We want money to buy new material and to lay in our winter stock, and those owing us MUST PAY US IMMEDIATELY, or we will know why. We mean what we say. J. M. SHEPHERD.

PRAYER MEETING.—A prayer meeting will be held at the Court House, on Saturday evening of this week.

DR. D. D. STEPHENSON, of the Dalles, has opened his office in the room lately occupied by Dr. C. H. Mack, first door above the Jail Road House, where he will be pleased to have his friends, as well as the public give him a call. The Dr. is a good dentist, and does his work well and at reasonable prices. He will only remain in our city a short time, therefore, those having work in his line, will do well to call soon.

If Farmers and others do not furnish us hay, grain, &c., when we notify them of our wants, we must have money to pay for the same. We want the pay for our labor and intend to have it, even if we have to make cost on those indebted to us. We are tired of begging and pleading for what is due us.

Information Wanted.

By the politeness of D. L. Moomaw, Deputy Sheriff, we are permitted to lay the following letter before our readers. Any information our farmers or stock raisers have to give, can be addressed to either Mr. Moomaw or to this office, and it will be forwarded to the party making the enquiries. The very lowest cash prices should be mentioned by those having cattle for sale. It must be remembered that cattle in other sections of country are selling very low down, and that winter is coming on, and if our stock men expect to sell they must bring the prices down so that purchasers will find it to their advantage to come to this market for their supplies. But to the letter.

CAMP HALLECK, Nev., Oct. 15, 1874.

SHERIFF BAKER CO.—DEAR SIR,—As I contemplate visiting your country soon, to buy cattle, you will do me a favor by showing this letter to some of the stock men of your vicinity—hoping they will address me and give me the desired information. I want one thousand head of yearlings, all steers, if I can get them conveniently—that is, that class of cattle. I would like to have the prices of all ages, from yearlings up to cows and four year old steers. Also, what good Dairy cows can be bought for. Hoping to hear from you soon, I remain yours, very respectfully. J. M. MITCHELL.

FINE POTATOES.—Mr. John Stewart, who has a good farm about one mile from our city, brought to our office last Monday, a sample of potatoes raised by him. The varieties are the blue and white methanick, and are very fine. The yield to the acre will be at least three hundred bushels. Mr. A. Tureman, who owns a farm near Pochontas, also brought us some Early Goodrich potatoes which fairly laugh at you, when cooked with their "jackets" on. He also raised so many turnips on a small piece of ground that he does not know what to do with them. We hope all farmers will bring us samples of their productions, so that we may be enabled to make note of the varied productions of our soil and its capacity.

LET.—Mr. Ran. Bailey, an old young citizen of this county, left on last Monday night on a visit to Virginia City, Nevada. He expects to return home in the spring. We wish him a pleasant and profitable visit.

We understand that Mr. Rockfellow is trying to raffle off Powder River Dasher, who came within three feet of beating Emma McCormick, a single dash of a mile. The raffle will take place at Boise City.

I. C. B. C.—The special session of the Grand Encampment of Independent Champions of the Red Cross, for the Idaho and Eastern Oregon jurisdiction, convened at Boise City on last Wednesday, and fixed the time of holding its regular session for 1874, for the next day, and on the Second Tuesday in October hereafter. On Thursday, the 23d, the Regular Session of the Grand Encampment was opened with Grand Commander, A. Heed, in the chair. The following Grand officers were elected for the ensuing year: Past Grand Commander, A. Heed; Grand Commander, Orlando Robbins, of Boise City; Grand Counselor, McHendry, of Centerville; Grand Secretary, T. D. Cahalan, Boise City; Grand Senior Champion, Mrs. Sue. Hill, Idaho City; Grand Junior Champion, H. C. Shepherd, Baker City; Grand Chaplain, Rev. J. B. Foster; Mistress of Ceremonies, Mrs. M. Robbins, Boise City; Grand Treasurer, Mrs. J. W. Griffin, Boise City; Grand Sentinel, Murrat, Idaho City. They left it optional with members whether they would belong to the Life Association or not.

Mrs. R. C. Shepherd returned home from Boise City on last Saturday evening. She lost a ladie's black leather traveling sachel at one of the stations (she thinks at Crystal Springs), where the passengers and baggage were changed from one stage to another, which she would be pleased to have forwarded to her. Send the valises along to this office. Since the foregoing was in type the gentlemanly and careful drivers on the North Western Stage Company's stages, have looked up the missing sachel (as they always do, when anything is mislaid or lost on the line), and delivered it at its destination. It is a pleasure to travel in the stages of this company. The officers, agents and drivers are gentlemanly, polite and accommodating.

It is Not True.—There seems to be an opinion prevalent with some persons that there will be a further postponement of the Library Concert. There is no ground for this idea. We speak 'ex-cathedra' when we say that Gov. Bramlette informs us, and through us the public, that the drawing will take place on the 30th of November, as surely as that day will arrive in the calendar. Those who wish to partake of the benefits of the gifts, or to add their mite to the success of the great Library, should not delay an hour to become shareholders in the grand enterprise ever offered to the public in this or any other country.

WINTER COMING.—On last Saturday there was such a change in the atmosphere that it reminded us of the fact that our pleasant and beautiful Autumn, like every thing else in nature, must sooner or later, fade and die. The present fall reminds us of the first one, that of 1862, that we passed in Eastern Oregon. But, on last Saturday the beauties of the season were marred by light flakes of the "Beautiful Snow" floating through the atmosphere, which admonished us that bleak and drear winter, like old age, was creeping upon us with its hoary locks and garbment. We want some wood.

OWYHEE AVALANCHE.—We call the attention of our readers, to the advertisement of the Owyhee Avalanche, in another column of the DEMOCRAT. "Old Hill" makes a good, lively and newsey paper. The Daily Avalanche gives us several days later telegraphic news than we possibly can get from any other source. The business men of Eastern Oregon and Idaho will find it to their advantage to subscribe for the Avalanche. Specimen copies can be seen at this office.

RACE.—Captain Jinks beat the Sturgill six, Wild Weasel, at Boise City, October 19, six inches. We are informed that the race was intended to have been a quarter of a mile for \$1,000, but the owner of Jinks got frightened, and wanted to pay the forfeit, but Sturgill told him he would run him for \$200. The distance ran was only 400 yards. The Sturgill boys started for home last Thursday morning.

We are under obligations to the citizens of Idaho for large additions to our subscription list in that beautiful and prosperous Territory. We feel a deep interest in the success, prosperity and welfare of the people of Idaho, and will at all times do all in our power to aid them. The interests of Idaho and Eastern Oregon are so closely connected that what results to the advantage of one benefits the other. We wish our friends in all portions of Idaho would write to us, and keep us informed of all matters of interest in their vicinity.

Miss Moss, of Oregon City, who has been spending the summer with relations and friends in this county, left for home on last Thursday evening. She is a very interesting young lady. We were in hopes that some one of our available young gentlemen would have prevailed upon her to make his home cheerful and happy, and that she would thereby have become a permanent resident of our city.

SOCIABLE.—The Ladies of the Methodist Episcopal Church congregation will give a Social party at the Parsonage on next Friday evening. The object is to take steps towards establishing an Aid society, and for raising funds to purchase an Organ for the church. It is to be hoped there will be a good attendance. A pleasant time is anticipated.

J. W. Virtue and family, accompanied by Miss Nora Moss, left on last Thursday evening on a short visit to Portland, and other portions of the Westfoot country. We wish them a pleasant visit.

DIED.—At Canyon City, Oct. 20th, 1874, JIMMY, son of James and Lizzy Robinson, aged 15 months and 18 days. Thus passes another tender and beautiful flower from Earth to Heaven.

ELECTED.—James Hendershot, of Union county, was elected by the Legislature, in Joint Convention, on last Wednesday, Oct. 21st, Register of the State Land Office at La Grande.

CARPENTERS.—We are informed there is a good demand for carpenters in and around Baker City, at good wages; and that the supply is not equal to the demand.

HARRY C. SHEPHERD is authorized to transact business for the BEDROCK DEMOCRAT at Boise City, and for Southern Idaho.

Complete returns from Ohio show a Democratic Majority of 17,200. The Congressmen are fourteen Democrats and six Republicans, a Republican loss of eight.

PATENT SERMON.

FOR THE BEDROCK DEMOCRAT.
 BY JOE, JUNIOR.

Text.—Labor.
 DEAR READERS:—By the sweat of thy brow, shalt thou earn thy daily bread; is a divine command; then, why should we be ashamed, of doing any kind of honest labor; the working man is always healthy, and able to enjoy the good of this life: there is no surer sign of national prosperity, than labor in life, in any country or place where a man is honored or despised, according to the character of his his calling, instead of according to his own character in that calling; there exists all the elements of decay; to labor we owe the advancement of our country, and of our hopes of future success, here industry and energy win the esteem they merit: whatever branch of industry the laborer may occupy, in the eyes of the intelligent person, the laborer is not despised although his clothes may be rough and homely. Our hands had better be rough and hard by honest labor, than to be soft through idleness or crime, remember that to labor, you are obeying one of the commandments of God, and to do that is to do right. So mote it be. Amen.

A PLUCKY WOMAN.—The Engine Guard says: In Siuslaw on Thursday of last week the wife of Knox Huston killed a full grown panther or cougar as they are commonly called. Mr. H. being away from home, his dogs treed the animal about three quarters of a mile from the house, up a large fir tree, surrounded by dense thicket of underbrush. Whereupon Mrs. H. took a Spencer rifle and went to them; on arriving she saw his magisty, cat like, lying compositly on a limb of the tree; an off hand shot brought him to the ground, slightly wounded; then ensued a rough and tumble fight with the dogs, it attempting to climb and they preventing it. She got another shot in, giving it another slight wound, than another fight between dogs and cat; it got one dog's head completely in its mouth, when Mrs. H. ran up and 'hoiled' and placing the muzzle near its head, shot the animal dead. It measured eight feet in length, and the hide is stetched on the side of Mr. Huston's barn to convince unbelievers. While this was not a full sized Cougar, it is probably the largest cat killed by a woman in Oregon.

A Milwaukee paper says: "What is wanted in Kansas is more telegraph poles, or stronger ones. The average pole holds only about four horse thieves comfortable."

The Crucial Test of the value of a medicine is time. Does experience confirm the claims put forth in its favor at the outset? is the grand question. Apply this criterion, so simple, yet so searching, to Tarrant's Effervescent Seltzer Aperient. How has it stood? What has been its history? How does it stand to-day?

Tarrant's Seltzer Aperient is a household name throughout the United States. It is administered as a specific, and with success, in dyspepsia, sick headache, nervous debility, liver complaint, bilious remittents, bowel complaints (especially constipation), rheumatism, gout, gravel, jaundice, the complaints peculiar to the maternal sex, and all types of inflammation. So mild is it in its operation that it can be given with perfect safety to the feeblest child; and so agreeable to the taste, so refreshing to the palate, that children never refuse to take it.
