In the days of the Revolution Patriots formed the constitution And governed the American Nation By Congressional Legislation,

For in those good old days They were honest in their ways, For the People was power Supreme.

The Sovereign power of the Nation Was the will of the population And governed the administration And their National Legislation;
For in the good old days. &c., They had an honest administration, And good wholesome legislation, And the people of every grade and station, Were happy in their honest occupation.

Labor was the true foundation

Of the republican organization, And the laboring population Was the true life of the nation. Chorous.

Behold the present situation Of our political Nation, With a past administration And our corrupt legislation; For Government is controlled By the glittering of gold, For in these days Capital, is power Supreme.

Behold the present Administration, Absorbing the life blood of the Nation, And see the rings of speculation In our national Legislation. Chorons.

Behold the debt of our Nation Too immense for calculation, And growing beyond its imagination, On account of corrupt legislation. Chorous.

Behold now the degradation Of the laboring population, For labor stinketh like the nation On account of corrupt Legislation. Chorous.

Behold the Mobilier speculation, Of forty millions from the Nation, By officials of high reputation And sworn members of Legislation. Behold the back pay appropriation.

A base swindling operation For the benefit of the administration And our corrupt Legislation. Chorous. Behold the revenue of the Nation

Flowing to its destination,
To be absorbed by the administration
And our corrupt Legislation. Chorous.

Behold now the voting population Is the not sovereign power of the Nation, But subject to the admistration And our corrupt legislation. Chorous.

Behold our dangerous situation Cæsarism is threatening the Nation Through a fast Administration And our corrupt Legislation.

Sometime.

BY EBEN E. BEYFORD.

Life does not find completeness here; We grasp at tiny things too far away, And many a hope, grown doubly dear, Just at its brightest, droops away!

We love, and lose; we strive, and fail; We dream,—and dreams are idle things,— That tree falls soonest in the gale To which some vine for safety clings.

O voices sad! O weary hands! O eyes more sweet than pansies are, Somewhere, I think, in Summer lands, Life lifts for you its morning star!

Sometime, for those, who, trusting, wait Shall the white flowers of gladness blow And Heaven will fully compensate
The pain and loss that now we know!

HORRIBLE DISEASES!

How many thousands of persons, both male and female, are there who are suffer-ing out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pal-lid, emaciated and distigured faces and their broken down constitutions, disquali fying them for the happiness of marriage or the enjoyment of life. In this horrid situa-tion thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladiessee that they are cared for and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or those interested in the welfare of their friends, to be careful of the many pretended dootors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues,

So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Imporities or diseases that have lurked in the system for years soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all serofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas. Tetter, Salt Rheum, Scald Mead, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Lencorrhea. when they are manifestations of the scrofulous poisons.

and sustained by its remarkable cures.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season, Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

Hair Vigor For restoring to Gray Hair its

A dressing which is at once agreesble, healthy, and effectual for preserving the hair It soon restores faded or gray hair to its original color, with the gloss and freshness of

youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, i will keep it clean and vigorous. Its occasional use will present the hair from turning gray or falling of, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing elso can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
