Plummer, San Francisco; Wm. Leggett, Salt Lake; J. Thompson, Umatilla; J. Brown, Silver City.

C. B. Plummer, the humorous delinquent of character, is in our city. Mr. Plummer gave one of his entertainments at the Court House last evening. Everybody should hear and see him. He will give another of his truly interesting, instructive and humorous entertainments to-morrow evening. One who has ever witnessed his Parlor Entertainments are well satisfied, and will go again.

Chas. St. Louis has located permanently in Baker; and is now prepared to manufacture and repair all kinds of jewelry and watches. After twenty-eight years experience in the business, he feels competent to give entire satisfaction. Mr. St. Louis, is also agent for the best Sewing Machine in use, the New Wilson, price, \$55.00.

For the very best Photographs, go to Bradley & Rufusson's Gallery without stairs. Ascend in the ELEVATOR, 429 Montgomery Street, San Francisco.

DIVINE SERVICE.—Will be held by Rev. Dr. R. D. Nevius, at the Court House, on Thanksgiving Day, the 27th inst., at 6 1/2 o'clock, evening.

RELIGIOUS.—On last Sunday Rev. Bishop Morris and Dr. Nevius, of the Episcopal Church, held service at the Court House at 11 A. M. 3 1/2 P. M. and evening. At 11 o'clock the rites of confirmation were administered by the Bishop. The discourses on each occasion were well delivered, and were entertaining and instructive.

CHINESE SERVICE.—At 2 o'clock P. M., last Sunday, Rev. Cum Lum, a Chinese Missionary, of the Episcopal Church, delivered a discourse at the China Store opposite Deisenroth's Stable.

Messrs. Reid & Fletcher purchased, last week, in Union county, about eighty head of fat "porkers," which they drove to this city and slaughtered. They are going after some more of the same sort.

Miss Lulu Shepherd is up and around again. Dr. Atwood was her physician.

The Baker City Debating Society meets next Friday evening.

W. Lubelski received an immense lot of apples last week.

FIRE.—On last Thursday, about noon, the house formerly occupied by Bamberger & Frank, but now occupied by Wm. Wilde, was discovered to be on fire, and the blaze made its appearance above the roof, at the side of the house, at the corner of Dr. Tierney's office. At the place where the back end of the Dr.'s office joins the large building there is a kind of a box arrangement extending from the ground to the roof, with a vacuum of about two by six inches, and about three feet from the ground there is a hole in this box arrangement large enough for a man to put his hand. From every appearance the fire originated at this point, and could not have started unless there was something combustible inserted in the hole above spoken of. There can be no doubt but that some one set the fire, whether it was children who might have been playing back of the Dr.'s office, or some other person is not known. Parents cannot be too careful about letting their children have matches to play with. If it had not been for Mr. Moody our city would have been burnt down last summer from the effect of children playing with matches, back of Mr. Wilde's premises, on the opposite side of the street from where he now does business.

ANOTHER.—On last Friday the Western Hotel caught fire from a stove pipe. The fire fortunately was discovered before it had made much headway, and by the aid of a few buckets and the large force pump and hose in the back yard of the hotel it was quickly subdued, with but little damage to the building.

These fires should urge upon our citizens the importance of taking some steps for the protection of our city from the ravages of the devouring element.

STILL ANOTHER.—On last Saturday morning, between eight and nine o'clock, R. D. McCord's dwelling house caught fire from a defective flue or stove pipe, and the fire got quite a start in the roof before it was discovered. By prompt action it was soon extinguished. Without there is some action taken by our citizens to organize for the prevention of fire, the time will certainly come when we will not be as fortunate in extinguishing fires as we have been heretofore. Each of the above fires have been a loud call on our citizens to organize for their own protection, and two of them were very dangerous to the safety of our whole city, as the buildings where the fires caught were in the center of town.

SOLD.—Reid & Fletcher sold to Daniel Chapman, of La Grande, some seven head of their fine Cotswold sheep, five of which were delivered last week, and the other two will be taken down this week. Persons wishing to improve their stock of sheep, will do well to call on Messrs. Reid & Fletcher soon. They have the best blooded sheep in Eastern Oregon, and are selling them very cheap.

CORNER STONE.—On last Monday at two o'clock the Corner Stone of the Episcopal Church was laid in our city. The ceremonies were conducted by Bishop Morris, assisted by Rev. Dr. Nevius, and were very appropriate to the occasion. This church, when completed, will be an ornament to our city. We wish the congregation great success.

SUICIDE committed, as the result of an inactive state of liver and stomach, producing headache, obtuse intellect, dullness, despondency, dementia, and finally insanity, is no uncommon occurrence. All of these disagreeable symptoms and bad feelings are most certainly dispelled by the use of Dr. Pierce's Golden Medical Discovery. It revitalizes and builds up the whole system. A little book on chronic diseases sent free. Address R. V. Pierce, M. D. Buffalo, N. Y.

NEW LEDGE.—Messrs. Rockafellow and E. W. Reynolds have discovered a Quartz Ledge about 4 1/2 miles east of this city—about half way to the Virtue Ledge. This ledge is well defined and prospects rich. We hope and believe from the appearance of the rock we have seen, that the boys have struck it rich.

VICK'S FLORAL GUIDE.—In another column will be found the advertisement for Vick's Floral Guide for 1874. This one of the best and finest works on the culture of flowers that is published. Everybody should have one. Price 25 cents a year.

SOLD OUT.—Frank Brown has sold out his Eldorado Stage Line to John R. Lake, of Clarksville. We hate to see Frank leave the staging business, but would recommend John Lake as a good business man.

We often see a large stock of cattle which do not seem to thrive, and come out "spring poor," all for want of something to start them in the right direction. One dollar worth of Sheridan's Cavalry Condition Powder, given to such a stock occasionally during the winter, would be worth more than an extra half ton of hay.

DEATH.—Mrs. Carns, wife of Mr. Danie Carns, near Pocahontas, died at East Portland, a few days since. She had been there for some time past for medical treatment.

CLOSED OUT.—C. B. Fisher has closed out the Baker City Meat Market, and wishes all those indebted to him to come forward and settle.

HAVE you a severe wrench or sprain? Have you rheumatism in any form? Have you stiff neck, or bunched caused by rheumatic pains? If so, Johnson's Anodyne Liniment is a specific remedy, used internally and externally.

EXHIBITION.—The Exhibition given by the students of the Baker City Academy on last Friday evening was well attended. The scholars all did well. The Winter term of the Academy commenced yesterday.

ACCIDENT.—A young daughter of M. P. Bull, editor of the La Grande Sentinel, met with an accident last week by which two leaders were severed and nearly an artery. The child is now doing well.

PIMPLES on the Face, Eruptions, Blotches, Scrofulous diseases, and all sores arising from impure blood, are cured by Dr. Pierce's Golden Medical Discovery.

The races over the Grande Ronde Race Course closed last Saturday. They were well attended.

CALLED.—We received a call from Steve Baldrige, late of Centerville, Idaho, last week. He was on his way to La Grande.

RETURNED.—R. Alexander, formerly clerk for Bamberger & Frank of this city, returned from San Francisco last week.

RETURNED.—Chas. Green has returned to San Francisco to spend the Winter. He will return to Rye Valley in the Spring.

ANTLERS.—On last Monday Mr. George Ebell presented to this office the Antlers of a Deer, killed by Mr. Elliott, in the range of mountains on the west side of this valley. They are five pronged and as large and nice as any we have ever looked at—measuring two feet across in front. The deer, when completely dressed, weighed one hundred and eighty pounds. We intend to make a gun rack of his horns. Messrs. Elliott and Ebell have our thanks for their remembrance of the DEMOCRAT office.

JUDGE McFarland and Deputy Sheriff Harper started for East Portland, last Wednesday evening, with an insane Chinaman.

FRANK A. BOWEN has returned from Sparta, where he has been visiting his parents, to attend school.

E. M. WHITE, of Gem City, passed through this place last week, on his way to Portland.

PROFESSOR BARRETT will open a singing school next Tuesday evening, at the Academy. All are invited to attend.

WILLIAM CONSTABLE is moving into his new saloon.

A recent geological survey of the new Territories reveals the important and gratifying fact that on the line of the Northern Pacific Railroad, in the Rock Mountain district, there exists a coal bearing region of 260,000 square miles in extent, the strata of available fuel buried there varying in thickness from five to thirty-five feet.

The Oregon City Enterprise says: "I. W. Mayfield, an old Oregon printer, has purchased an interest in the Spirit of the West, published at Walla Walla. It is a patent outside institution, for which we have but little sympathy. If the local patronage will not sustain a paper set up and printed at home, the concern is not worth having."

The above will apply to Union Co. as well as Walla Walla.

THE SUN.

WEEKLY, SEMI-WEEKLY AND DAILY.

The WEEKLY SUN is too widely known to require any extended recommendation; but the reasons which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more, are briefly as follows:

It is a first rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when of moment, and always presented in a clear, intelligible, and interesting manner.

It is a first rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first rate paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages. It is a first rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no collar. It fights for principle, and for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country, and threaten to undermine republican institutions altogether. It has no fear of knaves, and asks no favors from their supporters.

It reports the fashions for the ladies and markets for the men, especially the cattle markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have the Weekly Sun at this rate. Any one who sends a single dollar will get the paper for a year.

We have no traveling agents.

THE WEEKLY SUN.—Eight pages, fifty-six columns. Only \$1.00 a year. No discounts from this rate.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. \$2.00 a year. A discount of 20 per cent. to clubs of 10 or over.

THE DAILY SUN.—A large four-page newspaper of twenty-eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription price 50 cents a month, or \$6.00 a year. To clubs of 10 or over, a discount of 20 per cent. Address, n286 "THE SUN," New York City.

Bamberger & Frank

Respectfully invite all those who are indebted to them to call and settle. We are in want of money, and must have it to meet our engagements.

Baker City, Oct. 1, 1873.—21tf

Lost.—The Editor of this paper lost his Derringer Pistol between Baker City and Auburn on the 17th inst. Any person returning said pistol to this office will be suitably rewarded.

Living Advertisements.

A medicine that has done more than all the prescriptions of the pharmacopoeia to protect the human system against the bodily ills superinduced by unhealthy surroundings, is certainly worthy of universal confidence. It is mainly on account of its extraordinary preventive properties that Hostetter's Stomach Bitters is so exceedingly popular in localities subject to the visitation of miasmatic fevers and other diseases produced by empoisoned air. A family that has escaped sickness during a sickly season in consequence of using the Bitters as a safeguard, is a living advertisement of the virtues of the preparation. The whole neighborhood realize the fact. "I couldn't have believed it," says one. "I scarcely credited the advertisement; but one must believe what one sees," says another. "It is the very thing we need in this unwholesome section of country," remarks a third. And the result is that the instinct of self-defense, the first law of nature, induces three-fourths of that community to obtain a supply of the great vegetable antidote before the next sickly season sets in. In winter, when the system requires extra vigor and elasticity to enable it to baffle the effects of damp and cold, the Bitters will be found particularly serviceable. Rheumatism will not be apt to fasten upon muscles and nerves that have been braced up by this excellent invigorant and nerve; nor will the severities of the season, which have such a disastrous effect on the pulmonary organs of the feeble and delicate, be likely to exercise the same untoward influence in cases where the stomach and the external surface of the body (which always sympathize with the digestive organs) have been toned and stimulated by a course of the restorative. The fits of indigestion and irregularities of the bowels which proceed from sudden changes of weather may always be averted by a timely use of the Bitters.
