Bedrock Democrat.

Baker City, Sept. 29, 1875.

☞ The BEDROCK DEMOCRAT has more BONA FIDE, paying subscribers in Baker County, than has any other two papers published in the State. We put no man's name on our subscription list unless we have orders so to do. ☜

BLANK DEEDS, Mortgages and other Blanks for sale at this Office.

MONEY WANTED.

As our readers are already aware we have purchased the material on which the Baker City Herald is now printed, and to meet our contracts we must have money by the first of October. Those who are indebted to us, owe us individually, but small accounts, which will not inconvenience them to pay at any time, but when these small amounts are put together they make a large sum, the receiving of which will enable us to meet our engagements, and aid us in giving our readers a larger and better paper than we now do. The citizens of Eastern Oregon are all interested in the prosperity and success of a good and live paper in their midst, and if each one who owes us will pay us what is honestly due, we pledge ourselves to enlarge and improve the DEMOCRAT, without additional charge to our subscribers, so as to make it second to no paper in Oregon. We must have money to meet our engagements by the first of October, and we now honestly and earnestly say to those who owe us that we want help and if they are friends to the BEDROCK DEMOCRAT they will immediately settle their bills. If you cannot pay all you owe us now, bring or send us part of the amount, and you will merit and receive our sincere thanks. If you do not know the exact amount you owe us send us one or two years subscription and you will be credited with the amount, or, if you call at our office, we can give you the amount. Do not forget we must have money by the 1st of October.

ACROSS THE MOUNTAINS.—On last Saturday we went to Grier & Kellogg's, who hitched one of their fast teams to a light buggy and handed us the whip and lines, and away we went for Eldorado, Malheur City and Amelia. We found the Dooley Toll Road across the mountains in first rate traveling condition, and quite a number of Immigrant and other teams passing over it. Upon arriving at the Toll Gate we round friend Dooley, enjoying himself as best he could, during the absence of his wife, who was on short visit to friends in Baker City. Upon arriving at Eldorado we found the place almost deserted; from there we went to Malheur City, where we found first rate accommodation for both man and beast, our friend W. J. Leatherwood officiating as "mine host; his wife is a splendid landlady, and has everything neat, clean and tidy, and sets a good table. Here we discovered the cause why Eldorado presented such a dilapidated appearance—the bnsiness formerly done in that town has been transferred to Malheur City, where we found the headquarters of the big ditch, under the charge of Messrs. Packwood & Carter. The ditch is supplying the miners with about one thousand inches of water per day. There are three stores, two saloons, blacksmith shop, two butcher shops, one hotel, and a livery stable here—all appearing to be making a living. The Odd Fellows have a neat and comfortable hall in this town. From Malheur we traveled across the rolling foot-hills to Amelia, one mile from this place, in Discovery Gulch, we struck the cabins of Quinn & Barnhart. These gentlemen have rich claims and are counted among our fortunate and successful miners. We returned home on Sunday evening, well pleased with our trip across the mountains.

GOOD ROCK.—On last Wednesday Wm. A. West brought us several pieces of sample rock from the Belmont and Greenhorn Quartz Ledges, owned by Messrs. Ruth & Heath, of Heath Mining District. The rock is Chloride Silver rock, and looks to be rich. This mining district is located about sixty-five or seventy miles east of Baker City, five miles east of Snake River in Idaho Territory. This camp bids fair to be lively and flourishing, and if the proper inducements are held out by our business-men the trade from there can be brought to our city. Mr. West and others are putting a ferry across Snake river at the old Brownlee crossing, near the mouth of Powder river; with a good road, which can be cheaply and easily built, from that point to our city, the trade of that section of Idaho will come to us.

TEACHER'S EXAMINATION.—Last Saturday was appointed by Mr. Payton, Public School Superintendent, as the time for a public examination of School Teachers for Baker county, but on account of the slim attendance of teachers the examination was postponed until next Saturday, October 2d, to be held at the Court House, in our city. Two weeks ago, when we first published the notice, we made a mistake in the time for holding the examination, which we corrected last week. Teachers should attend to this matter of examination, or the districts where they teach may have some trouble about getting their proportion of the Public School money.

Notice is hereby given that sealed proposals for the sinking and walling of one or more cisterns will be received at the City Recorder's Office, until Wednesday noon, October 6, 1875. Bids will be received for digging and walling with rock er timber, or bids for each separate. Specifications can be had by enquiring at the City Recorder's Office, or of Geo. J. Bowman, President of the Board of Trustees, of Baker City.

J. M. SHEPHERD,
City Recorder.

ENGINE ARRIVED.—On last Monday O. P. McCoy's big freight teams arrived from Umatilla with the Fire Engine for Baker City on board of one of the wagons. It come through in good order. The Fire Boys intend to give a grand ball on the evening of the day that they house their machine in the Engine House that is now being built for them by the city.

POLE RAISING.—On last Monday the boys invited their friends in our city to adjourn to the City Brewery and help them raise a new liberty pole. It is a nice pole and it went right up,

JEWISH NEW YEAR.—The Jewish New Year, which commences this evening and continues over to-morrow, will be observed by our Jewish population according to the rites of their faith. Their business houses will be closed.

Personal.

We are pleased to learn that Messrs. McDonald, Burnham and McCann, of our city, have struck a rich quartz ledge in the Granite Creek country, and will send some 30 ton of it to San Francisco to be worked, and we hope it may turn out to meet their expectations.

Judge L. O. Sterns returned from Canyon City last Monday.

George Glover, of Connor Creek, was in our city last Monday.

W. J. Van Schuyver, of Portland, left for home the fore part of the week.

The lady members of the I. O. G. T's gave an Ice Cream Festival in Bedrock Hall last Monday evening. This Lodge is now increasing very rapidly, and, at the present time numbers 58 members.

A new Boot Shop has been opened in our city. It is situated between the Senate and Call-In Saloons. With three shops in town boots ought to be made cheap.

Tom Merrill and young Rodgers left for the railroad last week. Tom goes to meet his parents, who are on their way to this county. Young Rodgers will go to Missouri, and does not know whether he will return or not.

Fred Kucheman, an old Idaho friend of ours, is at work in the boot and shoe shop of J. Lennox, in this city. Fred is a good workman, and knows how to make a nice boot.

M. H. Abbott, ex-editor of the Pendleton Tribune, is in our city.

A slight skirmish took place in our city yesterday morning. Nobody was killed.

We would advise a certain young man in this city to put down the window blinds when he calls on his "jimpson blossom" after this. Our advice is free of charge.

W. S. James, ex-editor of the Herald, will start for Portland next Saturday, and, we understand, will make that city his future place of residence. Success to him.

George Sanford, of Boise City, was in our city last Monday, looking hale and hearty.

T. F. Hoover, of Connor Creek, will start for Portland next Saturday. He will remain in the Wallamet Valley during the winter and return to this county in the spring.

Two young men walking down Main Street yesterday were discussing the means of obtaining a smoke. "I've got a counterfeit half dollar," said one. "Can't you pass it ?" asked the other. "I don't know; you might." "Me !" and the young man's face became one continuation of an elongated exclamation point.—"Me ! Why the very fact of my having so much money would create suspicion."

LARGE TURNIP.—Mr. Speelman, who has a ranch about five miles below this city, sent to our office yesterday a fine large "Dutch Turnip." We have not yet weighed it, but it is large and has the appearance of not having stopped growing when taken from the ground. It is a mammoth, and, we understand, he has plenty of the same kind.

Born.—In Chicago, Ill., September 14, 1875, to the wife of T. J. Brower, of Malheur City, Oregon, a son.

The many friends of Mrs. Brower in our county, and elsewhere, will be pleased to learn that, at latest dates, mother and son were both doing well. Our friend Brower steps mighty high now. We congratulate the happy father.

Died.—Near Eldorado, Baker county, Oregon, Sept. 16, 1875, Martha B. daughter of James and A. Carlisle, aged 2 years and 4 days.

DIVINE SERVICE.—Rev. Dr. Nevius will hold Divine service at the St. Stephens Episcopal Church, in our city, on next Sabbath, at the usual hours.

BUSY.—Owing to the fact that business connected with the purchase of the Herald printing material has kept us busy for the past week has prevented us from giving the usual attention to our paper. It will take us a week or two to get straightened up after moving.

Clothing.—Baer, Alexander & Co. have just received a large invoice of gent's fine clothing, which they are selling very cheap for cash.

Royal Arch Masons.—All Royal Arch Masons within the jurisdiction of Baker Lodge, No. 47, A. F. and A. M., are requested to meet in Masonic Hall, Baker City, Monday evening, October 11, 1875, to take steps to organize a Chapter in Baker City.

By request of a COMPANION.

Special Notices.

LETTERS LOST.—In Baker City, on last Wednesday or Thursday, Mr. Max. S. Bloch lost two letters, one of them having a small picture in it, and he will pay ten dollars for their delivery to him. They are of no account to any one else.

BEDROCK DEMOCRAT.—Persons visiting any of the points below will find the DEMOCRAT at the following public houses and places of business: Walla Walla—at the Stein House, Chas. Rose's Saloon, Railroad office, Adams' Bro's., Bender & Ungerer's, and at each of the printing offices. Umatilla—J. R. Cockrill & Co's., 521 Front St., Britten, Holbrook & Co's., 111 California St., Virtue Gold Mining Co., Chas. W. Crane, Florence Sewing Machine Co's. office, and Mining Press office. These are the public houses in each of the above cities and towns where the DEMOCRAT can be found, besides at various private residences too numerous to mention. We give the above list for the benefit of citizens of Eastern Oregon, and other persons who may wish to see our paper at those places.

Baker City Lodge No. 25, I. O. O. F., meets every Saturday evening, at half past six o'clock, at Odd Fellows Hall, in the new Bank Block, corner of Front street and Court Avenue. Members of the Order are invited to attend. By order of N. G.

DEMOCRATIC STATE PLATFORM.

The Democratic party of Oregon, in State Convention assembled, proclaim the following propositions of political faith and action:

1. Unfaltering devotion to the cardinal principles of Republican government; as put into practical operation by the Fathers of the Republic.

2. The preservation of the general government in the proper exercise of the powers delegated to it in the Constitution, carefully and strictly construed, and the maintainance, inviolate, of the several States of the Union in all their rights, dignity and equality, as the most competent and reliable administration of their own domestic concerns, and the surest bulwark against the tendency toward a centralized despotism.

3. Opposition to aggressions by either department of the government, upon the functions of any other and to the exercise of Federal authority of anyof the rights or powers assured by the constitution to the States respectively, or to the people.

4. That every attempt on the part of the Federal government to exercise any powers not delegated to it, and especially every interference by the government or any of its departments, with the local affairs of any State, or with the rights of the people thereof to choose their own representatives, is an act of usurpation which should be repudiated and condemned by every friend of constitutional liberty.

5. We demand retrenchment, reform, and the most rigid economy in the administration of every department of the government; the honest payment of the debts, the sacred preservation of the public faith; strict accountability of all officers, and the speedy and impartial arraignment of all abuses of public trust before the tribunals of justice; a zealous care of the rights of election by the people; the absolute subordination of the military to the civil authority. The equal and impartial administration of the laws, and the protection of the rights of all; freedom of religions, of the press, and of the person, under protection of the habeas corpus, and trial by juries impartially selected.

6. We protest against the burdens of a protective tariff, as needless exactions from a people already intolerably oppressed by a national debt, and we insist that the tariff be so regulated as to provide only sufficient revenue for an economical administration of the government, and not for the purpose of enriching the few at the expense of the many, or fostering one branch of industry to the detriment of another.

7. That the precious metals are the only basis of commercial values; that an irredeemable paper currency is a national curse, and we insist upon the speedy return by the national government to specie payments.

8. The institution of the system of national banks was a fraud upon the country and an injustice upon the laboring classes, and we demand such prudent legislation as will gradually bring this vicious system to a close; that all currency which may be issued shall be convertible into coin upon demand and be issued directly by the government.

9. That the treaty between the United States and China shall be so modified as to apply solely to commercial relations.

10. That we condemn the party in power, not only for its contempt of constitutional obligations, but for extravagant, partisan and corrupt administration of the federal government; for its reckless expenditure and profligate waste of the people's money; for its oppressive, unjust and defective system of finance and taxation; for the perversion of the functions of the general government to enrich the great corporations at the expense of the people; for the jobbery and frauds which have brought reproach upon democratic institutions; for the iniquities of the protective system; for the curse of an inconvertible paper money; for its disgraceful diplomatic service and unfit appointments and continuance in office of incompetent and corrupt men at home and abroad; for its attempt to pass an unconstitutional force bill, and for a catalogue of other enormities which have rendered that organization offensive to and subversive of the liberties of a free people.

11. That corporations are the creatures of law; their functions and privileges are granted to subserve the public interests, and when they are not used for the object of their creation, but for purposes of oppression and extortion, we de lare it to be the right and duty of the legislative power to regulate and control such corporations for the public good.

12. That we disapprove all measures in the interest of monopolies against labor, and therefore we approve of the declared principles and sympathize with the avowed objects of the order known as the Patrons of Husbandry, and with those of all other orders having for their object retrenchment and reform in public affairs and the social advancement of the people.

13. That we are in favor of laboring to secure judicious appropriations from Congress for the purpose of improving our harbors along the western and northern boundaries of our State, and we demand that our representatives in congress shall use their best efforts to secure the aid of the general government for the free navigation and improvement of the Columbia river, by the construction of locks at the Cascades; the improvement of the Wallamet and Coquille rivers; the construction of the Portland, Dalles and Salt Lake and Winnemucca Railroads, and the early completion of the Oregon and California Railroad from Roseburg to the State line.

14. That the policy of the Republican party in dealing with the Indian tribes is impolitic and unwise; that the time has arrived when the few Indians now occupying the Umatilla, Grand Ronde and Siletz reservations should be removed to some other locality, and thus open up to settlement by whites some of the richest portions of the State.

15. That we invite the hearty co-operation of all parties, whatever may have been their past political affinities, to unite with us in carrying out the principles hereinenunciated.
