

# Bedrock Democrat.

Baker City, March 24, 1875.

The BEDROCK DEMOCRAT has more bona fide, paying subscribers in Baker County, than has any other two papers published in the State. We put no man's name on our subscription list unless we have orders so to do.

DR. T. N. SNOW is authorized to act as Agent for the BEDROCK DEMOCRAT at South Mountain, Idaho.

MARYSVILLE MINING & WATER CO.—On yesterday we had the pleasure to make the acquaintance of Mr. Best, who has just arrived from Marysville to attend to the interests of the Marysville Water & Mining Company, whose works are located at Auburn, in this county, where they now have in 1500 feet of flume which will convey some 2000 inches of water. It is the intention of the Sup't. to run day and night and it is expected that they will be able to wash down 1500 square yards of ground every twelve hours. The Company are well pleased with their prospects, and look for big pay from their mining operations this season. Mr. Best has the appearance of being a practical man, and understands the business of which he has charge. The Company have five goose neck noggies from 2 1/2 to 3 1/2 inch, and three Little Giants on the way here, some of which will be for sale. Here will be a good opportunity for some of our hydraulic companies to supply themselves with these improved means of washing down banks. The Marysville Company will commence running as soon as water starts.

SNOW.—On last Saturday we, in company with Mr. E. P. Cranston of Sparta, and Judge Haines of this city, started down Powder River Valley for the purpose of trying to bag a few ducks and geese, which we understood were quite plenty a few miles below our city. Upon getting to the desired hunting ground, we found the whole face of the country covered with snow from one inch to four and five feet in depth, and distance lent enchantment to the view of geese and ducks we could see, at from 300 yards to one mile off—sitting on the snow where their range of vision was unobstructed for miles around. There were plenty of ducks and geese there, but shotguns to kill them with were only an aggravation. We only got shots as the birds were flying over us at a great height. Mr. Cranston made one lucky shot at long range and bagged his goose. We all returned home disgusted with hunting geese and ducks on the snow, and concluded that our next hunt would be after the snow had gone and water took its place, through which we could wade with our long gun boots, and once in a while strike a slough where we could learn to swim.

HOGS.—On last Wednesday Mr. G. W. Hunt, of Bluff Station, on the Payette River, in Ada County, Idaho, passed thro' our city with a drove of about 200 fat hogs, which he purchased in Grande Ronde Valley. Among the number we took notice of several full blooded Berkshires, and some three quarters and half breeds, which we suppose will be used as stock hogs. Taken altogether they were a fine lot of porkers. Mr. Hunt has a large and fine ranch where he lives, and takes great pains and pride in having it well improved and well stocked with all kinds of blooded animals. George understands his business, and we are pleased to know that he is doing well. He is an early settler in Idaho, and with his amiable wife and family lives happily and contented at home.

CLOSING EXERCISES.—The winter term of the Baker City Public School will close on March 30th, next Tuesday. On the evening of that day the public exercises will take place at the Court House. Mr. Small, the teacher of this school, deserves great credit for the success he has had as teacher of this school for the past six months. The scholars have made great improvement during the term, and now they wish to contribute their mite for the entertainment and amusement of their parents and friends by giving a public entertainment, consisting of Dialogues, Recitations, &c., to which the public are invited. Go and see and hear the children on next Tuesday evening at the Court House and make their hearts glad. Admission free.

MINING.—The snow that has fallen with in the past thirty days we are told is equal in the mountains to all that has fallen during the winter before. That which has fallen lately has been very heavy and contains a large quantity of water, which gives our miners great prospects for a good mining season. Mr. L. W. Nelson informs us that he has no partner in his mining claims on Salmon Creek, and that he hopes to have a good and profitable run there this season. His son, W. S. Nelson is now at the mines getting them ready for operating.

HEAVY EXPENSE.—On last Saturday and Sunday quite a number of the citizens of Connor Creek were brought to our city, by process of law, as principals and witnesses in a criminal case, the result of which will entail a heavy expense on the county, as well as on the individuals who are compelled to visit our city from Connor Creek in connection with this case.

WEATHER.—On Sunday the wind came from the South, and partook, in a small degree, the characteristics of Chinook, which caused the snow to disappear from our streets, and on Monday morning the atmosphere had all the bracing elements of a regular spring morning. Spring has come—say our weather prophets. We hope they may prove true in their prognostications.

BIG FOOT.—Spoken of a short time since by the Pendleton Tribune as a runner for some house below, is in our city The ladies when they see those big boots coming down street give them a wide track, and our men folks when they see their nose passing from behind a corner, look out for the little specimen of humanity that they carry in them. Oh! What boots! And, ye Gods! What a foot is in them.

BOOKS AND PAPERS.—Tracy, at the Post-office Book Store, has been receiving a large and general supply of books, papers, and a great variety of small notions in his line. Call and look at his assortment.

CALLED.—Charles Green, of Rye Valley, who has just returned from a business trip to San Francisco, called on us last Monday.

MAIL LEFT.—We are informed by passengers from Portland that there is considerable mail matter scattered along the road on each side of the Blue Mountains. If this is the case the matter should be looked after by the mail agent, and the evil remedied.

ACQUITTED.—The parties from Connor Creek—Messrs. Lew Sisley, C. C. Davis, F. B. Taylor, C. Van Clay and Eddie—who were arrested on complaint of J. A. Edleman for assault to kill or commit bodily harm, or some other charge, were all acquitted, there not being sufficient evidence to sustain the charge.

MOVED.—Phil Hardesty has moved his Variety Store from the old stand to the building next door above Pap Levens' Wholesale and Retail Liquor Store. He has his new quarters fixed up in nice style, where he will be pleased to see all those wishing anything in his line.

ACCIDENT.—We see by the late Portland papers, that a son of Geo. E. Cole, aged about 16 years, accidentally shot himself with a Derenger pistol last Sunday week. The wound is considered dangerous. The young man is a nephew of R. H. Cardwell, of our city.

Job Printing.—We are prepared to do all kinds of Job Work at the BEDROCK DEMOCRAT office on short notice and at reasonable rates. Call and see our specimens.

DIED.—In Baker City, at the residence of Judge D. B. Scofield, March 19th, 1875, John Cliburn, aged about 60 years. The deceased was an old and respected citizen of Auburn, in this county.

HON. JOHN HALEY, Delegate to Congress from Idaho, arrived home, at Boise City, last week.

HAY is getting short in Powder River Valley, but if the present pleasant weather continues there will not be much more needed for stock before next winter.

The people from all points heard from in Oregon, Washington and Idaho are rejoicing over the railroad news received.

FEEL GOOD.—Our people are all well pleased at the favorable news received in relation to the Railroad.

PREACHING.—At the M. E. Church next Sunday at 11 o'clock, also at 7, by Rev. G. W. Adams, Pastor.

D. A. LANCASTER, the gentlemanly agent for the well known house of E. Martin & Co., of Portland, has been in our city for the past few days.

BORN.—In Baker City, March 15th, 1875, to the wife of John W. Wisdom, a daughter. Mother and daughter both doing well.

The south wind of Monday and Tuesday caused the water and mud to disappear from our streets very rapidly, and it is now quite dry and pleasant getting around for footmen.

At the City Election for Recorder last Thursday, J. M. Shepherd received 44 votes, and E. W. Reynolds 34. The Recorder's office is now in the BEDROCK DEMOCRAT building.

## Union Items

The weather remains stormy, with about two inches of snow in the valley.

L. Benson, of North Powder, died at the residence of D. R. Benson, near Union, on Wednesday last. He leaves six small children, the eldest of which is about 15 years of age.

The happiest man we have seen lately is Lou Remillard, who got matrimonially tangled on the 17th.

We are informed that D. W. Lichtenhaler, of La Grande, will soon establish an office in Union.

One would suppose elk as docile in this country when people catch them with the lasso, as Mark Benson did on Friday last, near the Catherine Creek saw-mill.

Hay is getting to be a very scarce article now, some stock are dying, and if the weather remains so a few days there will be a great many perish. BONUS.

## The "Housekeeper" of Our Health.

The liver is the great depurating or blood cleansing organ of the system. Set the great housekeeper of our health at work, and the foul corruptions which gather in the blood and rot out, as it were, the machinery of life, are gradually expelled from the system. For this purpose Dr. Pierce's Golden Medical Discovery, with small daily doses of Dr. Pierce's Pleasant Purgative Pellets are pre-eminently the articles needed. They care every kind of humor from the worst scurf to the common Pimple, blotch or eruption. Great eating ulcers kindly heal under their mighty curative influence. Virulent blood poisons that lurk in the system are by them robbed of their terrors, and by their persevering and somewhat protracted use, the most tainted system may be completely renovated and built up anew. Enlarged glands, tumors and swellings dwindle away and disappear under the influence of their great solvents. Sold by all dealers in medicines.

AS BROAD AS CIVILIZATION.—The agent of the Wilson Sewing Machine Company will, in a few days, sail from San Francisco for Chili, in South America, where he will open a Branch House and exhibit the world-renowned Wilson Shuttle Sewing Machine at the grand exposition to be held at Santiago under the auspices of that government. By this step the Wilson Sewing Machine Company will complete the circuit of the globe. They have already immense agencies in China, Japan, British India, England, France and other parts of South America. Supreme in its superiority over all other sewing machines, the Wilson goes on widening its field year after year, carrying the blessings of a cheap, capable, and perfect sewing machine to the remotest haunts of civilization. Machines in this country, free of transportation charges, if ordered through the Company's Branch House at 327 & 329, Superior St., Cleveland, Ohio.

They send an elegant catalogue and chromo circular, free, on application.

This Company want a few more good agents.

"What I Know, I Know," said the great surgeon Magendie. "Give me stubborn facts; I care not for theories." This is sound doctrine. Possibly a medical martinet might be able, in a plausible way, to show why Dr. Walker's Vinegar Bitters ought not to cure Indigestion, Headache, Nervousness, Liver Complaint, Muscular Diseases, and Miasmatic Fevers; but as they do in every instance effect that object, his fine theory would be a waste of words. As Magendie said, the world demands facts, not speculative opinions.

RELIGIOUS.—Divine Service will be held in the M. E. Church, the second and fourth Sabbath of each month, at 11 o'clock A. M., and 6 1/2 P. M.—Expository Lecture, by the pastor, and Prayer Meeting every Wednesday evening at 6 1/2 o'clock. All are invited to attend.  
G. W. ADAMS, Pastor.

Baker City Lodge No. 25, I. O. O. F., meets every Saturday evening, at half past six o'clock, at Odd Fellows Hall, in the new Bank Block, corner of Front street and Court Avenue. Members of the Order are invited to attend. By order of N. G.

Chas. St. Louis has located permanently in Baker; and is now prepared to manufacture and repair all kinds of jewelry and watches. After twenty-eight years' experience in the business, he feels competent to give entire satisfaction. Mr. St. Louis is also agent for the best Sewing Machine in use, the New Wilson, price, \$55.00.

USEFUL PRESENT.—Every family ought to have a good Sewing Machine. We have a beautiful New Silver Plated Wilcox & Gibbs' Machine, that would be a beautiful, valuable and useful present to any man's wife, mother, sister or sweetheart, which we will sell on easy terms. ## TO THE UNFORTUNATE!

NEW REMEDIES! NEW REMEDIES!

DR. GIBBON'S DISPENSARY.

623, Kearney St.,

Corner Commercial street,

San Francisco.

Established in 1854, for the treatment of sexual and venereal diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, seminal weakness, impotency, etc. Skin diseases, of years standing, and ulcerated legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals in Europe, and has resumed practice at the Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

## HORRIBLE DISEASES!

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cured and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or those interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

## SEMINAL WEAKNESS.

Seminal emission—the consequence of self abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz. Catarrh of the bladder, dark spots under the eyes, pains in the head, ringing in the ears, noise like rustling of leaves or rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions on the face, hectic flushes, burning tongue, fetid breath, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure.

## CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

By enclosing Ten Dollars coin, in registered letter through the Postoffice, or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential. Address DR. J. F. GIBBON, 623 Kearney street, San Francisco. Postoffice Box 1-957. n11y1.
