

Does Odd Fellowship Improve a Man?

The New Age says we were asked this question the other day by an esteemed friend, and we emphatically replied: "Yes! Certainly it does!"

Since that time the subject has grown upon us; it has been a part of our thoughts by day, and dreams by night, and, as it is a matter that is of interest to thousands of young men on this coast, we have thought it worthy of a brief space in our columns.

In this connection we desire to ignore all thoughts of a pecuniary nature in the matter; its pecuniary advantages though great, undoubtedly, are but a tithe of its intrinsic excellencies and power for good.

In the first place an Odd Fellow is brought into intimate connection and fellowship with a large body of intelligent and respectable gentlemen, and is informed that he and they are bound together by bonds of fraternity, that there is no position in life in which he is placed that he ceases to be an object of regard and interest to the brotherhood of the Order; that his character is bound up in theirs, that if his actions bring dishonor and discredit upon him, they—to some extent—suffer from it, that the higher in the social ladder he can climb the greater is their joy in contemplating it.

The influence of a good, true, noble man is felt all around him, in the Lodge room and out, men honor him and honor the institutions that have helped to develop these good, true and noble instincts he displays. So with the reverse side of the picture—a man who by his conduct and intercourse with the world brings upon himself discredit and dishonor, pollutes and tarnishes the good name of all who are known to be associated or in affiliation with him.

Again: The Order of Odd Fellows requires and displays a great deal of executive and administrative ability. The official positions require men of no ordinary intelligence and capacity to fill them. The experience gained by past officers, and the wonderful ability with which the Order has been blessed, has caused a system to be adopted hard to be improved, and of infinite benefit and advantage to most men; an opportunity of self-culture and improvement that few can form an idea of that have not had the benefit of its experience, an experience that has enabled some of the best men in America to become the "shining lights" they have from their thorough and practical business ability. Many prominent lawyers have admitted that to the opportunities afforded in their Lodge rooms have sprung a confidence in their own abilities that has enabled them to achieve wealth and fame from the outer world. But above, and infinitely beyond, all this, are the benefits to be derived to a young man from the inculcation—by precept and example—of those exalted principles which have gained for Odd Fellowship the high position it holds in the minds of all who know anything of its practical workings.

Where is he who can night after night listen to its sublime teachings, and not become purer and better therefore? It is true that some wolves in sheep's clothing may, and undoubtedly do; enter the fold of Odd Fellowship, as they do in all other organizations of men. Where is one that is exempt from such? In fact it is, unfortunately, true that men with sinister views do sometimes enter such sanctuaries, the better to carry on their iniquitous proceedings, but they are very apt to be detected before they go very far, their true characters are developed before they have long been members, and expulsion and disgrace is the result of their schemes, while the true man ascends higher and higher, receiving and giving out brighter and holier inspiration—a blessing to himself and all around him.

Albert H. Guild, Esq., one of the oldest and most respected citizens of Victoria, died on the 5th inst. He was an Odd Fellow for nearly 30 years, and in the establishment of that noble institution in the Province he was foremost. Last year he filled, efficiently and well, the important post of Deputy Dist. Grand Master, and at the time of his death he was a Past Grand of Victoria Lodge of Odd Fellows.

The Farmer, speaking of the Victoria, British Columbia, jail some 50 prisoners, about 30 of whom are of the most abandoned and wicked type of criminals, sentenced to long terms of imprisonment. The grain and potato crops in some parts of Montana have been almost total failures this year. The angelic grasshopper did it for the grain, and Jack Frost for the ferocious tuber.

TO THE UNFORTUNATE!

NEW REMEDIES! NEW REMEDIES! DR. GIBBON'S DISPENSARY.

623, Kearney St., Corner Commercial Street, San Francisco.

Established in 1854, for the treatment of sexual and venereal diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, seminal weakness, impotency, etc. Skin diseases, of years standing, and ulcerated legs successfully treated. DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals in Europe, and has resumed practice at the Dispensary, 623 Kearney Street, corner of Commercial, where his old patients and those requiring his services may find him. The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

HORRIBLE DISEASES!

How many thousands of persons, both male and female, are there who are suffering from a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his special study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

SEMINAL WEAKNESS.

Seminal emission—the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pains in the head, ringing in the ears, noise like rustling of leaves or rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furred tongue, fetid breath, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

By enclosing Ten Dollars coin, in registered letter through the Postoffice, or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union. All communications strictly confidential. Address DR. J. F. GIBBON, 623 Kearney Street, San Francisco. Postoffice Box 1797. n11y1

Ayer's Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will present the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Full directions are given on the wrapper to the sick and suffering. For Dyspepsia or Indigestion, Listlessness, Languor, and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sickness, Headache, Jaundice or Green Sickness, Bilious Colic, and other ailments, they should be judiciously taken for each case, to correct the diseased action, or remove the obstructions which cause it.

For Bilemory or Diarrhoea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins, they should be judiciously taken, as they are often the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression, a large dose should be taken, as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion, and relieve the Stomach. An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
