad soles, it is not difficult to balance the body, while by drawing in the chin the shoulders are naturally thrown back, the lungs given full opportunity to expand, and the head carried erect. Fashionable boots and high heels must be discarded, or it is useless to make the experiment of learning to walk well.—Hearth and Home.

NEW REMEDIES! NEW REMEDIES!

Established in 1854, for the treatment of sexual and seminal diseases, such as Gonorrhea, Gleet, Stricture, Syphilisin allits forms, seminal weakness, impotency, etc. Skin diseases, of years standing, and ulcerated legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals in Europe, and has resumed practice at the Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services

may find him.
The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering. HORRIBLE DISEASES!

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disquali-fying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladiessee that they are cared for and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or those interested in the welfare of their friends, to be careful of the many pretended dootors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

SEMINAL WEAKNESS. Seminal emission—the consequence of self abuse. This solitary vice, or depraved sexual indulgence, is praticed by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pains in the head, ringing in the ears, noise like rustling of leaves or rattling of chariots, uneasiness about the loins, weak-ness of the limbs, confused vision, blunted intellect, loss of confidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furred tongue, fœtid breath, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure. CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in. By inclosing Ten Dollars coin, in regis-

tered letter through the Postoffice, or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of All communications strictly confidential.

which is at once agreeable, healthy, and effectual for preserving the hair. It soon re stores faded or gray hair

to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, will keep it clean and vigorous. Its occasional use will present the hair from turning gray or falling of, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
