Notice to the Public.

On and after May 20th, 1872, the Post Office hours will be from 9 a. m. to 7 p. m.—Sundays excepted. Open on Sundays from 9 to 10 a. m. and 5 to 6 p. m.

Meteorological Table.

Table with columns for time (7 A.M., 12 M., 10 P.M.) and days (Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday). Includes average for the week 65.9 degrees above zero.

I. C. R. C.—The Grand Encampment of the Champions of the Red Cross met in this city last Wednesday, and continued in session the balance of the week.

WILMINGTON, August 7.—Elections on Constitutional amendments and for township officers took place throughout the State to day. It is generally thought the amendments are all adopted.

NASHVILLE, August 7.—The cholera reappeared in Chattanooga to day. There are 8 cases, 2 of which were fatal. So far it is confined to colored people, and is caused by eating unripe fruit and melons.

A SUICIDAL CONCESSION.—Among the deacy resolutions passed by the Iowa Republican State Convention was the following: "We declare it the duty of every Republican to oppose the election of a bad man and incompetent candidate, whether he be a candidate upon our own or any other ticket."

PARKER GUNS.—J. B. Gardner and the Editor of the DEMOCRAT each received a double barreled breech loading Parker shot gun last week, direct from the manufactory.

FIRE.—On last Friday night there was a fire in Walla Walla, the particulars of which have not reached us yet. The fire was seen some three miles in the country, and the party writing did not know the extent of the fire or the damage done.

THANKS.—We return our thanks to Messrs. P. I. Hunstock and F. A. Bowen for a choice piece of antelope—the boys were out hunting some three or four days—they had a fine time, killed plenty of small game—and, as we can testify, brought in with them some antelope meat.

FESTIVAL.—The Festival given by the lady members of the I. C. of the R. C. at the Court House, in our city on last Thursday evening, was one of the most pleasant parties that has ever transpired in our city.

Senator Cameron of Pennsylvania, has declared himself, in a conversation with a leading politician of that State, in favor of Gen. Grant for a third term. Cameron's great anxiety seems to be to defeat Speaker Blaine for the Presidency.

Perhaps the most significant proof of the real strength of the "Farmers' Movement in the West is afforded by the fact that the Catholic farmers of that section, being, by their faith, debarred from joining any secret society, are organizing granges of their own to co operate actively with the original organizations. This, more than any thing else, decides the universality of the movement among the agricultural classes of the West.

A Washington dispatch of the 2nd inst. says that since the abolition of the franking privilege, but few members of Congress use the mails in transmitting public documents, as they find it cheaper to have them sent by express. The Superintendent of the folding room at the Capitol has received many letters from members of Congress lately, and nearly all of them express the belief that the franking privilege will be re enacted when Congress meets in December, at least to such an extent as to permit all public documents and Department letters to pass thro' the mails free.

A Tribune's Washington special says it is manifest that the officially published denials regarding the health of Vice President Wilson, are of a diplomatic character. There is the best authority for the statement that his physicians contemplate the application of a seton on the base of the brain, as the only possible cure for his disorder; and it is also certain that his most intimate friends have the gravest fears for the result.

LOUISVILLE, August 7.—A special from Orensboro, Ky., says three men unknown entered the house of Robert Allen last night for the purpose of robbery. They were discovered and then commenced shooting, wounding Robert and killing John Allen, who was visiting his uncle.—No clue to the murderers.

NASHVILLE, August 7.—The cholera reappeared in Chattanooga to day. There are 8 cases, 2 of which were fatal. So far it is confined to colored people, and is caused by eating unripe fruit and melons. The Mayor has issued a proclamation forbidding the sale of fruits and vegetables except potatoes and tomatoes.

A SUICIDAL CONCESSION.—Among the deacy resolutions passed by the Iowa Republican State Convention was the following: "We declare it the duty of every Republican to oppose the election of a bad man and incompetent candidate, whether he be a candidate upon our own or any other ticket."

PARTY DISCIPLINE would not be abandoned in this fashion if the managers were not in despair about success in the October election.—Heretofore the admonition has been, "Close up the ranks, and stick to the ticket." If the Republican voters of Iowa take their leaders at their word, there is going to be a heavy falling off of the Republican vote. The ticket is a bad one particularly in the name that leads it.—Liberty to exercise individual judgment insures scratching, and that means that the whole ticket will be seriously scratched.

The majority report of the "Apportionment and the Representation Committee of the Ohio Constitutional Convention provides that the number of representatives shall be determined every ten years by dividing the whole population of the State by one hundred and five, and that there shall be ten senatorial districts, each entitled to three senators.

The Constitutional Conventions, both of Ohio and Pennsylvania, have voted to change the time for holding the State election from October to November. If the people adopt the change, we shall learn its precise value in those States in the Presidential year.

There is a dispute as to who received the Republican nomination for Governor of Minnesota. The Convention thought they nominated Davis, but it is now vigorously contended that in fact they nominated Washburn.

The Democratic (San Francisco) County Committee have adopted strong resolutions against the policy of granting subsidies to railroad companies, and also against Chinese immigration.

A manufacturer of San Francisco offers to erect a woolen mill in Nevada, capable of manufacturing about 7,600 pairs of blankets, and about 36,000 yards of cassimere, flannels, plaids, etc., per annum—using nearly 200,000 pounds of wool, worth in the aggregate, manufactured, not far from \$90,000—if Virginia City, Nevada, will subscribe \$5,000 toward a capital stock of \$75,000.

Let any manufacturer make such a proposition to our citizens of this kind we can assure him or them that the stock will be taken inside of one week, even to double the amount. We want manufactories established in our midst to help develop our resources. In almost all raw materials there is a large surplus in this section of the State, and if there was any demand for such articles the supply would be made to come up to the demand. We have good water power and plenty of it that is available the year round.

The Federal office holders appear to have suffered a severe defeat at the recent Minnesota Republican Convention. Mr. W. D. Washburn was set up by all of the office holders' organs, but was defeated by three votes.

All the year round, Sheridan's Cavalry Condition Powders should be given to horses that are "kept up." To horses and cattle that graze in summer they should only be given in winter and spring.

Officers and soldiers who served in the army, physicians, surgeons, and eminent men and women every where, join in recommending Johnson's Anodyne Liniment to be the best internal and external family medicine ever invented. That's our experience.

As the result of an inactive state of liver and stomach, producing headache, obtuse intellect, dullness, despondency, dementia, and finally insanity, is no uncommon occurrence. All these disagreeable symptoms and bad feelings are most certainly dispelled by the use of Dr. Pierce's Golden Medical Discovery. It revitalizes and builds up the whole system. A little book on Chronic Diseases sent free. Address R. V. Pierce, M. D., Buffalo, N. Y. Golden Medical Discovery sold by all druggists.

All who suffer from coughs, colds, irritation of the bronchial tubes or tendency to consumption, will find in Dr. Wistar's Balsam of Wild Cherry a remedy as agreeable to the palate as effectual in removing disease. The Balsam is a pleasant remedy; it is a safe remedy; it is a powerful remedy; it is a safe remedy; it is a remedy that cures.

The Wear and Tear of Life. The cares, anxieties and misfortunes of life have as much to do with shortening it as disease. They are in fact the source of many ailments and physical disabilities. Nervous weakness, dyspepsia, affections of the liver, disturbances of the bowels, headache, hypochondria and monomania are among these distressing fruits. It is, therefore, of great importance that persons whose minds are oppressed with heavy business responsibilities, or harassed by family troubles, or excited by speculation, or perplexed by a multiplicity of enterprises, or in any way overtaxed or overworked, should keep up their stamina by the daily use of a wholesome tonic. Thousands of persons thus circumstanced are enabled to bear up against the difficulties in which they are involved, and to retain their strength, health and mental clearness, by the regular use of Hostetter's Stomach Bitters. Diseases which are prone to attack the body when debilitated and broken down by over-much brain work or exhausting physical labor, are kept at bay by the resistant power with which this incomparable tonic endows the nervous system and the vital organs. At this season, when the heat is evaporating the elements of strength from every pore, and invigorant is absolutely essential to the safety and comfort of the public, and is required even by the most robust if they desire to keep their athletic capabilities in status quo. Hence a course of Hostetter's Bitters is particularly useful at this period of the year as a defence against the invisible disease agent in a sultry atmosphere. It is the most potent of all preventative medicines, and for all complaints which effect the stomach, the liver and the bowels, and interfere with the perfect digestion and assimilation of food, it is a standard remedy.
