Any person willfully or negligently violating the provisions of this section, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than one hundred dollars, nor more than two hundred and fifty dollars.

SEC. 3. Whenever, on examination of any bands or herds of sheep kept or herded in any county included in the provisions of this bill, the sheep inspector shall find such sheep or any portion of them, affected with scab or scabies, or any other infections or contagious diseases, he shall forthwith notify the owner or person in charge of such diseased sheep, in writing, to put such diseased sheep and the band or herd in which they have been kept, into an inclosure, or by other sufficient means be kept therein, from contact with other sheep, and to proceed immediately to treat them for the cure of such disease, under his supervision; and any person, company or corporation who shall refuse or neglect to immediately put such sheep into an inclosure, or by other sufficient means, secure them from contact with other sheep, or who shall refuse or neglect for thirty (30) days after such notice to proceed to treat such sheep for the cure of such disease, under the supervision of the inspector, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than one hundred dollars, and not more than two hundred and fifty dollars, and for each day of such neglect or refusal to treat such sheep, after thirty days from each notice, such person, company or corporation shall be guilty of a separate misdemeanor, and upon conviction thereof, shall be punished by a fine not less than twenty dollars nor more than fifty dollars, and in addition to the punishment provided in this section, the inspector shall, in case of a refusal or neglect to secure ...ed sheep from contact ... sheep, immediately upon the ... being given as hereinbefore provided, or in case of refusal or neglect of fifty days after such notice to treat such sheep for the cure of such disease, seize such sheep and by enclosure or other sufficient means, secure them from contact with other sheep, and proceed without other unnecessary delay to treat them for the cure of such disease, and the expense of such seizure, keeping and treatment, together with the fees of the inspector while engaged therein, ... charged on the sheep so ... and the inspector shall hold ...eep until the same is paid; or if ...t paid within ten days after ...eatment is completed, he shall ... the same, together with the ...and expenses of collection, by ...tising and selling such sheep, ... many thereof as may be neces..., in the manner provided by ...aw for the sale of personal property upon execution.

SEC. 8. Courts ... justices of the peace shall have jurisdiction of all misdemeanors defined in this act, and of all criminal prosecutions for such misdemeanors. The provisions of this act requiring the inspectors of sheep to prosecute for violations of its provisions, shall not be so construed as to prevent such prosecutions from being commenced and prosecuted by other persons, as other criminal actions are commenced and prosecuted.

SEC. 9. It shall be unlawful for any person, company, corporation or common carrier, to receive any sheep or bands of sheep, in transit to any of the counties enumerated in this act, on land or by water, from any person, company, corporation or common carrier, who shall fail to present to the parties so transporting sheep, a sheep inspector's certificate and traveling permit, certifying that said sheep are free from scab and other contagious or infectious diseases at the date of shipment. Any person, company, corporation or common ... who shall fail to comply with ...section, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not less than one hundred dollars, nor more than two hundred and fifty dollars.

SEC. 10. In consequence of the rapid spread among sheep of the contagious or infectious disease commonly called scab, and inasmuch as there is no adequate law for the protection of sheep against said disease, this act shall take effect immediately upon its approval by the Governor.

THE RESUMPTION PROGRAMME.

[BY TELEGRAPH.]

New York, Nov. 23.—The Tribune's Washington correspondent thinks that from all that can be learned from every source it is believed the following will be the essential points in the resumption programme:

First—United States notes will be redeemed at the New York sub-treasury in gold or silver coin, at the option of the holder, without limitation as to amount.

Second—Legal tender notes of special issues of large denominations will be delivered in place of gold certificates, and there will be no further issue of gold certificates.

Third—Holders of notes who prefer gold instead of silver will obtain gold, and the treasury will not force upon the holder of notes a kind of legal tender coin that is not desired.

Fourth—That legal tenders, even without enactment of any law affirmatively authorizing it, will be everywhere received for customs duties.

Fifth—That silver dollars will be exchanged for legal tenders or national bank notes in multiples of $1,000 at any sub-treasury or national bank which is a United States depository, the expense of transportation to be paid by the mint. This is the plan which was inaugurated in September, but was so suddenly discontinued on the ground that there was no authority of law to exchange silver for legal tender notes until after January 1, 1879.

Sixth—That perhaps arrangements will be made at sub-treasuries other than at New York to redeem legal tender notes in coin within ordinary limits, and as the interests of the place demand, but not in large sums.

Washington, Nov. 23.—The Secretary of the treasury in reply to the Baltimore delegation summed up as follows: "My general answer, therefore, is that the United States will maintain notes at par in coin in all parts of the United States by the redemption of such notes as are presented to the assistant treasurer at New York, and by the receipt of the United States for customs duties and bonds. I think this can be done without change of law. The treasurer will treat U. S. notes and coin as an exact equivalent in all transactions with the government, and then business everywhere in the United States will adapt itself to the same standard."

...cticing medicine many years in this city, ...ich time I have had an extensive experience ...plication of all kinds of Trusses, I can and ...ommend yours as the best in every respect, for ...s near perfection as modern science can make it. ...has many advantages over the torturing steel-spring ...russes, which inflict great injury on the hips and ...spine, bringing on other distressing ailments, such as ...lumbago, morbid affections of the kidneys and numbness in the lower limbs, all of which are avoided by wearing the California Elastic Truss. It is not only a perfect retainer, combining ease and comfort, but the pressure can be changed to any degree. It also remains in its proper place at all times, regardless of the motions of the body, and is worn night and day with perfect ease. It is superior to any of the Elastic Trusses now in the market, while it combines the merits of all. 1st—It is easily adjusted on and off with snaps, doing away with straps and Buckles. 2d—The universal spring between the plate and pad prevents all irritation, which is a god-send to the sufferer. 3d—The pad is adjusted on and off in an instant, and can be changed for any other size and form most suitable to the case. In fact it combines every quality essential to comfort and durability, and is unequaled in lightness, elasticity, natural action, and artistic finish. Many of my patients who are afflicted with hernia are wearing them, and all shall in the future, for I think the great ease with which these purely scientific appliances are made effectious, is truly remarkable. You can refer any parties to me on the subject of their merits. I remain truly yours,
