SNOW SLIDE.—On last Friday about half past one o'clock, as the Northwestern Stage Company's four horse coach, driven by Mr. Donegan was passing along the grade on Burnt River, about half a mile east of Sisley's Station, there was a snow slide from the mountains, about sixty feet wide and about five or six hundred feet long, come down and caught the stage, carrying it over the grade and burying it and the horses from four to six feet deep and carrying the driver and one passenger—the only one of the stage—who was on the seat with the driver, some fifty or sixty feet beyond the stage, off into the willows in the river bottom. The only damage done was the killing of one of the finest horses on the line between this place and Boise City. It is a great wonder that there was no more harm done. The party who has charge of the Burnt River Toll Road has been frequently notified of the bad condition of the road, but has not, this winter, taken any trouble to keep it in repair. We are informed that it is now in a wretched and almost impassible condition. There should be steps taken to break the charter.

We understand that the whooping-cough is quite prevalent in the towns around us; but that no cases have proved fatal. Some families use nothing but Johnson's Anodyne Liniment. Our Doctor, however, says a little ipecac, to produce vomiting, would be an advantage.

ATBURN SESSION.

Convention was called to order, and the roll of Delegates called, and all Delegates present.

Means What He Says.

Though "confirmations strong as proofs of Holy writ and as numerous as the sands on the seashore were produced to prove that Dr. Pierce, the proprietor of Dr. Sage's Catarrh Remedy, is in earnest and means what he says, when he offers \$500 reward for any case of Catarrh which he cannot cure, yet there would be some skeptics and fogies who would continue to shout, "Humbbug!" "Humbbug!" "It cannot be, because Dr. Homespun says Catarrh cannot be cured." Now, this Dr. Homespun is the identical, good-natured old fellow who honestly believes and persists in declaring that this earth is not taken and does not turn over, otherwise the water would all be spilled out of Deacon Bascom's mill pond. But astronomical science has positively demonstrated and proven that this earth is flat and stationary, and medical science is daily proving the fact that his is no less a mistaken and behind the times in regard to the curability of Catarrh. In short, it has been positively proven that this world moves, and that medical science is progressing, as the opinion of Dr. Homespun to the contrary notwithstanding. That Dr. Sage's Catarrh Remedy will cure Catarrh, thousands who have used it attest.

This world, it, and use it, in doubt do not stand.

You will find it in drug stores all over the land.

Unlike other Cathartics, Dr. Pierce's Pleasant Purgative Pellets do not, after their operation, have a secondary tendency to render the bowels more costive. This is an important improvement, as all who have ever taken many pills or other cathartics for the purpose of overcoming constipation, testify to the fact that the secondary effect of all such medicines has been "to render a bad matter worse." These Pellets produce such a secondary tonic effect upon the system, that they are now sold under a permanent healthy action. Hence their great value, taken in small doses daily for a length of time, in habitual constipation and in Biliousness, attended with indigestion, as they generally are, by torpor of the liver and costiveness. Sold by Druggists at 25 cents a vial.

There are more than one thousand different kinds of pills in the United States. Some of them are worthless and injurious, others are good and beneficial. Old Dr. Parsons invented the best anti-bilious pill we ever saw or heard of. They are now sold under the name of Parsons' Purgative Pills.

A Dakota Sheriff attached a show the other day, and while tacking up a sale notice on the elephant's hind quarters, which the official took for a small barn, the animal swung his tail around. There were eight backs at the funeral, besides several on his person.

THE SUN.

WEEKLY, SEMI-WEEKLY AND DAILY.

The WEEKLY SUN is too widely known to require any extended recommendation; but the reasons which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more, are briefly as follows:

It is a first rate newspaper. All the news of the day will be found in it, condensed when unimportant, and full length when of moment, and always presented in a clear, intelligible, and interesting manner.

It is a first rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages.

It is a first rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no collar. It fights for principle, and for the election of the best men to office. It especially devotes its energies to the exposure of the great corruption, and threaten to undermine republican institutions altogether. It has no fear of knaves, and assis no favors from their supporters.

It reports the fashions for the ladies and markets for the men, especially the cattle markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have the Weekly Sun at this rate. Any one who sends a single dollar will get the paper for a year.

We have no traveling agents.

THE WEEKLY SUN.—Eight pages, fifty-six columns, only \$1.00 a year. No discounts from this rate.
