THE HEART OF THE VALLEY."

That the above is the signification of Cor vallis, is well known to our Oregon readers but not so well known to our readers abroad -of which the GAZETTE is able to boast a large list, scattered throughout the adjacent territories, the Atlantic States, and is extensively read throughout England, by favor of Wallis Nash, Esq., Col. Hogg and others. Coming to Corvallis (then Marysville) in February, 1853, and claiming this as our home most of the time since, gives it a place in our heart dearer than any other spot on til next issue of GAZETTE. earth, exceping the place of our birth. We came here a "beardless youth," when only a few temporary houses marked this beautiful site. We built the first-house in what was then called "Middle Town," not far from where the new hotel stands. It was then one of the most thriving business places in the upper country, being the head of river navigation, and the shipping point for the Southern mines. It was no uncommon sight to see pack 'trains of from one hundred, to two hundred animals arrive and depart, while the commons were dotted with huge piles of flour, bacon, beans and whisky, awaiting the dextrous manipulations of/the "greasy packer." Times were flush and money plenty. Fifty-dollar slugs were more common then than eagles now.

We then thought this the loveliest site for a town upon this coast, and we have never changed our mind. And such seem to be the opinions of all comers. After having carefully and anxiously watched its rise, development, and manifold changes for more cans, Mason's Fruit jars, just re eived, and very low, at Ray's. than a quarter of a century, and devoted very low, at fourteen long years (the best portion of our life) to advocating its best interests, through the columns of the GAZETTE, is it any won- ple copies of GAZETTE will be for warded. der that we feel proud of its present rapid

Here have been born to us three as bright, interesting and sweet children as ever blessed fon I parents. But just as they reached tie fon l parents. But just as they reached the ranch on Yaquina. He passed through this most interesting years of childhood and city lest Monday morning with a load of were shedding light and joy around the fambousehold effects. His family is shready were shedding light and joy around the family hearthstone, akin to that of paradise itself, the angel of dark wing snatched them ruthlessly from us, and they now steep side road: the advance camp bein; in the vicinby side in yonder cemetery. By the mys-terious dispensation of Providence this place of Polk county. seems hallowed and sacred to us, and we have no desire to remove hence, notwith-standing failing health admonishes us that a Hodes is making asplendid display of goods, change of climste, or business might be ben- and is very obliging to customers. eficial to us.

The future of Corvallis and Benton coun ty seems to be brightening every day. Immigration is now pouring into every section of the county at a rapid rate, while houses continue in the city. A ride to Philomath last week, disclosed quite a number of improvements there, and along the road. Notwithstanding the incessant cry of "hard times" our farmers, generally, seem to have money, and the prospect for an abundant harvest was never more flattering. All these things combined, together with the almost positive assurance of the completion of a railroad to Yaquina Bay, in the near future, places Corvallis head and shoulders above any other location south of Portland. The iron and rolling stock for the first section of the road will soon be in Corvallis but the roadbed is not quite ready for it. Will the citizens of Benton county allow this grand enterprise to fail on this account? Of course not. It would be worse than commercial suicide. Every interest of the county demands the road, and we WILL have it.

#### SCHOOL REPORT.

AUXILIARY, June 20, 1879. ED. GAZETTE: To-day I close a ten months' school. To me it has been the most successful and pleasant time ever passed in a school district. There are no better people or pupils to be found. I have kept a strict Roll of Honor, and the most remarkable deportment ever gained by any school is due to this one of 29 pupils. The Roll of Honor includes attendance, deportment and good recitations : Lizzie Currier, 100 : Emma Starr, 100 : Justina Johnson, 100; Wm. Buchanan, 100; Robert Buchanan. 100: Jennie Buchanan, 100: John B. Currier, 100; Florence Feagles, 100; Daisy Starr, 100 : Mary Majors, 100 : John Buchanan, 100; Ida Post, 100; Annie Post, 100; Manly Currier, Jr., 100; Albert Starr,

Teacher. The following beautiful and esteemed sentiments were handed to me at the cose of my school, signed by the pupils:

To Milton Harrison Parker, Greeting We the undersigned pupils of Auxiliary School District, No. 22, Benton county, Oregon, do hereby tender to you our most sin-cere thanks and gratitude for the strict, honorable and impartial way in which you have labored with us for ten months as a teacher. And as a kind teacher, able educator and refined gentleman, we shall ever remember you. Wm. Buchanan, Lizzie Currier, Isaac Garrett, Jennie Buchanan, and 20 others. Done at Auxiliary School House, Jnue 20,

PLEADS " NOT GUILTY."-In our issue of clipped from some exchange, an item to the effect that Don Byland had disappeared very suddenly from Scio, and was charged with improper conduct with female students. Mr. Byland writes us from Weston, under date of June 19th, stating that the charges were false, and says the authorities are not following notice, found in the Calistoga Inlooking for him. Of course we know nothing of the circumstances, or who started the report, but give Mr. Byland's statement as a W. Johnson to L. E. Broocke, of Petaluma.

FROM THE BAY. ED. GAZETTE : From all reports publishe there seems a strong influence working in favor of Columbia river as a harbor of refuge. My opinion is that all this effort is simply a move to divide Oregon's strength on this question, and, if possible, succeed in removing the location of the work as far south as possible. There can be little sincerity in Portland's advocacy of this point. Vessels of a larger class than can now reach Portland stop at Astoria; the "Sam Watts" was of this kind. Any improvement of the bar, deepening the channel, must result in bringing vessels of a deeper draft, and consequently cheaper carriers, to Astoria. Couple this fact with the termination of the several proposed railroads at Portland, and the railroad from PORTLAND TO ASTORIA be comes a financial scheme certain to enlist capital, and, sooner or later, nothing is surer than a railroad to deep water. While this will benefit the state and enrich Astoria, it can hardly be called an interesting picture for Portland, who now realizes largely from the transfer and re-shipment of Oregon's staple products. I suggest the propriety of the gentlemen selected to meet the U. S Board of Engineers, to do so at Foulweath er. There is something quite tangible in thus meeting the Board within 60 miles of the interior, fresh from the anxious people of the Willamette, and at the terminus of the W. V. & C. R. R. Then the delegates can meet the Board in Portland as acquaintances, and will feel freer to discuss this question of so much importance to the state. Monday, the 30th, Capt. Lutjens launched

nis steam schooner, the "Kate and Annie." The steamer Alex. Duncan sails on the 28th, for Yaquina Bay and other ports, north of Rogue river. She is evidently seeking to build up a coast trade, and with proper management, will prove profitable to the company, and of great advantage to

Your complimentary notice of Captain Winant's efforts in our behalf is heartily seconeded by his many friends on the Bay. The Captain understands the text and sticks

The U. S. steamer Shubrick landed supplies for Foulweather light, on the 26th. She brought wheat that cost at Astoria \$1 25 per bushel. The tonnage over the Columbia would add something, and yet, within sixty miles of here this wheat was grown, and can be bought for SEVENTY-FOUR CENTS A BUSHEL. Fifty-one cents has been added to its cost in transportation and handling-with the toppage bill of Columbia to hear from. For ten cents per bushel that wheat could be delivered at Yaquina Bay-leaving a clear profit to the favor of the farmer, of say, 371 cents on every RIALTO.

Newport, July 1, 1879.

the front along the line of the wes side rail-England, like in most of the old settled countries, are very dull, and opportunities for profitable investment of capital scarce. This, together with the low rates of inter est there, is causing many to seek new fields of adventure and enterprise. No state in the Union, perhaps, offers greater inducements for investment of capital than Oregon, and no county greater than Benton. We need several manufacturing establishments, so as to prevent our capital from being sent abroad, as well as to give us a home market, which is better for the farmer than a foreign

FINE MARKETS.-Among the numerou Mr. Wm. Pitman is extending the mains, so as to supply water on some of the back streets. This is a good move. Sol. King and Col. Hogg have their residences connected with the "tank" already, and we hope soon to have the pipes I d to our dwelling. They will probably be extended to third street, along Monroe, so as to accommodate Messrs. Chenoweth, Judge Burnett, Max Friendly, Dr. Farra, Mr. Ray, and Messrs. Jacobs & Neuvass. improvements going forward in Corvallis. giving it quite a city appearance. In the rear shop they have placed one of the latest improved sausage machines for chopping the meat and also an ingenious contrivance for brought with him a box of fish, which are stuffing be same. In these improvements they have exhibited a very commendable spirit of enterprise, which we hope to see soon extended to other business places.

SERIOUS ACCIDENT.-From the Crucible we learn that Mr. Thos. Skipton of this county, a short time since fell from his wa hundred per cent. by the curing process to gon, and mashed his wrist. The doctors were immediately summoned, and the wound was dressed. After about one week it was found that the parts were not all adjusted cluded, with samples of them. It is his inten- and the wounded member was reset. The patient now bids fair for entire recovery.

SAD .- Two little sons of H. S. Jory, o South Salem, aged five and nine years, were recently drowned near a boom of logs in the Willamette, near Kinney's mills. They were found only five feet agart. It is supposed the younger fell in and his brother in attempting to save him was also drowned It was a crushing affliction to the bereaved

#### ALSEA BAY.

EDITOR GAZETTE : Your reporter is still making observations hereabouts. The Alsea Bay is a pretty body of water with a good bar, of from nine to nine and a half feet of water, at low tide. The entrance is strait and the bay furnishes good anchorage of from fifteen to twenty feet of water.

The new schooner for the Alsea Bay, the Helen Jane, will soon be done-probably by next Monday. It is already under contract to go to Astoria or to Portland for Engineer Habersham, who is going to survey the Al. sea Bay. Fish abundant. The people are enterprising and hospitable. They have just completed a new school house, and the school starts off with fifteen pupils. Mr. Ernest White is the popular teacher. There is to be a P. O. route from Alsea to Tidewa-

ter. Bids are now in order. Mr. Mercer is a rapid surveyor. He is now filling a large government contractwill survey up the Lower Alsea river as far dred families. Lands on the ocean beach are now surveyed and open for settlement, clear up to the Bay entrance. It would have been difficult for the government to have found a man more suitable for this work of surveying than Mr. Mercer. He is vallis to the Indian agency, 64 miles, in two days and a half. That is the sort of a man

to make a faithful survey in rough places.
We are delighted with the looks of things about here, and the only thing that hurts our feelings is, that there is not a single copy of the GAZETTE taken at this postoffice. Why is it thus? I cannot do without it. And, moreover, with your permission, I will canvass for subscribers. What say you? With two or three sample copies by the next mail I think I could do something. Tidewater, June 26, 1879. REPORTER.

MATRIMONIAL. - During the month June, the County Clerk issued five marriage license, as follows: Wm. H. Hartless and Miss C. C. Davidson; Alfred Flickinger and Miss Ennice L. Brown; Marion, H. Parker and Miss Emmarelda Starr: Newton A. Thompson and Miss Addie M. Allen; Alonzo J. Locke and Nancy E. Hol-

WE HEARTILY CONCUR. -The Harrisburg Nucleus of the 28th ult., closes a closes a clinching article in favor of Cape Foulweather thus:

If Trinidad, Port Orford or the mouth the Columbia, is to have the harbor of ref-uge, the Central Valley and Eastern Oregon will not be benefitted one iota taereoy. The great body of resources lies at these points. Benton, Polk, Marion, Linn, Lane, and territory contiguous, can get a charter from the Government to open up the grand, natural Harbor at Foulweather, and they must do it. If the development of this broad akening State is to be given into the hands of men for selfish personal con STILL COMING.—In addition to the large number of Englishmen already in Benton county, Mr. Alfred E. Acklom and wife, apparently newly married, arrived by last Fri. and successful termination. And what is day's boat, and are stopping at the Vincent House. We have had the pleasure of mak-would save to the farmers of Oregon huning the acquaintance of Mr. A., who seems to be very intelligent and affable gentleman; of means and business experience. He says many capitalists "across the waters," are looking anxiously to Oregon. Times in

> GOLD ON THE SANTIAM.—For many years gold has been found on the Santiam, in fact it could be washed out on nearly every bar and quite a number of men are still making good wages at the diggings in those localities. This all goes to show that there are rich deposits of gold-bearing quartz somewhere up the river. A great many prospecting parties have gone up there in past years and some good leads have been discovered in the Quartzville country, but none on the South Fork of the river. upon which on the South Fork of the river, upon which the richest deposits are supposed to be located. A short time ago a Mr. McQuade and several others prospected up the South Fork and brought down some quartz with them which an assay shows to be very rich with gold. The lead is on the South Fork

Written Ordinance, No 27.

n Ordinance authorizing the Willamette Valley and Coast Railroad Company to lay a railway side track or switch and run cars over the same, within the city of Corvallia.

Be it ordained by the Common Council of the City of Corvallis as follows:

SEC. 1st. The Willamette Valley and Coast Railroad Company of Benton county, Oregon, are hereby authorized and permitted to lav a railway side track or switch and in the stream, and can yet. During the past winter and spring considerable dust has been taken out of the bars above Lebanon, and quite a number of men are still making of the past winter and spring considerable dust has been taken out of the bars above Lebanon, and quite a number of men are still making of the crossings thereof, or over any other street and the crossings thereof. other street, and the crossings thereof, south of Washington street; and along and over First or Water street, and the crossings thereof, the whole length of said streets within the city of Corvallis, upon the terms

and conditions hereinafter provided. SEC. 2d. The said Railroad Company shall grade to established grades, and to such grades as may hereafter be established at any time, and maintain in good repair said streets at least aix (6) feet in width with gold. The lead is on the South Fork about twenty miles south of Quartzville, and forty miles from Sweet Home. Three men have gone into it with pack animals and will bring out several hundred pounds of the rock which will be sent to different places for assaying. Gold will be found in paying quantities on the Santiam, and we hope these men have at last found the "big lead."

—Albany Democrat.

upon each side of the center line of such problem in such track, or switch, and as much wider as may be affected by such railway, side track or switch, or the construction thereof, and shall do and perform said work and the improvements and repairing thereof, in such manner and as often as the Common Council of the city of Corvallis may at any upon each side of the center line of such Council of the city of Corvallis may at any time provide for or require.

Provided, That nothing in this ordinance shall be so construed as to grant any exclusive right or privilege to the use of said streets, or any part thereof to said railroad company; and the said city of Corvallis hereby reserves the right to grant the right of way over said streets or any part thereof, to any other railroad company or companies, at any time; and it is further provided that any company to which the city of Corvallis shall or may, hereafter, grant the right of way or privilege of laying a railway track or side track or switch, over, along or upon said streets shall have the right to cross or run over or upon the track or switch of said Willamette Valley and Coast Railroad Company upon said street, within said city, any time; and it is further provided that Company upon said street, within said city. upon such compensation and terms and conditions as may be just and equitable. SEC. 3rd. Said railroad Company shall while running their trains within the corporate limits of said city cause their engine FAVORA bell to be continually rung; and shall not allow any engine, train or trains to run within the corporate limits of said city, at 14th day of June to the 15th day of July, 1879.

thereof, so as to allow teams and vehicles

to cross the same with ease and facility.

SEC. 4th. The Common Council reserve the right to make or alter regulations at my time as they deem proper for the conand to further alter, regulate and change the speed and manner of running railway ars and locomotives within said limits, and to restrict or prohibit the running of loconotives or ears at such time, and in such nanner as they may deem necessary.

SEC. 5th. Alterations of grades or streets equired for laying said railroad track, side ck or switch, and all improvements and

epairs thereof, for said purpose shall be made at the expense of the said railroad company, and in such manner as may be provided by ordinance.

SEC. 6th. It is hereby expressly provid ed that any refusal or neglect of the said Willamette Valley and Coast Railroad Com pany to comply with the provisions and requirements of this ordinance or any other ordinance passed in pursuance hereof, shall he deemed a forfeiture of the rights and privileges herein granted, and it shall be awful for the Common Council to declare; by ordinance the forfeiture of the same and to cause the said rails, cars, ties, and all apparatus of said company to be removed

from said streets. SEC. 7th. Whereas, An emergency ex ists in this, that said company desires to locate its depot, lay its track, side track and switches at the earliest possible mo ment this ordinance shall be read and passed at the same special meeting upon receiving a two-thi ds vote of the members of the Council.

Passed the Common Council June 26th Approved, June 27th, 1879.

M. JACOBS, Mayor. J. R. BRYSON, City Recorder.

AMES' PROCESS ....FOR KEEPING ...

### MEATS. VEGETABLES. FRUITS.

Etc., Etc.

TEIIS WONDERFUL PROCESS WILL REEP and Cider sweet for an indefinite length of time, in ordinary vascals with a contract of the SALTING, COOKING, DRYING OR SEALING Up, and is so simple that a child can operate it, with but little danger of mistakes. We have the testimony of several of the first physicians in Oregon, that is not injurious to the health, and the cost is less than twenty-five cents to the barrel for the materials used, which can usually be obtained at any drug

FLIES NOR VERMIN NEVER TOUCH Articles preserved by this Process. The standard works on Chemistry or Science recommend the articles us at as good for this purpose; the difficulty heretofore lying in the manner of application, which has been obviated by Ames' Patent. As a wash, the preparation makes the har soft and glossy, and the complexicon clear and pure.

IT WILL CURE THE SCAB ON SHEEP.

Remove lice from fowls or chickens' heads; clear ticks from stock; cures the "Oregon Scratches," and is an excellent gargle for sore throat or diphtheria, It is one of the best and cheapest bleaching fluids for cloth ever discovered. A Written Guar-antee is given the purchaser of every Right. We will send the entire outfit, consisting of Patent Deed, Apparatus, Guarantee, and full Directions, for the use of a FAMILY RIGHT, limited to pur-chaser and his own productions, free of expense to the purchaser, on receipt of \$10. Send by Postal Order or Registered Letter, at our risk.

Order or Rogistered Letter, at our risk.

The above process was patented January 15, 1878, by T. G. Ames, of Texas, and the undersigned have the EXCLUSIVE RIGHT to sell patents on the entire Pacific Coast and Territories west of the Rocky Mountains. Patents for Counties or Districts on reasonable terms. Purchasers of County Rights will be allowed three months to test the Process before con unmaking the purchase.

For further particulars, address

GOLDSON & MATTOON,

Corvallis, Benton County, or Albany, Linn

County, Oregon.

[The names appended to the following statements are among the leading physicians of Albany and Corvallis, and for varied experience, scientific research, or extended and successful practice, they justly stand in the very front rank of their profession TESTIMONIALS:

The undersigned physicians of Albany, having seen the apparatus used in Ames' process for preserving meats, etc., and heard the manner of its use explained, together with the chemicals used, will say, that as used, we do not consider there is any danger to the health to be feared, either in operating the apparatus, or in using the articles preserved. Not havbe the health to be leared, either in operating the ap-baratus, or in using the articles preserved. Not hav-ing seen a protracted test of the process of preserva-tion by the chemicals, as used in the manner indicat-ed, we will only say that the theory sounds reasona-ble, and we can assign no cause why the process

Convalus, April 24, 1879. CONVALUS, April 24, 1879.

The undersigned physicians of Corvallis, Oregou, having had explained to us Ames' process for preserving meats, etc., can say that there is nothing unhealthy about it, as used, and that no fears need be apprehended on that account. We have also seem meat, fish, butter, etc., that has been kept several weeks by this "process," and believe that its claims to keep the various articles of provisions sweet and fresh can be sustained

Messrs. Goldson & Mattoon appear deternined to let folks know about their meat preserving process. The first meat and fish put up by Mr. Goldson was all eaten up after being kept about sixty days, and now they are at work on another batch. On the 17th ult., the gentlemen whose names are attached to the report below were invited in at Mr. Goldson's "to be pizened," and samles were cooked and eaten, as Beef, 12 days old; butter, (salted) 77 days old; unsalted, 12; eggs, 77 days old. All kept by Ames' process, without salting, cooking, drying or sealing up. The following is an exact copy of the report:

"The articles were all as sweet and good ' Signed by Hon. F. A. Chenoweth,

A. J. Young, E. H. TAYLOR. REV. G. W. BENNETT, B. T. TAYLOR, P. L. BUCHARAN, HON. JOHN BURNETT, W. B. CARTY

The following testimonials CORVALLIS, May 17, 1879. "We have eaten fish (salmon) kept 40 days by Ames' process, and find it as good and fresh as the day it was caught."

D. B. IRVIN.

L. ROTH, S. G. IRVIN.

CORVALLIS, May 17, 1879.

"We have eaten raw oysters 9 days from the shell, and found them as good as when ZEPHIN JOB, D. B. IRVIN. ALBANY, May 27, 1879. Mr. MATTOON: The cider you put up for me about two months ago is as sweet as the day it was made. The flavor is rather im-

proved, as it appeare to have more body. ALBANY, May 27, 1879. C. H. Marroon: The beef you put up-for me a month or so ago is as good as when-taken from the market house.

J. L. Hill.
