State of Oregon. A PROCLAMATION. BY THE GOVERNOR.

IN GRATEFUL ACKNOWLEDGMENT of the uncounted blessings of Providence in our bountiful harvests, continued health, and general peace; and in recognition of the notable fact that while during the past year many of our sister States have been sufferers from pestilence and financial distresses, while we have been vouchsafed the full enjoyment of more than usual prosperity and exemption from disease, and while devastations by fire have visited our chief city, and several other localities within our borders, they have served to exhibit such recuperative power in our people as to turn seeming disaster into good fortune. NOW, therefore, I, L. F. GROVER, Governor of the State of Oregon, do appoint Thursday, the 27th day of November, A. D. 1873, to be observed as a day of thanksgiving to Almighty God, the Great Giver of all good and perfect gifts, for the mercies and blessings of the year now drawing to a close. In testimony whereof, I have hereunto set my hand and caused the Seal of the State of Oregon to be affixed at the Executive office, in the City of Salem, this 1st day of November, A. D. 1873. L. F. GROVER. By the Governor: S. F. CHADWICK, Secretary of State. n28u29

Official Vote for Congress. The official returns of the late Congressional election has been received and opened by the Secretary of State, which we give below, in tabular form.

Table with 3 columns: Counties, Nesmith, Smith. Rows include Baker, Benton, Clackamas, Clatsop, Columbia, Coos, Curry, Douglass, Grant, Jackson, Josephine, Land, Linn, Marion, Multnomah, Polk, Tillamook, Umatilla, Union, Wasco, Washington, Yamhill.

MALHEUR RESERVATION.—This Indian Reservation is located about one hundred and twenty-five miles south-east of Canyon City, and Col. Sam Parrish is the Agent. It is on the head waters of the Malheur River, and is said to be a fine location for the Indians for whom it was set apart.—This Reservation draws a great portion of its necessary supplies from John Day's Valley, in Grant County. This, together with Camp Harney and Warner, makes a good market for the farmers of Grant County.—They furnish a market for all the surplus raised in the County. Grain brings one cent and a half on the farms, cash down.

MONOTONOUS.—The triangular fight that has for a long time been going on between the Oregonian, Bulletin and News, of Portland, has become an eye-sore to the people, and they are heartily disgusted with it. The thing has become so monotonous that the readers have ceased to read their belligerent effusions, and the papers are injuring their standing, and decreasing their circulation by their course in this matter. They will soon be like the "Kilkenny Cats"—there will be nothing but their tails left soon, if they do not cease their low, disgusting, personal, newspaper warfare—and it will serve them right.

A LARGE YIELD OF WHEAT.—The Jacksonville Times says: "Although the average per acre of the wheat yield was very large throughout the entire county, yet we hear of an instance which caps the climax. Mr. Thos. F. Beall this year raised wheat on eight acres of land, which averaged 72 bushels to the acre. We doubt if there is a valley on the entire Pacific Coast that can excel (or equal) Rogue River Valley in the productiveness of its soil."

God gives every bird its food, but does not throw it into the nest. He who says what he likes must hear what he does not like. Empty wagons make the most noise.

NEWS SUMMARY.

Domestic. We take the following from the Sacramento Union of Nov. 8th: Three hundred and seventy thousand pounds was drawn from the Bank of England yesterday for the United States and Canada, \$750,000 of which was for New York. It is said this caused the bank to put up its rate of discount to the extraordinary figure of nine per cent.

The Republicans yesterday gained a political victory in the election of a committee on the prolongation of McMahon's powers. They have one majority on the committee, which is composed of fifteen members. Germany sells 20,000,000 thalers' worth of disused silver coin to the United States, which bid higher for it than any other bidder. The sum is equal to \$14,520,000 American money.

At St. Louis 700 men are thrown out of employment by the suspension of iron works. The wages of others are cut down twenty per cent. Five hundred persons were thrown out of employment by the suspension of the Manchester (N. H.) Print Mills yesterday, and 300 on the Maine Central Railroad.

The Union Pacific Railway Company has reduced the wages of its employes ten per cent. Serious Indian troubles have broken out near Fort Sill, and also among the New Mexican Apaches.

Stocks at the East were more than ever depressed yesterday, and some fresh bank suspensions and manufacturing curtailments are reported. Report says some of the persons captured on the filibustering steamer Virginus, including Col. Ryan, an American, have been summarily tried by court martial and shot. It causes a sensation in New York and a Cabinet talk in Washington.

Three jurors have been obtained in the case of Boss Tweed. Tom Scott yesterday offered his resignation as Vice President of the Pennsylvania Railway Company, on account of his connection with the Texas Pacific Construction Company. The Board of Directors refused to accept it.

Read, Consul General for the United States at Paris, is appointed Minister to Greece, and Torbert, Consul General at Havana, takes Read's place in Paris, and Henry C. Hall takes Torbert's place at Havana.

Lord Dufferin, Governor General of the Canadian Dominion, yesterday, after announcing the formation of the new Ministry, surprised everybody by proroguing the Parliament which had just assembled for the first time after the elections.

J. G. Corry of San Francisco, is importing a lot of Shetland ponies to this State from Scotland. Complaint comes afresh from Sonora that Cochise continues to make raids into that country from the United States reservation in Arizona.

Earthquake shocks were felt at Virginia and Unionville (Nevada) at 6:45 P. M., on Friday evening. The direction was east and west. They were also noticed here in Sacramento, though slight.

Official Vote of Union County. For the benefit of the citizens of Union county, as there is no newspaper printed in that county, we this week publish the official vote of Union county, for Congress. This is a good item to save for future reference.

Table with 3 columns: Precincts, Nesmith, Smith. Rows include La Grande, Union, Cove, Summerville, Powder River, Eagle, Bed Rock, Iowa.

Foreign. PARIS, Nov. 9.—The Press to-day says the Right not only agreed to extend McMahon's term of office five years, but have consented that he shall be designated President of the Republic. By these concessions the Right have gained one Republican member, and now have a majority in the Committee on Prolongation of the President's powers.

LONDON, Nov. 10.—Exceptional rates at from ten to thirteen per cent have been charged at the Bank of England. On the street to day there are many rumors of failures.

PARIS Nov. 10.—The committee representing the French residents of San Francisco, presented Thiers yesterday with an address. The ex-President, in replying, said that the Monarchists had suffered a check, and that a conservative republic was assured.

MADRID, Nov. 10.—The report that the Carlists were victorious in an engagement near Miranda Diago, and that Lieut. Gen. Primode Rivera was killed, is officially denied. General Primode Rivera is not hurt, nor is Gen. Marioneze captured. The Government has received dispatches, dated yesterday, from both of these officers.

OBJECTS.—The Oregon City Enterprise says: "The Yamhill Reporter objects to our statement that the Courier is the only paper 'printed' in that county. If the 'printing' of one half a paper in San Francisco and the other half in Yamhill is 'printing' a paper, why there are two 'printed' in that county. But as one half the Reporter is 'printed' outside of the State, we shall insist that the Courier is the only paper 'printed' in that county, notwithstanding the statement of the Reporter to the contrary."

The same can be said of Baker County.

LATE NEWS.

ELKO, Nevada, Nov. 10.—Indian Commissioner Ingalls, of Salt Lake, has been holding a grand council here for the last two days, the object being to lay before the Indians a proposition to be moved to a reservation within the next year, and also to distribute their annuities. Early this morning the Eastern Nevada Shoshones, together with a large representation of Putes, assembled to receive their annuities. Over 400 bucks were present. Soon after the work of distribution commenced it was ascertained that the Putes and Pashutes had allied and were about to engage in a general fight against the Shoshones. The trouble originated partially on account of the distribution and partially on account of former troubles. The Indian interpreter, however, ascertained the condition of affairs; and the separation of the tribes and redistribution had to be resorted to, to restore good feeling. To-night the chiefs of all the tribes met in the Sheriff's office to discuss the reservation question. The chief of the Pashutes, Naches, refused to participate in the council and to send two delegates to look at the reservation site at Fort Hill, Montana, and if suitable, will emigrate in the spring.

SALT LAKE, Nov. 10.—Matthew Kinney, engineer on the C. P. R. R., was shot at Ogden Saturday by a colored man named Chas. Mingo, and died last night.

The Utah Southern Railroad is completed within two miles of Provo.

The Utah Northern (narrow-gauge) Road is being extended from Brigham City, its former terminus, to Ogden. Tracklaying is now progressing rapidly, and will probably be completed in a month.

NEW YORK, Nov. 9.—The Cuban Junta in this city announces that all means possible will be used to push forward the expedition to set out at once for Cuba, to avenge the execution of patriots captured on the Virginus. A corps is being formed of Americans alone to proceed to Cuba. Already 2,000 names have been put on the roll. A mass meeting of Cubans will be held to-morrow evening to express indignation at the act of the Spanish authorities. Gen. Quesada formed the expedition, and it is said that 3,000 names have been enrolled. A mass meeting of Cubans was held to-day. Cosernes, President of the Society of Friends of Cuba, in the chair. Patriotic addresses were made and resolutions adopted, calling for means to fit out a new expedition to the island. A committee of three was appointed to solicit subscriptions throughout the city. \$13,000 has already been subscribed.—The excitement among Cubans here is intense.

BOSTON, Nov. 10.—Reports from the manufacturing sections of New England are more cheering this morning. There is news of a resumption of business in several places, and of running the manufactories on increased time.

CHICAGO, Nov. 10.—Official returns are published of elections in 94 of the 102 counties in Illinois, leaving only eight to be heard from. Forty-nine of these counties have been carried by the Farmers' or Anti-Monopolists' ticket, 15 by the regular Republican organization, and 17 by the Democrats. In 13 counties (including Cook) the issue was foreign to party politics. Of the remaining eight counties not heard from, six have heretofore been Democratic, and two Republican. The farmers or anti-monopolists have opposed both the old parties in the late campaign. In this respect their victory has been almost unparalleled.—They have carried 49 counties against the organization of Democrats or Republican party.
