REV. A. C. McDougall, Supreme Counselor Independent Champions of the Red Cross, will Lecture on Temperance, at the following places, in August:

Eldorado, August 22nd, Mormon Basin, Aug. 231 to 25th, La Grande, August 27th, Summerville, Aug. 28th to 30th.

The Dalles Mountaineer of Aug. | was burning in several places. 16th, says: "From Baker City, we learn that on the 26th ult., a terrible affray occurred at Gem City, which resulted in the killing of Humboldt Packwood and badly wounding E. C. Armstrong. The letter says that the difficulty grew out of the jumping of some mining ground by Armstrong which was claimed by l'ackwood. Packwood ordered Armstrong off, and Armstrong refused to go, asserting that the ground belonged to him. Packwood told him he lied, whereupon both parties drew their pistols and commenced shooting. They fired four shots, when Packwood was killed, leaving Armstrong badly wounded. Mr. Packwood is said to be acquainted at this place, and his people live on the Sound. Our correspondent gives him a good character. We know nothing of Armstrong."

We have seen the above in different papers under one form or another, but this from the Mountaineer is the most definite, so we will answer it by saying that nothing of the kind has ever occurred either at Baker City or Gem City where Mr. Packwood lives, and the correspondent who wrote the letter is guilty of wilfully and maliciously telling a false-

The Packwood brothers are all peaceable and law abiding gentlemen, and are among our best citizens, and none of them had any diffi culty of any nature in this portion of Oregon. A man who would write such a communication as the above, should be known by his true name.

SQUASH. - Mr. Bunnell left our office a fine squash, which was grown on their ranch, two and a half miles from Baker City. This ranch is sitnated away up on the foothills, and from the result of this years experiments, is proving the fact that the footbills are valuable as agricultural lands, and may ultimately prove to be the best land we have for agricultural purposes. We have no doubt but what fruit of all kinds will do well there also.
