

Baker City, Oct. 6, 1875.

The BEDROCK DEMOCRAT has more bona fide, paying subscribers in Baker County, than has any other two papers published in the State.

BLANK DEEDS, Mortgages and other Blanks for sale at this Office.

PUBLIC SPEAKING.

Hon. L. F. Lane, Democratic candidate for Congress, will address his fellow-citizens at the following times and places, to-wit:

Opposing candidates are invited to be present and join him in the canvass.

FIRE.—On last Sunday the residence of Mr. J. Coffey, across the river east of our city, was discovered to be on fire; the alarm was immediately given, and our citizens rushed in a body to the scene of the conflagration.

Notice.—By order of the Baker City and Wingville Granges there will be a Rodeo of all stock in Powder and Burnt River Valleys, and foot-hills adjacent, to commence at Prichard's Bridge, on Main Powder, on the 1st Monday in November, and from there to extend over Powder and Burnt River Valleys.

CLEAN UP.—On last Monday Mr. J. W. Virtue run a gold and silver brick, worth four dollars to the ounce, weighing 647 ounces, the result of four days' run of the Green Discovery Mill, from rock from Green's Ledge, in Rye Valley.

TEACHER'S INSTITUTE.—An informal meeting of the Teachers of Baker County was held at the BEDROCK DEMOCRAT Office on the 24 day of October, 1875, and W. F. Payton, County Superintendent, was called to the chair, and C. L. Means, chosen secretary.

EDITOR DEMOCRAT.—Please allow me to say that I have received a note from Rev. P. C. Hetzler, agent of the American Bible Society, informing me of his intention to visit this city for the purpose of organizing a Bible Society, and establishing a depository.

NOT DONE YET.—We have not as yet finished moving the Herald material to the BEDROCK DEMOCRAT office, but will conclude next week, after which we will have the finest newspaper and job office in the State, outside of Portland.

A GIRL COMPOSITOR.—Miss Lulu Shepherd has taken a "case" in this office, and is learning to stick type very rapidly.

PASSED THROUGH.—Miss Maggie Seaman and Mrs. Clayton, of Boise City, passed through our city last Monday on their way to visit friends and relatives in Walla Walla.

DIVINE SERVICE.—Rev. Dr. Nevius conducted Divine Service last Sunday in St. Stephens Church. The congregations, especially in the evening, were large.

OATS.—Bradford Hunsaker, of North Powder, handed into our office this week a bunch of oats that measures over six feet in height, well headed out. He has several acres, on his ranch, of the same sort.

POTATOES.—Mr. Howard, of the New York Ranch, on Burnt River, has a large quantity of potatoes. We have tried them and find them to be of first rate quality.

GRAND BALL.—Remember the Grand Ball this evening, given in aid of Mr. Cosgrove, the miner who was injured in the James Gordon Mine. Give him a helping hand.

STOVES & HARDWARE.—Pink Parker has received his fall and winter stock of stoves and hardware. He has a fine stock and the largest ever brought to this market. He has lots of pretty things hanging up about his shop.

CITY TAX-PAYERS.—The city tax voted last month is now due, and all those who do not call on the City Treasurer and pay their taxes within the next fifteen days will have to pay costs as well as their taxes. Pay up and save costs.

BORN.—At Pendleton, Ogn., Sept. 22nd, 1875, to the wife of J. J. Crowder, of this city, a daughter.

BORN.—In Powder River Valley, Sept. 30th, 1875, to the wife of R. B. C. Bunch, a daughter.

TELEGRAPH.—We are informed that the telegraph poles are up within fifteen miles of our city, on the line between this and Boise City, and the wire stringers are close after the pole setters. It is expected they will reach this city by next Sunday.

FIRE MEETING.—The regular monthly meeting of Hallock Engine Co. takes place to-morrow evening. Business of importance on hand.

RETURNED.—Jerry Crowder returned from Pendleton on Monday evening. He expects his wife up in the course of a week or two.

FALSE.—We are authorized by Mr. John Daley, of Connor Creek, to pronounce the statement made by Henry Daley in Baker City, from which we wrote the article headed "Crim Con" and published the same in the DEMOCRAT of Sept. 22nd, to be wilfully and maliciously false in every particular.

NEW ADVERTISEMENTS.—We call attention to the new advertisements in another column.

Common Sense vs. Prejudice. By R. V. PIERCE, M. D., of the World's Dispensary, Buffalo, N. Y., Author of "The People's Common Sense Medical Adviser," etc., etc.

I am aware that there is a popular, and not altogether unfounded, prejudice against "patent medicines," owing to the small amount of merit which many of them possess. The appellation "Patent Medicine," does not apply to my remedies, as no patent has ever been asked for or obtained upon them, nor have they been urged upon the public as "cure-alls." They are simply some favorite prescriptions, which, in a very extensive practice, have proved their superior remedial virtues in the cure of the diseases for which they recommended. Every practicing physician has his favorite remedies, which he oftenest recommends or uses, because he has the greatest confidence in their virtues. The patient does not know their composition. Even prescriptions are usually written in a language unintelligible to any but the druggist. As much secrecy is employed as in the preparation of proprietary medicines. Does the fact that an article is prepared by a process known only to the manufacturer render that article less valuable? How many physicians know the elementary composition of the remedies which they employ, some of which have never been analyzed? Few practitioners know how Morphine, Quinine, Podophyllin, Leptandrin, Peppin or Chloroform, are made, or how poisonous drugs are transmuted into palatable elixirs; yet they do not hesitate to employ them. Is it not inconsistent to use prescription, the composition of which is unknown to us, and discard another preparation simply because it accompanied by a printed statement of its properties with directions for its use?

If you would patronize medicines, scientifically prepared, use my Family Medicines. Golden Medical Discovery is tonic, alterative, or blood cleansing, and an unequalled cough remedy; Pleasant Purgative Pellets, scarcely larger than mustard seed, constitute an agreeable and reliable physic; Favorite Prescription, a remedy for debilitated females; my Compound Extract of Smartweed, a magical remedy for pain, bowel complaints, and an unequalled Liniment for both human and horse-flesh; while Dr. Sage's Catarrh Remedy is known the world over as the greatest specific for Catarrh and "Cold in the Head," ever given to the public.

These standard remedies have been before the public for many years—a period long enough to fully test their merits, and the best evidence that can be advanced in their favor is that that their sale was never so great as during the past six months.

If you want Pills, take Ayer's Pill. Nothing has ever appeared that can compare with this preparation for chasing out the distempers that fasten and grow upon us. They are the Philosopher's elixir of life, which bids defiance to disease, and leaves us no alternative but to die of old age. They are mild for children, yet, in a full dose, powerful for a full grown man. Though sweet to the taste, which glides sugar-shod over the palate, their virtues strike with telling force on the very foundations of disease.—Cincinnati (O.) Citizen.

"CIVIL SERVICE LARCENY."—By a growl from the victims, published in the New York Tribune, it appears that not content with sending demands for payment of a percentage of their salaries to the male clerks in the departments at Washington, to create an electioneering fund, the venerable Postmaster and Secretary of the Republican Congressional Committee has levied upon the paltry salaries of the ladies engaged in the Government Bureau of that city. Circulars have been served upon them, calling for a contribution of \$12 each, as a fund to be used in the Fall elections, with the implied threat of dismissal if the levy is not paid.

Monday before last the Democrats elected the Mayor of Portsmouth, New Hampshire, by 100 majority and secure six of the ten aldermen.

A cinabar mine is reported to have been discovered on one of the tributaries of the Santiam which turns out metal "superior to the New Almaden" of California.

Brigham Young has been sued for a divorce by three of his wives. If their claims are supported successfully he will soon be as badly divorced as he is muchly married.

A miner engaged for the summer on the Santiam, Linn county, is reported taking out ten dollars per day in gold-dust with two sluices. Other parties will join him soon and the facilities will be improved.

Wonder if Warren's friends have heard from California? We haven't heard them say a word about it, and yet the result of the election down there last week must make them feel so hopeful like! Ain't it?

Brigham Young's son, who has been educated at West Point at the expense of the Government, says that his contact with the world, during his four years' absence, has only strengthened his faith in Mormonism.

At a meeting held in New York, Frank Pixley denied that there was any defalcation on the part of the late Railroad directors, he claimed, had lost their heads, acted like a set of school girls in a fire, and passed a resolution which broke Ralston's heart.

We will instruct the person buying how to operate the machine. It is one of the nicest machines in our city.

How to get Stamins.—Iron frames and strong service systems are not the best of all. But the feeble need not despair. By adopting the right means, they may live as long and enjoy life as much as their more robust neighbors. Physical weakness is, however, necessary to this end; and while the spirituous tonics and nervines usually administered eventually depress both body and mind, Dr. J. WALKER'S CALIFORNIA VINEGAR BROTHERS invariably supply new vigor to the frame, while they regulate every disordered function.
