

DEMOCRATIC STATE PLATFORM.

The Democratic party of Oregon, in State Convention assembled, proclaimed the following propositions of political faith and action:

1. Unflinching devotion to the cardinal principles of Republican government; as put into practical operation by the Fathers of the Republic.
2. The preservation of the general government in the proper exercise of the powers delegated to it by the Constitution, carefully and strictly construed, and the maintenance, inviolate, of the several States of the Union in all their rights, dignity and equality, as the most competent and reliable administration of their own domestic concerns, and the surest bulwark against the tendency toward a centralized despotism.

3. Opposition to aggressions by either department of the government, upon the functions of any other and to the exercise of Federal authority of any of the rights or powers assured by the Constitution to the States respectively, or to the people.
4. That every attempt to the part of the Federal government to exercise powers not delegated to it, and especially every interference by the government with any of its departments, with the local affairs of any State, or with the rights of the people thereof to choose their own representatives, is an act of usurpation, and should be repudiated and condemned by every friend of constitutional liberty.

5. We demand retrenchment, reform, and the most rigid economy in the administration of every department of the government; the honest payment of the debts, the sacred preservation of the public faith; strict accountability of all officers, and the speedy and impartial punishment of all abuses of public trust before the tribunals of justice; a zealous care of the rights of election by the people; the absolute subordination of the military to the civil authority; and we insist that the administration of the laws, and the protection of the rights of all; freedom of religion, of the press, and of the person, under protest against the habeas corpus, and trial by jury impartially selected.

6. We protest against the burdens of a protective tariff, as needless exactions from a people already impoverished by a national debt, and we insist that the tariff be so regulated as to provide only sufficient revenue for an economical administration of the government, and not for the purpose of enriching the few at the expense of the many, or fostering one branch of industry to the detriment of another.

7. That the precious metals are the only basis of correct values; that an irredeemable paper currency is a national curse, and we insist upon the speedy revision by the national government to specie payments.

8. The institution of the system of national banks was a fraud upon the country and an injustice upon the laboring classes, and we demand such prudent legislation as will gradually bring this vicious system to a close; that all currency which may be issued shall be convertible into coin upon demand and be issued directly by the government.

9. That the treaty between the United States and China shall be so modified as to apply solely to commercial relations.

10. That we condemn the party in power, not only for its corrupt and extrajudicial obligations, but for extravagant, partisan and corrupt administration of the federal government; for its reckless expenditure of public money; for its waste of the people's money; for its oppressive, unjust and defective system of finance and taxation; for the perversion of the functions of the general government to enrich the great corporations at the expense of the people; for the robbery and frauds which have brought reproach upon democratic institutions; for the inequalities of the protective system; for the curfew of an irredeemable paper money; for its disregard of diplomatic service and office appointments and continuance in office of incompetent and corrupt men at home and abroad; for its tendency to create a constitutional force bill, and for a catalogue of other enormities which have rendered that organization offensive to and subversive of the liberties of a free people.

11. That corporations are the creatures of law; their functions and privileges are granted to subserve the public interests, and when they are not used for the object of their creation, but for purposes of oppression and extortion, we declare it to be the right and duty of the legislative body to regulate and control such corporations for the public good.

12. That we approve all measures in the interest of monopolies against labor, and therefore we approve of the declared principles and sympathize with the avowed objects of the order known as the "Patrons of Husbandry," and with those of all other orders having for their object retrenchment and reform in public affairs and the social advancement of the people.

13. That we are in favor of laboring to secure judicious appropriations from Congress for the purpose of improving our harbors along the western and northern boundaries of our State, and we demand that our representatives in Congress shall use their best efforts to secure the aid of the general government for the free navigation and improvement of the Columbia river, by the construction of locks at the Cascades; the improvement of the Willamette and Coquille rivers; the construction of the Portland, Dalles and Salt Lake and Winnemucca Railroads, and the early completion of the Oregon and California Railroad from Roseburg to the State line.

14. That the policy of the Republican party in dealing with the Indians, is impolitic and unwise; that the time has arrived when the few Indians now occupying the Umatilla, Grand Ronde and Siletz reservations should be removed to some other locality, and thus open up to settlement by whites some of the richest portions of the State.

15. That we invite the hearty co-operation of all Indians, who ever have been their past political affiliates, to unite with us in carrying out the principles here enunciated.

OUR OLIVE CREEK LETTER.

OLIVE CREEK, August 15th, 1875.
 EDITOR DEMOCRAT:—Every thing is lovely and the goose hangs high. There is very little news of interest round here at present. The miners are all in good spirits throughout the camp. There will be more money taken out this season than there has been any season for the past five years.

Rev. Dr. Nevius has been spending a few days in our camp. He preached to a small but attentive congregation at Robinsonville on Sunday.

By the way, I see that, after many weeks of hard study and toil, the Herald's man Friday has burst forth in all his eloquence to annihilate poor Long Jim.—We expected Darfno to get off something better than that, but then the poor, miserable, degraded lunatic is more to be pitied than despised. I will not disgust your readers with his vile history before he came to Grant County. It is enough to say that about five years ago he came to Grant County, direct from Salem, while his hair was yet short. By some means he got the situation of Hunkey for the Republican Sheriff of Grant County. Indolence and ignorance soon played him out of that job. From there he tumbled into the lap of charity, and there he lay until the Hay-Seed party came into existence—he then sneaked into that with a promise of the Hunkey-ship, but, unfortunately, his man was defeated, so poor Darfno was left to rot, hog or die, and we are surprised when we look at that powerful snout of his that he has made such a poor live of it. How I pity him when I think of his past life and what is in store for him in the future, for it is evident, in a very few more months, he will be consigned to the care of Dr. Hawthorne, or East Portland. We are sorry to record such facts but they will out.

Yours, ac,
 LONG JIM.

Local Agents Wanted!

An Agent wanted for each Town and County in the United States.

PARTIES DESIRING TO ACT AS Agents, must accompany their application by a letter of recommendation as to character and responsibility, from and signed by the Editor of a newspaper published in the town or county for which agent proposes to act. The agency is to sell the bonds of the Industrial Exhibition Company.

Whole Bonds \$20 each.
 Half " 10 "
 Quarter " 5 "

The Industrial Exhibition Company will furnish agents with Circulars etc., etc. Each newspaper publisher in the town where agent is located, will, as soon as agency is established, be given an advertisement, advertising such agency and the purposes and objects of the Company. Such advertisement will continue in such papers, as long as agency is successfully conducted.

The Industrial Exhibition Company is the first to adopt the plan so long in use by the European governments, of issuing bonds when the principal is made secure and not risked, and where there is a chance of a large premium, an investment of \$20 will return to the investor \$21—one dollar more than cost—and the holder of a \$20 Bond, may obtain a premium, either of \$50, \$100, \$200, \$500, \$1,000, \$5,000, \$10,000, \$25,000 or \$100,000. The interest, which is ordinarily distributed to all the bond holders pro rata, is in this loan distributed by chance. The purchaser of a bond knows he will receive back his investment, with a small rate of interest added, and in consideration of taking this small rate of interest, he has a chance in the above named premiums, which are simply the distribution of interest on the whole loan.

Each bond participates in four drawings each year, until it has drawn a premium, when it is surrendered, the premium paid, and the bond cancelled. The Industrial Exhibition Company, under special charter, granted by the State of New York, is given authority to issue these bonds. The Legislature of the State, recognizing the great benefits which will arise from the success of this loan, have exempted all the real estate and property of the Company from taxation and assessments for five years, and has also conferred other great benefits.

Every American who understands the purposes of this Company will, of a necessity, feel a pride in aiding it to a successful termination.

Each individual who buys a bond becomes an owner and an interested party, and when he views the structure erected with his money, can say: "I aided to erect in our country, the most magnificent building the world has ever seen, a palace which, in truth, represents the industry, energy and mechanical genius of the American people."

The manufacturers and the inventors of America are peculiarly interested in the success of this enterprise, for the reason that it is to be their home, where all their inventions and manufactures can be exhibited and sold.

The building will contain 5,320,000 square feet of space.

Purchasers desiring Bonds before an agency is established where they reside, will confer with the direct with this office, from where they can be supplied.

Parties desiring to act as agents, or to purchase bonds will address:

TO THE UNFORTUNATE!

NEW REMEDIES! NEW REMEDIES!
 DR. GIBBON'S
 DISPENSARY.

623, Kearney St.,
 Corner Commercial street,
 San Francisco.

Established in 1854, for the treatment of sexual and semial diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, seminal weakness, impotency, etc. Skin diseases, of years standing, and ulcerated legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals in Europe, and has resumed practice at the Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

HORRIBLE DISEASES!

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cured and cured before it is too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or those interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

SEMINAL WEAKNESS.

Seminal emission—the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pains in the head, ringing in the ears, noise like rustling of leaves or rattling of marbles, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furred tongue, fetid breath, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

By inclosing Ten Dollars coin, in registered letter through the Postoffice, or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential. Address DR. J. F. GIBBON, 623 Kearney street, San Francisco. Postoffice Box 1, 937. n1191
