HAIR

HALL'S HAIR TREATIST

RENEWER. Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it

the BEST PREPARATION for its intended purposes." Sold by all Druggists and Dealers in Medicines.

FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation, which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL & CO., NASHUA, N.H.

DOHERTY'S

MEDICAL

No. 519, Sacramento Street,

JUNUTUAL

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of Diseases of the Lungs, Liver, Kidneys, Diges-tive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness and all the horrid consequences of self-abuse, gonorrhea, gleet, strictures, nocturnal and diurnal emissions, sexual debility, diseases of the back and loins, inflammation of the bladder and kidneys, etc.; and he hopes that his long experience and successful practice, will continue to insure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He cures no mercury, charges moderate treats his patients in a correct and honorable way and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him, by letter or otherwise, will receive the best and gentlest treatment and implict secrecy.

To Females.

When a female is in trouble, or afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females. she should go or write at once to the celebrated female doctor, W. K. DOHERTY, at his medical Institute, and consult him about her troubles and disease. The Doctor is effecting more cures than any other physician in the state of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All married ladies, whose delicate health or other circumstances prevent an increase in their families, should write or call at Dr. W. K. DOHERTY's Medical Institute, and they will receive every pos-ible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the state, however distant, who may desire the opinion and advice of Dr. Doherty in their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respect-fully assured that their communications will be held most sacred and confidential. If the case be fully and candidly described, personal communication will be unnecessary, as in-structions for diet, regimen and the general treatment of the case itself (including the remedies) will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted

Consultation-By letter or otherwise FREE. Permanent cure guaranteed or no pay.

Spermatorrhea.

Dr. DOHERTY has just published an imortant phamplet, embodying his own views and experiences in relation to impotence or Virility; being a Short Treatise on Sperma-torrhæa or Seminal Weakness, Nervous and Physical Debility, consequent on this affec-

sexual and seminal diseases, such as Gonor-rhea, Gleet, Stricture, Syphilis in all its forms, seminal weakness, impotency, etc. Skin diseases, of years standing, and ulcerated legs successfully treated.

DR. GIBBON has the pleasure of announ-cing that he has returned from visiting the principal Hospitals in Europe, and has resumed practice at the Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

HORRIBLE DISEASES!

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus ab-sorbed into the system. Look at their pal-lid, emaciated and disigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladiessee that they are cared for and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or those interested in the welfare of their friends, to be careful of the many pretended dootors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands

of those charlatans. SEMINAL WEAKNESS.

Seminal emission—the consequence of self abuse. This solitary vice, or depraved sexual indulgence, is praticed by the youth of both of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pains in the head, ringing in the ears, noise like rustling of leaves or rattling of chariots, uneasiness about the loins, weak ness of the limbs, confused vision, blunted intellect, loss of confidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furred tongue, foetid breath, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure

CURED AT HOME. Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with

full and plain directions for use. Persons writing to the Doctor will please state the name of the paper they see this ad-

Among the great discoveries of modern science, few are of more real value to mankind than this effectual rem-edy for all diseases the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, es-

tablishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any disorders of the Inroat and Lange beyond iny other medicine. The most dangerous affec-tions of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a rem-edy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious discuse, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attacks of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cure

Originally the product of long, laborious and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the vir-tues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
