POETRY. For the BEDROCK DEMOCRAT. THE SALARY GRAB.

Bully for Grant, He says he shan't, Beturn his extra salary to the treasury; For he is no fool, for political tool, And that money will spend at his pleasure. He signed this bill, With a determined will, And will take nothing back but back pay; For he is firm. And on his last term, And this grab may be his last play, The salary ring, Played a clever thing, By letting Congress in the secret of this plot. For the majority did play, In the game of back pay, And come out with a glorious double pot. The little minority, Fought the majority. And most honorably done their duty; But am sorry to say, Ere they went away, They all made a grab for their booty. Butler the beast, Was not the least,

In the playing of this great salary affair; But led the ring. That run the thing, And would go through the treasury if he dare.

Congress can financier, For themselves without fear, For their delegated power has no limit;

And Grant you know, He need not veto, But can indorse if there is money in it;

Our country is blessed, With a Congress so honest,

Though a little hankering for Uncle Sams But true to their constituents,

Whom they should represent,

This game of back pay,

Was rather a small play,

Only Sixteen Hundred thousand in gold; But the next game they make, Will make the Government Quake,

And shake Uncle Sam clear out in the cold. *** WRITTEN FOR THE BEDROCK DEMOCRAT.

PICTURES OF THE PAST. N. M. W.

I've been overlooking mother, some pictures of the past.

I'll tell you what I saw, in colors bright and fast; I saw a little cabin mother, in country al-

most wild, Where with sisters and brothers, I played a

little child. Then a long long journey, and one most

fearful day, This pieture haunts me mother, "t'will never

fade away;' Of the day that father died, I see it just as plain

As I saw it then dear mother, and all our grief and pain.

At leaving him alone in the trackless desert wild; There's another picture with the dead and

dying filed, In rude confusion mother, on the river

grassy brink; Tho' twenty years have passed it chills my

blood to think,

The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor; and will create a new growth, except in extreme old age. WON'T ENDORSE .- A majority of the Republicans of Eastern Oregon do not endorse the whitewashing of Senator Hipple-Mitchell. They will not vote for Hi Smith because he is a tool of Holliday, and sustains the resolution endorsing the Senator. They are good, moral men and are not willing to give their endorsement to such acts as Hipple-Mitch. ell has been guilty of. They are right, and show their nobleness of purpose by repudiating the action of the Convention, that tried to bind them to the endorsement of Polygamy and Bigamy.

Let the people of Eastern Oregon gust, 1873. remember that Col. J. W. TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of Diseases of the Langs, Liver, Kidneys, Diges-tive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness and all the horrid consequences of self-abuse, gonorrhea, gleet, strictures, nocturnal and diurnal emissions, sexual debility, diseases of the back and loins, inflammation of the bladder and kidneys, etc.; and he hopes that his long experience and successful practice, will continue to insure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He cures no mercury, charges moderate, treats his patients in a correct and honorable way and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him, by letter or otherwise, will receive the best and gentlest treatment and implict secrecy.

To Females.

When a female is in trouble, or afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females. she should go or write at once to the celebrated female doctor, W. K. DOHERTY, at his medical Institute, and consult him about her troubles and disease. The Doctor is effecting more cures than any other physician in the state of California. Let no faise delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All married ladies, whose delicate health or other circumstances prevent an increase in their families, should write or call at Dr. W.K. DOHERTY's Medical Institute, and they will receive every posible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

If the case be fully and candidly described, person-al communication will be unnecessary, as instructions for diet, regimen and the general treatment of the case itself (including the remedies) will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted.

Spermatorrhea.

Dr. DOHERTY has just published an important phamplet, embodying his own views and experiences in relation to impotence or Virility; being a Short Treatise on Spermaorrhæa or Seminal Weakness, Nervous and Physical Debility, consequent on this affection, and other diseases of the sexual organs. This little work contains information of the utmost value to all, whether married or single, and will be sent FREE, by mail, on receipt of six cents in postage stamps for re-

legs successfully treated. DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals in Europe, and has resumed practice at the Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

HORRIBLE DISEASES!

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effeets of secret indulgence, or from virus ab-sorbed into the system. Look at their pal-lid, emaciated and disagured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladiessee that they are cared for and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or those interested in the welfare of their friends, to be careful of the many pretended doptors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make

This solitary vice, or depraved sexual indulgence, is praticed by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pains in the head, ringing in the ears, noise like rustling of leaves or rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furred tongue, foetid breath, night sweats, monomania and frequently insanity. If relief be not obtained. should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure.
