

The Oregon Granger says: "There is a bill pending in Congress, proposing aid to the contemplated railroad from Salt Lake City, Utah, overland through Idaho and Eastern Oregon, to the Columbia river, and thence down said river to the city of Portland, on the Willamette. That this road is of vast importance to every interest in our State, few citizens of Oregon will dispute. Oregon, and the region of country through which this road will run, if ever built, has a population to-day of little more than a hundred thousand souls. Yet the territory is so large, and the natural wealth so great, that there is ample room for three million. The wheat lands of Oregon, Idaho and eastern Washington are justly celebrated as the best in the world, but from a want of proper transportation facilities, four-fifths of them are to-day unproductive. The region named is capable of, and will in time produce, twenty million bushels of wheat for export, rather than four million, as now. We honestly believe that time will prove our estimate too small by twenty million bushels. But in order that we, or our children, may reap the benefits to accrue from this increased production, we must have some means of outlet, and the construction of this railroad seems to be the one thing needful. Look navigation of the Cascades and Dalles of the Columbia is a foregone conclusion, but that enterprise will require years for its completion. It will come, but years must intervene. The railroad is a work of but a short time, and we must have it, and have it at once.—The difficulties in the way are mountain high, but they can be overcome, if the people so will. The Granger movement may be laughed at by politicians and speculators, but that does not change the fact that the order has become a power in the land. The successful swindling of the people and the Government by so many railroad corporations of late, has aroused a spirit of antagonism in the east, toward all schemes looking to the securing of Government aid to railroads, and members of Congress are beginning to fear the power behind the throne. Hence it will be a difficult matter to secure the passage of a bill aiding our enterprise. We suggest that every Grange in Oregon, and each one in Idaho and Washington Territory, circulate a petition in their lodge, calling upon Congress to make the necessary legislation, and forward the same at once to the Clerk of the House.—With such a petition, generously signed, the work can be accomplished—without this lever, the matter is in doubt. Every Granger is interested in opening out to immigration this large territory.

Woman's Mission.

The La Grande Sentinel says: "We commend the following sensible words to women everywhere—particularly those women who love to pray in and about whiskey shops. "The crusade against liquor dealers which has been inaugurated in the West, and is making such rapid strides through the country, engineered by females, is undoubtedly a very good thing in its way, and MAY, possibly, be productive of some benefit to society; but there is another crime that presents itself to woman, and which appeals more strongly to her sympathies and prayers than all the beer swilling and liquor guzzling in the world. We allude to what is known as the "social evil," an evil that has damned more souls than there are drops to be found in the oceans of alcoholic stimulants which have been manufactured since the days when our Savior turned water to wine. Here lies woman's mission among her own sex; among those scorned and despised, while at the same time men as guilty, or guiltier—their very paramours—are received in society, courted and caressed, and admitted even into our family circles, where they are honored as if they were pure and undefiled. If He who, in the purity of His heart, said "Go and sin no more," could find words of forgiveness, how much more should we vile creatures forgive and forget a fallen woman's shame. Now then if women desire to engage in a truly noble work let them, throughout the length and breadth of the land, take up the cause of their fallen sisters and begin the reformation by ostracizing every young man, or even old one, who is known to frequent the house of the scarlet woman. Let them also seek out the fallen sisters, pray with them; encourage them with good advice; seek out for them employment whereby they may obtain an honest livelihood, and then indeed will our female reforms shine out lovelier far, as true women should, than they do while congregated in praying and psalm singing bands around the doors of low groceries, kneeling in filth and slush, and accomplishing nothing, but adding fuel to the fires of fanaticism. Let these praying bands, therefore, begin their work of modern reform in this way and they will have the earnest sympathy and support of society throughout the land."

"Prayed out of town," are the words nailed on the doors of several saloons at Xenia, Ohio. An exchange says woman's sphere is marriage. We never saw one yet that had any fear about it. Speaking of becoming attire, what thing is most likely to become a woman? Why a little girl, of course. Old yarns—Darned stockings.

TO THE UNFORTUNATE!

NEW REMEDIES! NEW REMEDIES! DR. GIBBON'S DISPENSARY. 623, Kearney St., Corner Commercial Street, San Francisco.

Established in 1854, for the treatment of sexual and seminal diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, seminal weakness, impotency, etc. Skin diseases, of years standing, and ulcerated legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals in Europe, and has resumed practice at the Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

HORRIBLE DISEASES! How many thousands of persons, both male and female, are there who are suffering to a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for at once before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or those interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

SEMINAL WEAKNESS. Seminal emission—the consequence of self-abuse, or of a debilitated or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pains in the head, ringing in the ears, noise like rustling of leaves or rattling of chariot wheels about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furrowed tongue, fetid breath, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his or her scientific mode of treating this disease, which never fails in effecting a quick and radical cure.

CURED AT HOME. Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

By inclosing Ten Dollars coin, in registered letter through the Postoffice, or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential. Address DR. J. F. GIBBON, 623 Kearney street, San Francisco. Postoffice Box 1, 957. n 11yrl

Ayer's Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Ayer's Cathartic Pills

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief when required. Long experience has proved them to be the safest, surest, and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. Thus the disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar-coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution or diet or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure—

For Dyspepsia or Indigestion, Listlessness, Langour, and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic, and other Disorders of the Liver, they should be judiciously taken for each case, to correct the diseased action, or remove the obstructions which cause it.

For Bilemiasis or Diarrhoea, or other mild Disorders of the Bowels, they should be taken in small doses, and gradually increased, until the diseased action of the system is changed to health, and the various symptoms disappear.

For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression, a large dose should be taken as it produces the desired effect by spasmolytic.

As a Dinner Pill, take one or two Pills to promote digestion, and relieve the stomach. An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
