DEMOCRATIC STATE CENTRAL COMMITTEE.

Last Thursday, at 11 o'clock, A. M., the Democratic State Central Committee met pursuant to call at Bellinger and Bingham's law office. The whole proceedings were had:

C. B. Bellinger was elected chairman pro tem., and A. Noltner was elected secretary.

Members of the convention from the different counties were present, as follows:

Columbia, S. A. Miles; Coos, Jas. Aikin, by J. M. Thompson, proxy; Clatsop, A. Van Dusen; Jackson, H. Klippel, by J. C. Bellinger, proxy; Linn, N. Price; Lane, J. M. Thompson; Marion, J. F. Miller; Multnomah, Eugene Semple, by Joseph Reily, proxy; Yamhill, W. T. Newby, by Geo. L. Curry; Polk, D. J. Holmes; Union, Jas. H. Slater, by A. Noltner, proxy; Washington' E. Chinette, by J. W. Scoggins, proxy; Tillamook, W. H. Fawcett, by A. Noltner, proxy.

Eugene Semple having removed from the country, Geo. L. Curry was allowed jointly with Joseph Reilly to cast the vote of Multnomah.

The following resolutions were adoptod:

RESOLVED, That a Democratic State Convention, to nominate a candidate for Congress, be voted far the ensuing special election, to be held in the city of Salem on Tuesday, the 29th day of July, 1875; that the committee recommend that primary conventions be held on Saturday, the 17th day of July, and that county conventions be held on Wednesday, July 22d. When these recommendatieus do not meet the convenience of the various counties and precincts, the appropriate committees will appoint a different time.

RESOLVED, That the representation in the Democratic State convention, which has been called by this committee, shall be based upon the vote cast at the last general election for Geo. A. LaDow, the Democratic candidate for Congres, allowing one vote to each county and one vote to each one hundred votes, or fraction of over fifty votes so cast.

The following is the representation in said convention:

Baker, 6; Benton, 4; Clackamas, 7; Clatsop 2; Columbia, 2; Coos, 5; Curry, 2; Douglas, 6; Grant, 3; Jackson, 10; Josephine, 3; Lane, 7; Linn, 11; Marion, 9; Multnomah, 9; Polk, 5; Tillamook, 2; Umatilla, 6; Union, 6; Wasco, 5; Washington, 4; Yamhill, 6. Total number of delegates, 120.

On motion, adjourned.

DEMOCRATIC COUNTY CENTRAL COMMITTEE.

There will be a meeting of the Democratic County Central Committee held at Baker City, on Monday, July 5, 1875, for the transaction of important business. A full attendance is requested.

J. H. PARKER,
Chairman.

Baker City, June 28, 1875.

THE VIRTUE MINE.

The Owyhee Avalanche of June 24th says, the mine is situated near Baker City, Oregon, and is at present attracting considerable attention both at home and abroad. The ore is entirely of a gold bearing character, the bullion being 940 fine and worth $19,50 per ounce. The Company have a magnificent 20-stamp mill in close proximity to the mine. The ore is run from the mine directly into the mill, which does away with the expense of hauling. Mike Hyde, formerly of Fairview, is Superintendent of the Virtue. He is a gentleman of extensive practical experience in quartz mining, and we predict that he will have the Virtue on the list of dividend-paying mines as soon as he gets it in proper shape for yielding ore. Mr. Hyde passed through here on his way home from San Francisco a couple of days ago, and informed us that he has a new and complete set of heavy hoisting machinery on the way. He shipped it from San Francisco to Portland and thence up the Columbia to Umatilla, from which place it is being brought up by teams to Baker City. By that route, the freight from San Francisco to Baker City is only 4½ cents per pound. As soon as the new hoisting works are ready for operation, the sinking of a new shaft will be commenced 500 feet east of the ledge on the surface, which will tap it at a depth of 1,500 feet. The ore taken out of shaft, winzes and drifts, without any stoping, very nearly paid the expenses of working the mine during the past winter. The schute of pay-ore is known to extend at least 1,200 feet along the ledge, and when it is properly opened and stoping commenced, big bullion shipments are expected. The mine is splendidly situated for working. Living is cheap, and wood only costs $5 per cord delivered at the mill and mine.

THE GRANGERS.

The following resolutions were unanimously adopted by the General Council of the P. of H., of Eastern Oregon, Eastern Washington and Idaho Territory, which assembled at Walla Walla on the 7th instant, and adjourned after four days session.

RESOLVED, That it is the opinion of the representatives of the subordinate Granges of Eastern Oregon, Eastern Washington and Idaho Territory in General Council assembled, that the building of locks around the Cascades and the Dalles of the Columbia River by the General Government, is the only feasible means for opening up the settlement and profitable cultivation of the vast and beautiful tracts of productive agricultural country lying between the Cascades and the Rocky Mountains; and the order is particularly requested to use all honorable means consistent with the organization of the Patrons of Husbandry to procure the proper legislation; and the president and secretary are requested to furnish the Representative and Senators from Oregon and the Delegate from Washington Territory with a copy of this resolution, and request their favorable co-operation in the Congress of the United States; and also request the subordinate Granges to ask their members elect to the legislatures to memoralize Congress on the same matter. Also, that the State Grange, (soon to assemble,) petition Congress on the same subject and request the Master thereof to bring the subject before the next National Grange and request that body to petition Congress to make an apportionment for the work.

NEW SETTLERS FOR OREGON.—The Portland Bulletin says, wearied by a long journey, and arriving in a strange land, the immigrants in all parts of the State should be liberally dealt with, until they can become settled. A majority of those coming to Oregon this Spring are able to buy lands or engage in other business, but will of course take time to look about them before embarking in any permanent undertaken. All old settlers who desire the settlements of the unoccupied districts should render these strangers all the aid they can in giving reliable information that may lead to advantageous settlement and investment of capital. There is also a class of immigrants who come here depending upon their labor for a livelihood, that should be aided as far as possible. A good impression make on these coming this year will be the best advertisement of the State which can possible be sent abroad.

NEW PATENTS.—Through dispatches to Dewey & Co., Patent Agents, S. F., we receive the following advance list of U. S. Patents granted to Pacific Coast inventors, viz: S. Plymale, Portland, Oregon, dynamic wrench; F. F. Berney, San Quentin, Cal., fire escape; P. Castellanos, S. F. (five patents) for manufacture of nitro-sulphuric acid for manufacturing nitro glycerine; recovering acids from residnum of nitro-glycerine manufactory: apparatus for recovering acids from the residnum of nitro-glycerine manufactory; explosive; compounds (two); C. S. Hardee, S. F., lock mortising machine; P. Hinkle, S. F., hydraulic elevator; J. C. Fullinger, Portland, Oregon, wagon brake; J. Quinn, Portland, Oregon, trademark for prepared salmon.

A terrific storm swept over Kansas, Missouri and Illinois, last Sunday, destroying property and crops. A Kansas City dispatch of the 21st says: The most terrific storm since 1844 visited this section on Sunday night and lasted four or five hours. The rain poured down in torrents. Several houses in this city were struck by lightning and several unroofed. Immense damage was done to the streets and many cellars were flooded. The storm extended over the country for an area of fifty or more miles to the south-west. The damage done to farmers is very great. Fences and bottom lands are submerged and damaged. Railroads suffered severely.

The Memphis Appeal, a Democratic organ says: If the result of the next Presidential election depends upon the prudence of the South, the victory is already won; for our people are a unit in proclaiming that secession is dead; slavery is dead; that the Confederacy has expired; that no one proposes to exhume its remains; that we dismiss all our resentment and proposed to cherish no recollection of the war, save the memory of the brave men who reflected honor upon American valor.

President Grant recently purchased forty thousand dollars worth of real estate in Prince Gorge's county, Maryland, a few miles from Washington, to use as a stock farm. He is preparing to retire, probably, and will no doubt soon be enabled to devote his entire time to breaking colts and training dogs.

Wendell Phillips having said that Chicago men have brains while St. Louis men do not, Stanley Waterloo, of the St. Louis Republican, hops up and flings this brick at him: "The man whom Phillips examined as a sample happened to be standing on his head at the time, hence the orator's natural error."

LATE NEWS.

We condense the following from the Owyhee Avalanche of the 26.

Gold closed in New York yesterday at 117¾

Legal Tenders are steady at 86 buying and 86⅛ selling, in San Francisco.

A London dispatch says that Lady Franklin is hopelessly ill, and bade farewell to her friends yesterday.

The Government gold coin sales in New York for the month have had no favorable effect on the market. The last $500,000 was disposed of yesterday, making $2,000,000 since the 3d inst.

A dispatch from Victoria says that the Myrmidon returned to Esquimault on Wednesday with a number of the officers of the Saranac, and another vessel with the crew.

The Democratic State Convention of Iowa yesterday nominated for Governor, Hon. Shepard Leffler; for Lieut. Governor, E. B. Woodard; for Supreme Judgs, W. J. Knight.

The French holders of $5,000,000 of first mortgage bonds of the New York, Boston and Montreal Railroad have filed a bill in equity in the U. S. Court of New York, praying for a receiver and other redress.

Judge E. B. Brocker, one of the oldest and most respected citizens of Sacramento, Cal., died about one o'clock yesterday afternoon, at the age of 57 years.

BROOKLYN, June 24.

The court room was densely crowded again to-day. Beecher and his wife being present. Judge Neilson, after examining the affidavits, denied the application of plaintiff for re-opening the case. He then proceeded to deliver his charge to the jury and closed before recess. He revived the leading points in the evidence, and presented certain principles of law, by which the jury could more readily classify the testimony in the case. He held himself responsible for legal suggestion while the jury were to be the sole juoges of what were the facts. The jury retired at one o'clock, P. M.

NEW YORK, June 24.

Private letters from Maracaibo give interesting details of the great earthquake of May 28th. Cucuta suffered terrible. Besides the destruction of life, the city was robbed of everything valuable. Three thousand persons perished in Cucuta alone. Sixteen adjacent villages were also destroyed with 8,000 souls and thousands of others are injured. The survivors of Cucuta proposed to build a temporary town, but give up the project in consequence of the stench of the decomposing corpses. Pestilence is feared. Many thieves have been shot. A relief expedition has been sent to Cucuta. The total loss of life by the catastrophe is from 10,000 to 15,000.

CHICAGO, June 25.—A Times' special from Washington says the interior department has received from the war department notice that a treaty has been signed between the Yanktonias, Uncpapas, Black Sioux, Grosventres, Wandams and Arickare. The treaty was agreed to at Fort Lincoln on the 20th of May, and is signed by St. Carlin, John Burke and L. D. Sperry, agents on the part of the Indians. The parties to the treaty agree to cease depredations upon one another and to confine themselves to the limits of Standing Rock agency. These Indians never entered into any kind of a treaty with the Government before.

WASHINGTON, June 25.—Judge Spence, assistant attorney general of the postoffice department, has furnished an opinion to the postmaster general taking the ground that postmasters are liable on their bond for losses of government property while in their possession. The occasion of this decision was the loss of a registered package containing $200 worth of stamps in transit through the Boston postoffice. It is the first time that an opinion has been given holding postmasters responsible on their bonds for the loss of government property passing through the postoffice.

Advices from Spotted Tail Agency state that war parties have left that vicinity for each of the Pawnee, Ute and Shoshone Reservations. It is thought that a gigantic Indian war is about to be inaugurated.

The Independent State Convention of California made yesterday the following nominations: For Governor, John Bidwell; Lieut. Governor, R. Pacheco; Secretary of State, Wm. Baush; Controller, L. E. Crane; Surveyor-Gen., Edward Twinchell; Treasurer, F. Baehr; Attorney-General, P. Van; Chief Superintendent Public Instructor, J. M. Quinn; Clerk of the Supreme Court, Paul Morrill.

Remittance of treasure from San Francisco to New York by express during the past week amounted to $1,793,605,15, in following description: Gold coin, $1,165,800; silver bars, $601,805.15; currency, $20,000.

The German Government is preparing legislation prohibiting religious processions. Evidently aimed at the Catholics.

In a dispatch to the Indian Bureau Department from the Black Hills country, Professot Jenny does not give a very flattering account of the gold prospects there.

AN EDITOR'S APPEAL.—The following is very applicable to this locality, and we hope our delinquent customers will take it to themselves and us.

"As the report that we are very wealthy has gone abroad among our subscribers, and has made them awful slow about paying up, thinking doubtless we don't want the money, we hasten to say the report of our wealth is false in every particular. If ocean steamers were selling at a cent a dozen, we couldn't make the first payment on a canoe. The lightning of poverty has struck us square, and had it not been for an armful of hay our devil managed to steal from a blind mule, our large and interesting family would be without a mouthful to eat at this moment, Is not this a sad picture, and can you delinquent subscribers look upon it without feeling the greenbacks rustle with indignation in your pocket-books? We do not like to dun you, but we must if you fail to take the hint."—Shenandoah (Va.) Democrat.

JEFFERSON DAVIS.

Men who are still full of the fury of the civil war are ten times more numerous at the North than at the South. As for the people generally of the latter section, they have settled down on their land and in their business, and only ask permission to live, raise crops and buy Northern goods. Now and then some unforgiving fire-eater can be found: some man who lost all he had and buried all his kin in the struggle—but as a rule they are few indeed. It has been the fashion to represent Jefferson Davis as a malignant malcontent and to typify the unsatisfied Southerners in him. He has been termed the great irreconcilable. Mr. Davis has taken his own time in which to vindicate his position and reply to his revilers. His recent speech in Texas has come to cover them with confusion. In these remarks, which emanated, be it remembered, from a man who still carries in his body the Mexican bullets he received while fighting under the flag of the United States, Mr. Davis exhorted his hearers to show hereafter a fidelity to that flag as sincere and devoted as they had shown to that of the beloved and departed Confederacy. Thus it is that even before the Shermans, the Logans and the Butlers of the North have moderated the expression of their frenzied sectional animosity, the chief of the fallen Confederacy gives token of his good will, of his final acquiescence in the inevitable. We shall probably never hear Jefferson Davis called "truly loyal," but, after this, it will scarcely be in order to call him "traitor."

THE GRANGE.—The headquarters of the National Grange of the Patrons of Husbandry, which have been located at Washington City since its organization, will probably be removed to Louisville, Kentucky, in a short time. At the last annual session of the National Grange in Charleston (S. C.) in February last, the Executive Committee was charged with the selection of a new location for headquarters in one of five Western States named—the change to be made within six months from the 1st of March last. The Committee, it is understood, after due investigation selected Louisville as the most eligible location. Kentuckey stands No. 5 as regards the number of Granges, having but 1,559. Indiana heads the list with 2,027 Grangers; Missouri, 2,006; Iowa, 2,004; Illinois, 1,484; and Kentucky, 1,559. The total number of Granges in the United States is 23,500, with an estimate aggregate membership of 150,000. The total receipts of the Order from 1868 to 1871, inclusive, were less than $15,000, while the receipts for last year were $216,381. The Order at present has $69,000 invested in Government bonds and $19,000 in cash on deposit at the Financial Agency in New York.

A conductor in Burlington, Iowa, was recently made happy by having voted to him a badge, at a public fair. Being called upon for a speech, he was hustled upon the platform. Looking around for a moment he ejaculated "Tickets" and retired, It was so effective that the band couldn't play for ten minutes.

The latest anecdote brought to light by the Centennial celebration is rather amusing. While the British troops were marching through old Cambridge, one of them said jestingly to a farmer sowing seed: "You may sow, but we shall reap." "Well, perhaps you may," was the reply, "for I am sowing hemp."

During a trial the Judge called a witness. No one answered, and elderly man arose and solemnly said, "He is gone." "Where has he gone?" asked the Judge, in no tender tone. "I don't know; but he is dead," was the guarded answer.

The ridiculous female colored pusson who remembers General Washington, tired of the personal attentions she is constantly receiving, will only send to a Centennial tea-party, soon to be held in New Haven, her autograph, written for her by the General himself.

Carruth, the Vineland (N. J.) editor, remarks in his valedictory. "Two months' constant wrestle with a bullet in our brain has convinced us that we lack the capacity to develop a lead mine and publish an independent Vineland newspaper at the same time."

4TH OF JULY PICNIC.—The Young Folks of Baker City and vicinity propose having a Picnic Monday, the 5th of July, on Pine Creek, near Pocahontas. The Picnic will end with a Social Dance at Cleaver's Hall in the evening. A general invitation is extended to all to attend the Dance in the evening.

RELIGIOUS.—There will be a Camp Meeting held near Ebell's Mill, commencing July 9th. Boarding tent and horse feed for the accommodation of the public. No other stands or huckster shops of any kind allowed. G. W. ADAMS,
Pastor.

☞ **Chas. St. Louis** has located permanently in Baker; and is now prepared to manufacture and repair all kinds of jewelry and watches. After twenty-eight years experience in the business, he feels competent to give entire satisfaction. Mr. St. Louis, is also agent for the best Sewing Machine in use, the New Wilson, price, $55,00.

The House We Live in.—In other words our bodies—are held on repairing leases. We must prop and sustain them when they exhibit signs of weakness and decay, or they will inevitably break down. In Dr. Walker's California Vinegar Bitters, a matchless compound of newly discovered medical herbs, peculiar to the Pacific region, the debilitated, the bilious, the rheumatic, the consumptive will find the most genial tonic and restorative ever offered to the suffering invalid. It contains no alcohol, and consequently leaves no sting behind.
n1.7.

NEW ADVERTISEMENTS.
