#### BEDROCK DEMOCRAT.

**Second Edition.**

For the benefit of subscribers in certain localities, we issue a second edition of the DEMOCRAT on every Monday morning, which contains all the news of importance received at this city up to Saturday noon.

**FIRE.**—On last Friday about noon, the hay stacks of Mr. Thomas Finlayson, immediately east of and adjoining our town, were discovered to be on fire, which was quickly communicated to the adjoining stacks of straw and the stables, and soon the whole was one mass of flame. There were no men about the premises when the fire was first discovered.

The women folks did all they could in getting the horses from the stable, and saved all of them but the fine stallion "Tiger," he being in the back part of the stable they were not able to get him out, and he perished in the flames. In a few minutes after the alarm was given our citizens were on the spot, where they found Mr. Gardner and Mr. Harry Weed, who were passing at the time the alarm was given, doing all in their power to protect other property. The dwelling house for a while was in eminent danger, and was only saved by the great efforts of those present.

The ladies of Mr. Finlayson's family worked like heroines. The loss Mr. Finlayson sustains is about as follows: The fine horse "Tiger," \$1200, hay and straw, \$800, grain, \$200, stables, harness, saddles, &c., \$800 or \$1,000, making a total of over \$3,000. The wind was blowing very hard from the north at the time of the fire, and it was impossible to save more than was saved. It is not known how the fire caught.

**UMATILLA.**—Persons visiting Umatilla will find the UNION HOTEL, under the control of George Miller, a first class Hotel, and the proprietor on the alert to make his guests comfortable. And if they want a first rate cigar, or an eye opener, all they will have to do will be to step across the street where they will find FRED SALADE'S Sample Rooms, where the best of anything in his line is kept. The BEDROCK DEMOCRAT can be found at both these houses.

**WM. HARPER, Deputy Sheriff,** only went as far as Umatilla with the delegation of prisoners started from here on last Friday week for Salem. Sheriff Shinn overtook the first delegation there, and went on with them with Deputies George and Dolby, Harper returning. We thank Mr. Harper for favors done the DEMOCRAT office, and hope he will do so more and often.

**EVENING NEWS.**—The Evening News of Portland has donned a new dress, and presents a very neat appearance. In connection with the daily the publishers now publish a large and neat weekly paper well filled with news and other interesting reading matter. We wish the proprietors great success.

**RELIGIOUS.**—Rev. Dr. Nevius makes an appointment for Divine services on Sunday next, Nov. 2nd., at 11 A. M. and 3 1/4 P. M. Bishop Morris' visitation will be on Sunday, Nov. 16th.

It speaks well for Col. Nesmith that, in the precinct in which he lives, in Polk county, he received every vote cast except one. This shows his traducers in what estimate he is held, right in the community where he is best known. It is also a significant fact that, in the precinct in which Mr. Hiram Smith lives, Nesmith gets a majority. This shows the estimate in which the two men are held, by those who know them both.

**DROPPED THE QUILL.**—J. H. Upton, of the Lafayette Courier, has severed his connection with that paper, and gone to farming. Messrs. Hembree and Dorris—two practical printers—take his place as editors and proprietors.

Several Republicans in Washington county voted for "Sadie Hoon"—this was the maiden name of the lady whom the man Hipple-Mitchell first married, and then left in penury and want, when he eloped with the school marm.

#### LATE NEWS.

**Domestic.**

**NEW YORK, Oct. 17.**—The Express this evening, in an article on the financial situation, declares the present condition of the banks of this city a disgrace and insists upon the necessity of the immediate resumption of currency payments as the only means of restoring confidence and bringing out the greenbacks now hoarded in the Safety Deposit Company's vaults, and in stockings and mattresses. It calls on the sound conservative banks to insist on putting an end to pooling arrangements and redeem the city from the present false position.

The continued shipment from England to America excites the belief with some that it will create a financial disturbance in London, and some go so far as to predict that London may yet have the same experience as Vienna and New York in regard to speculation bubbles.

It is stated that the banks gained very largely in legal tenders. There is nearly a million dollars at the Clearing house this morning. Banks with the most numerous out of town connections report large receipts of national bank notes, which the banks prefer, for it is as good as legal tenders to pay out from over the counter, and can't be taken away from the banks to put in the Clearing house. The information from uptown merchants is good, and on the whole the situation shows a healthy improvement.

**ST. LOUIS, Oct. 19.**—The Commission of U. S. Engineers appointed by the War Department to examine the Mississippi River Bridge building here, have reported that they find the bridge, as designed, to be a serious obstruction to navigation, and as it is too late to make a change, they recommend a canal on the Illinois side, 125 feet wide, from a point 500 hundred feet above to 300 feet below the bridge. They also recommend the prohibition of arch trusses, like those of this bridge, in bridges over navigable streams.

**COLUMBUS, Oct. 19.**—Both parties now concede the election of Allen by between 600 and 700 majority. Some few Democrats still hope to figure out the election of Burns, their candidate for Lieut. Governor, but there is little doubt the Republicans have elected their whole State ticket except Governor. Official returns have been received from 35 counties.

**TOPEKA, Kan., Oct. 20.**—The most destructive fire that ever visited Topeka occurred last night. Commonwealth block, occupied by the Commonwealth newspaper, Kansas Evangelist, and Kansas Monitor printing establishment, Crone's book bindery, Warners' hardware store and Dr. Tift's office, was burned. Loss estimated at \$100,000; insurance, \$60,000.

**MEMPHIS, Oct. 20.**—The streets are crowded with vehicles and the sidewalks are thronged with pedestrians. There is more activity in business than for months past. The disease is rapidly yielding to cold weather. At noon the mortality report gave twenty yellow fever and six other deaths.

**NEW YORK, Oct. 20.**—A letter from Sumatra says the exhibition to Achen to take place in October, will consist of a fleet of thirty ships and steamers, and from 12,000 to 15,000 men. There will probably be hard fighting on the first landing, and perhaps some heavy loss of life in the first expedition, but the enemy will find out that they cannot stand against mirlailles and breech loaders.

The Texas cattle trade in Kansas is becoming huge in its proportions. The drive for the season so far amounts to 500,000 head, which is at least ten thousand more than the drive of 1872. Before Dec. 1st this immense army of beefs will be every one sold at an average price of not less than \$15 per head, or for the aggregate sum of \$7,500,000.

It was a shrewd pickpocket who attended the Iowa State Fair last week. Looking about for a man with well filled pockets, he spied a salary grabber from that State, Congressman William G. Donnan, and straightway relieved him of \$140 of his back pay. Mr. Donnan is indignant, but he ought not to be. The pickpocket has as much right to that money as he has—and that is no right at all.

The Seattle Dispatch of a late date says "Three adventurous boys of this city, Lorenzo Stringham, Willie Ills and Albert Meydenbauer, respectively aged 14, 15 and 15 1/2, having secured provisions, a pack horse, tent and abundant fire arms, left Sunday morning without consulting their parents. It is supposed they went via Suquamish Pass towards Idaho. Since they left it has been discovered they have been making preparations for the last three months to leave."

A Memphis girl was married the other day, and immediately sold her piano, bought a sewing machine and made her husband a suit of clothes and two calico dresses for herself, and now fourteen young men are

seeking the hand of her unmarried sister.

At the trial of Stokes on Oct. 20th the defense introduced testimony to show that the prisoner intended going to Providence at the time of the tragedy, and that he was passing the hotel on the opposite side of the street, when he was saluted by a lady from one of the windows, and entered the hotel and went straight to her. Fisk arrived a few minutes afterward. John Moore Tiffin said he heard shots and went to the door of the private entrance and saw Fisk wounded, who said Stokes was too quick for him this time.

**SAN DIEGO, Oct. 20.**—The great ten mile race to-day on a half-mile track was won by the California horse Granger, in 30 minutes 41 1/2 seconds—the best time on a half-mile track ever made in America.—The horse was driven by George Leiby.

Some naturalist has discovered that the horse fly is tormented with parasites. This is as it should be.—Now, if some one would only prove that the mosquito suffers from perpetual tooth ache, people would feel a renewed confidence in the universal fitness of things.

One of the Rothschilds has turned defaulter and absconder—Justus Frederick, head of the Vienna house of the family—and a great many poor people have lost their all.

A good natured spinster used to boast that she always had two good beaux; they were elbows.

**FOREIGN.**

**LONDON, October 18th.**—The Times' Paris correspondent telegraphs as follows: "From exact information it appears that the monarchial parties have come to absolute agreement. Chambord has made concessions which are satisfactory to the liberal monarchists, and the following will be submitted at the opening of the Assembly: 'The proclamation of the constitutional hereditary monarchy King, promising liberty of conscience and equality before the law, as the right of all.'—The monarchists are confident of a majority in the Assembly. It is said that 416 deputies are pledged to support the restoration of royalty."

**VICTORIA, Oct. 17th.**—Both the papers are filled this morning with reports of more discoveries of rich gold diggings in the Cassair country.

The steamer Otter arrived yesterday from the north, bringing from \$8000 to \$10,000 in dust, and a number of miners who were compelled to leave on account of the scarcity of provisions. All will return in the Spring.

**MADRID, Oct. 19.**—A British dispatch boat from Carthage, arrived at Alicante last evening with the news that the insurgent frigate Numancia ran into the Fernando el Catilico and sunk her. Over half the crew of the latter were drowned. The catastrophe is attributed to the inexperience of the officers. Another version of the affair current here is that the Numancia fired into and sunk the Fernando el Catilico because she parted company with and refused to obey the signals to rejoin the former.

Minister Marins has resumed command in person of the squadron at Gibraltar, which sailed yesterday for Carthage.

**PARIS, Oct. 19.**—The Republicans are working with great activity and energy to counteract the designs of the Monarchists.

Ex President Thiers in conversation with friends yesterday, spoke confidentially of the result.

The Deputies of the extreme Left will hold a meeting Monday, and the moderate Republicans on Tuesday. They will probably unite in proposing to the Assembly that the question of the restoration of royalty be referred to a commission.

**PARIS, Oct. 20.**—An article in the Journal des Debats to-day regards the restoration of royalty as a certainty.

**ROME, Oct. 20.**—The General of the Society of Jesuits was to-day officially notified by Government that the Order must immediately vacate the premises occupied by them in this city.

**VIENNA, Oct. 19.**—Prince Bismark arrived to-day. He has been in close conference with the Emperor William.

A change in the Prussian Cabinet is rumored. It is not improbable that the Prince will resume his position as President of the Ministry of State in place of Von Roon.

The river Neva in Russia has risen ten feet beyond its usual height, causing great damage in St. Petersburg and adjacent country.

In the St. Louis Globe, Sept. 25th we find this:

"The indications are that Senator Casserly will be re-elected to his seat in the United States Senate from California, notwithstanding the great popularity which Governor Booth is supposed to have. The Republicans concede the election of Casserly, and have telegraphed to Washington to that effect."
