

Bedrock Democrat.

Baker City, Feb. 3, 1875.

From the manner in which the Bedrock is being dropped and the Herald substituted by the people we are led to believe our readers are fully as well satisfied with what we can furnish them as though we should hire a lawyer to write our editorials.—Herald.

The Herald, which is so addicted to making false statements that it will tell a whop per when the truth would answer better—is mistaken. We have no lawyer to write for us, and neither do we steal editorials from other papers and try to make people believe we write them. The poor fellow, who tries to look wise and calls himself editor of the Herald, could not know that some two weeks since it was sloppy in our streets from the fact that he travels around in mud-scoops made of cow-hide, and is so near-sighted that he cannot see the ground to tell whether it is sloppy or not. He makes a great blunder because we accidentally said in our weather report last week that the mercury was 44 degrees below zero. The poor fellow did not take into consideration that our thermometer was turned upside down for the purpose of giving him an item. We knew he would bite—suckers always do.

GOLD BAR.—On last Friday we dropped into the Assay Office of J. W. Virtue's, at his Bank, and there witnessed him run a very fine little Gold brick, the result of fifteen days' run of fifteen stamps of the Virtue Mill, from ordinary rock of the Virtue Mine. This bar only weighed two hundred and eighty nine ounces and twenty hundredths, was 905 1/4 fine and was worth Five Thousand Four Hundred and Thirty Dollars and Thirty-three cents. The Mill is in complete repair and is constantly running and the Mine is showing and yielding well as the above bar will fully demonstrate. There are about fifty hands employed there now and Superintendent Hyde informs us he expects to put on some twenty or more soon. The Mines that are being worked in our county are all looking well, and improve as they are gone down upon. The future of the mines of Baker county is very bright.

MARRIED.—In Boise City, January 27th., 1875, at the residence of A. H. Boomer, by the Rev. J. P. Lytton, Mr. John A. Post to Miss Louise J. Dolloway, all of that city. With pleasure we announce the reception of cards. John A. Post is one of the noble men of Boise City. He is the Postmaster there, and they could not have a better. We have not the pleasure of an acquaintance with the fair bride, but hope and believe from the good account we hear of her, that she is an accomplished, noble and true woman, who will make our friend a loving and agreeable companion on the journey through life, which he so richly merits. We wish them a happy and prosperous journey down the path of time.

CLOSING EXERCISES.—On last Friday evening the closing exercises of the last term of the Baker City Academy was held at the Academy Building. The scholars all did well, to discriminate would do injustice to some, therefore we will not make the attempt. For the best readers among the Misses, Pauline Eppinger received the first prize and Fanny Worlow the second. For the best declaimers among the boys, Jacob Robbins received the first prize and Charles Yantis the second. The house was crowded to its utmost, and everybody was well pleased with the entertainment.

DIED.—To Boise Statesman, in speaking of the death of Wm. F. McCrary, says, "we are sorry to announce the death of Wm. F. McCrary, of Baker City, who died on the 21st inst. Mr. McCrary crossed the plains with his family in 1862, and located at Auburn, and has held the office of Post Master at that place and Baker City ever since. We have been personally acquainted with him from that time. He has lived a moral, good life, and leaves a kind family and a host of friends to mourn his sad departure."

DIED.—It was with feelings of the deepest sorrow that the many friends of Tryphena M. Abbott learned of her death at Pendleton on the 22nd of January. She had a host of friends in our city, where she used to live, and was well known. They extend their sympathy to the bereaved family.

MUSICAL REVIEW.—We are in receipt of the January number of the Musical Review, a monthly journal of music, art, &c., published by Sherman & Hyde, music dealers, San Francisco. It commences the year enlarged and otherwise improved. The subscription price is only \$1.50 per annum, and the number before us contains a selection of the latest and best music, worth more than is asked for the Magazine a whole year. No one, musically inclined, should be without it.

NEW MUSIC.—We return our thanks to F. W. Helmick, Music Dealer, 278 W. Sixth St. Cincinnati, Ohio, for a splendid piece of new music, in the shape of a Comic song and chorus, with dance attached, the words and music by John McVeigh. The price of the music is 35 cents. We hope friend Helmick will continue to remember us. The music is set for Piano &c.

MOVED.—Chas. St. Louis, has moved his Jewelry Shop to the building formerly occupied by the City Drug Store. He has remodeled the inside of the building and now has a large, neat and commodious Store room.

PLEASURE PARTY.—We hear it intimated that a party of our youngsters and others, to the number of several sleigh loads, will visit Union on the 22nd. If they conclude to go we guarantee that the Union folks will make the time pass pleasantly for them.

VALENTINES.—Tracy, at the Post Office Book Store, has a large lot of new, nice, and appropriate Valentines. Go and see them and buy what you want before they are all picked over. Some of them are very fine and so comical.

The Herald caught a new subscriber last week. How the poor fellow did cackle over it. We receive from one to half a dozen a day, but do not mention it from the fact that we do not wish to make the poor fellow feel bad.

THERE is no school at the Academy this week.

NEW ADVERTISEMENTS.—We call the attention of our readers to the advertisement of Jas. A. Pinney & Co., of Boise City. This firm has the largest stock in their line north of San Francisco, outside of Portland. They take greenbacks at par and sell very cheap. They are prompt in attending to all orders.

Stock buyers will do well to look at the advertisement headed Cattle Sale. This is all good stock and Mr. Mansfield has plenty of feed to keep his cattle in good condition through the balance of the winter.

Fred Bohna, as will be seen by his new advertisement, has bought R. D. McCord's interest in the saloon business.

Fred Dill now owns the City Market and will keep it supplied with the best of all kinds of meats. Fred understands his business.

John Eppinger has sold his Butcher shop to Fred Dill. He wants those indebted to pay up. See his ad.

The Grand Kentucky Library Gift Concert—the last one—will certainly take place on the 27th of this month. See ad.

EPISCOPAL SERVICES.—Are appointed at the Episcopal Church on Friday at 6 1/2 P. M.; and on Sunday following at the usual hours. Rev. Dr. Nevius' regular appointment is for the first Sunday in each month.

ARRIVAL.—Mrs. Thomas Lake and Miss Rhoda Levens arrived from Connor Creek last Sunday. Miss Rhoda has been on a visit to her sister, Mrs. Lake, who comes to spend the rest of the winter in this city.

PROTRACTED MEETING.—A Protracted Meeting is progressing at the new M. E. Church in our city. It is largely attended. We hear it intimated that there is to be a wedding there this evening.

CORRECTION.—In our city edition last week, in our notice of the death of W. F. McCrary, the type made us say he was married in 1837. It should have been 1847.

LAST WEEK in the hurry of making up, our weather report was not read after being set up. It should have read above instead of below zero. We republish the report this week corrected.

SNOW.—On Sunday night and Monday the snow fell in our valley to the depth of about eight inches.

The late cold weather has made it necessary for our stock men to feed so much hay that it is found that this article of feed may become short before grass.

The Stage Company are running sleighs between our city and Boise City in Idaho, and to Pendleton in Oregon, a distance of about 250 miles.

COLLECTIONS made in any part of the State by the Mining and Real Estate Agency. Property of all descriptions, especially mines and real estate, bought and sold.

BOATS RUNNING.—The Columbia River, between the Dalles and Portland, is free from ice, and boats are again making their regular trips. We received Portland dailies up to the 28th ult., on Monday evening.

PETITION.—A petition to Congress asking for the passage of the Portland, Dalles and Salt Lake Railroad bill is being largely signed by our citizens. Let everybody sign it.

A. J. SHEPARD, Wells, Fargo & Co's agent at Winnemucca, has our thanks for a neat and handy Calendar for 1875. Shep never forgets us.

SLEIGHING.—Both of our Livestock Stables have nice turnouts in the sleigh line. They keep good stock, and charge moderate prices.

A. H. STONE, Wells, Fargo & Co's agent at Umatilla, has our thanks for late telegraphic news. Do so more friend Stone.

DEPUTY Postmaster Tracy, has gone to housekeeping in the dwelling immediately west of our office.

HANK EDWARDS was in our city yesterday, looking first rate for an old bachelor.

By resolution the Minnesota Legislature has called on King, a Congressman of that State, to come out and tell all he knows about the distribution of the Pacific Mail subsidy bribe money. Speak out, Mr. King.

Don't Hack, Hack, Cough, Cough!—Cough is a symptom by which various diseased conditions of the throat, bronchial tubes and lungs manifest themselves. But whether it arises from the irritation produced in the throat and larynx by taking cold, from an attack of Bronchitis, from incipient Consumption, or from various other causes, nothing will allay it more speedily or cure it more permanently than Dr. Pierce's Golden Medical Discovery. It does not matter whether it be a recent attack, or a lingering cough, the Discovery is in either case equally well adapted for its relief and permanent cure. In fact, it will cure a cough in one half the time necessary to cure it with any other medicine, and it does it, not by drying it up, but by removing the affected parts. No time should be lost in commencing the use of a proper medicine for the relief of a cough, for unless this course is pursued, serious and dangerous disease of the lungs is liable to result. Golden Medical Discovery is sold by all dealers in medicines.

The Most Beautiful Tree in the World!

Paulownia Imperialis of Japan.
The following description of this vast tree is taken from the proceedings of the Cincinnati Horticultural Society, as published in the Times and Gazette, of Jan. 11th, 1874.

This magnificent, rapid-growing Shade Tree is given up by all who have seen it to equal in beauty the lovely "Southern Magnolia." Seventy-five to one hundred splendid Blue Flowers grow in a cluster, each flower being as large as the largest "Morning Glory," with a texture as fine as a tulip, and as fragrant as a hyacinth. A single cluster of flowers would almost fill a half-bushel measure—a splendid bouquet. The foliage is of monstrous size, a single leaf measuring over seven feet in circumference. Will bloom in four years from the seed. Tree hardy; can easily be raised from the seed. A package of one hundred seeds, with full directions for cultivation, sent to any address for Fifty Cents. Fine young trees, two to four feet in height, carefully packed and delivered at the Express Office free of cost.

Prices:—One tree, \$1.50; Two Trees, \$2.25; Six Trees, with one extra Tree to get up Club, \$6.

Send stamps for pamphlet giving a full history of the Tree, mode of raising same from seed, &c.
