

Talk up your own town, says an exchange. Yes, talk it up and work it up. It has good schools, good churches, newspapers, clean streets, ornamented shade trees, talk it up. Don't grumble. If anything and everything is not to your ideas, especially if you do nothing to help make the place. Don't tell strangers it's the worst place you know of to bring up a child, unless you know it is worse than other places of the same population. Give encouragement to every useful and creditable enterprise in your midst, for as sure as effect follows cause so sure will enterprise or merit repay every citizen. We cannot live unto ourselves, and we cannot discourage any movement on behalf of the place, without inflicting upon ourselves a positive injury. If you see a needed improvement demand it, take it up vigorously, until the whole community is impregnated with the idea—until a storm of public sentiment completes the work; but if you can't have everything that is needed, remember that in that respect it is just like a thousand places in the land. Keep talking and encouraging, but don't grumble. Don't stop because some poor mummy out of whom has withered all public spirit and love of advancement, moans out his sepulchral wail "it won't pay." Show your live fellows that it will pay, and leave to the mummy his embalmed, swaddling dust and stupidity, and by and by you will see the result of your courage and talk in universal improvement, increased facilities for business, cultivated spirit and a broad, liberal, generous society that pervades, vivifies, and makes pleasant and beautiful every place which it enters.

WAIT FOR THE DOXOLOGY.—Sunday night when the report reached the city that armed negroes were marching in force upon "Edwards' Depot," a number of citizens armed themselves to go to the rescue. "Meetin'" was then being held in one of the colored churches, and when a colored courier entered the church in great haste and whispered that the white folks were coming with guns, a panic spread through all of the congregation. "One old darkey rose up and inquired, 'is dey got guns?'" The courier answered affirmatively. "Is dey?" "Is dey?" he inquired further. "What's de difference if dey got guns dat nuff for me," said an athletic negro as he proceeded to empty himself out of the window.

WE HAVE NOT HEARD THE LAST OF THE BANK OF CALIFORNIA AFFAIR, and it is likely to besometime yet to come before we do. Some of the newspapers have gone into court about it. The Bulletin and Call have brought a libel suit against the Alta, laying the damages at \$25,000. The substance of the complaint is that the Alta published lies about the Bulletin and Call in reference to the California Bank concerns. The general opinion in San Francisco is that, if the case is brought to trial, there will be some very developments. Then proceed, and let us have the whole thing as matters are dull at present. It may break up a couple of good newspapers and destroy a dozen or so good reputations, but what does that amount to if there's anything racy to be had? If the racy happens to be nasty also, it will have a big run with the public. We Americans are such a great and peculiar people.

TYPES DEPARTURE.—The Boise Statesman of Oct. 5th says: Yesterday morning, Messrs. C. T. Curtis and John T. Harsell, two "comps" who have been working in the Statesman office for some time, took their departure Eastward, mounted on thoroughbred cayuses. Mr. Curtis was formerly one of the proprietors of the Baker City Herald, and is one of the best and fastest compositors on the coast, and a thorough gentleman. He goes first to Salt Lake City, where he left a brother several years ago, from whom he has not heard, for a long time, hence he will proceed to Texas, where a loving mother is anxiously waiting for a long absent son. The young men have our best wishes for their future prosperity and happiness.

Gov. Gaston of Massachusetts is a decided second-termite. In 1854 he was elected a member of the State Legislature, and was again returned in 1856. In 1861 he became Mayor of Roxbury, and was re-elected at the expiration of his first term. In 1870 he became Mayor of Boston, and was the successful candidate also at the next election. In 1874 he was elected Governor of the State, and is now the Democratic nominee again. One of the remarkable men of the Alabama Constitutional Convention is Col. Betha. He is a lawyer, but has had only one case in his life. It was his first and last. The case involved a large amount of property, and his fee depended upon his success. He won; his fee was \$60,000, and with this he gracefully returned from the bar. A legal career so brief and so brilliant has probably been the lot of no other man since litigation began.

A good man addressed a Sunday school in Zanesville, Ohio, recently. He them of the better world in connection with the tears so sincere, that he seemed to touch the chords of finest feeling in their gentle young bosoms, and concluding his eloquent harangue he requested them to sing "Jordan." Instead of "Jordan's Stormy Banks," he was astonished to hear shouted in one unbroken chorus, "Jordan ain't a hard road to trable."

Two sons of the Emerald Isle took a trip to Fairmount Park, Philadelphia, recently. They visited the water works. Looking with amazement at the great turbine wheels while in motion, one exclaimed to the other: "Faith, Pat, the Americans must be quare people; they must be their wather ground before they can drink."
