BLUE RIBBON CLUB

On last Sabbath, as previously announced in the GAZETTE, Dr. J. R. Bayley organized a Blue Ribbon Club at Willamette Grange Hall, on Muddy, some ten miles south of Corvallis.

Several from the city and a large number from the surrounding country, congregated at the appointed time. The meeting was called to order by Dr. J. R. Bayley and opened with prayer by Rev. J. S. Reasoner.

On motion, Willamette Blue Ribbon Club was adopted as the name of the organization. The following were elected as temporary officers: J. M. Currier, president; Wm. Handley, secretary.

RESOLUTION OF THANKS.

At a meeting of the Capital Guards, held July 8, 1879, the following resolutions and resolutions were unanimously adopted: WHEREAS, it has been the good fortune of the Capital Guards, of Salem, to meet at the hands of the firemen and citizens of Corvallis, while attending the celebration of the 103rd anniversary of American Independence at that place, a hearty greeting, kind treatment, earnest and successful endeavors to make the visit an agreeable and pleasant one; and

WHEREAS, in consideration of the generous hospitality, earnest efforts to please, and the general interest manifested in our behalf by the fire department and citizens of Corvallis, we feel ourselves under many obligations.

Resolved, That a copy of these resolutions be forwarded to the Chief Engineer of the fire department, and also to the Corvallis GAZETTE for publication.

HOMER H. HALLOCK, Chairman. ROSS E. MOORES, WHITNEY L. BOISE, Committee.

PRINTING.

We have lately seen specimens of job work done by Corvallis & Keedy at the GAZETTE office, Corvallis, which are favorably with any done on the coast.—Salem Daily Town Talk.

Thanks, Bro. Conover. And in addition to good work, we are putting our prices so low that it will pay every business man, and, in fact, those not in business, to use printed matter instead of plain. We furnish the best of paper and print letter, note and bill heads for a little more than the blank paper can be bought at retail.

RIOT.—On last Saturday the Chinese graders, at work in the vicinity of Lock's Gap, mutinied, and for a short time a very lively scene transpired. It seems that the gang is one of the laziest and most inordinately on the road, and on that day one of them refused to work, and was discharged by the foreman, when the whole band, some 45 in number, revolted and assaulted the boss with their shovels. He seized a shovel and retreated, and kept them at bay until the white teamsters came to his rescue and drove them away. In the evening contractor Ward visited the camp and discharged the entire gang, and drove them away, entirely from the works. Mr. Sullivan, the foreman, showed good grit, but unfortunately neither he nor the teamsters were armed, and the Chinamen were not punished as they deserved.—River Side, July 4.

JEWISH SUNDAY SCHOOL.—Rev. Dr. A. J. Messing, Rabi of Congregation Bet Israel, San Francisco, visited our town recently, and succeeded in establishing a Hebrew Sabbath School to instruct our rising Jewish generation in Mosaic law and religion. Mr. M. Jacobs was chosen president of the school, Miss Rosa Jacobs superintendent, Misses Harris, Kline, Stock, Mr. E. Rosenthal and others, teachers. Last Sunday a meeting of teachers took place at the residence of Mr. M. Jacobs, and 16 children answered to the roll call, and all looks hopeful for the future of the school, and the flattering results are expected, from the management of its superintendent and teachers mentioned.

INDIAN SCOUTS.—The Walla Walla Statesman says the Indian scouts recently enlisted at the Umattila agency by Lieutenant Farrow, are getting along first rate in military tactics, and are in perfect trim. They take to soldiering very naturally, and have already learned the different commands in English. They execute movements with an accuracy and precision seldom surpassed by regular soldiers. They practice daily, and the score of the majority of them is splendid, and Lieut. Farrow intends making them hit a man at 1,000 yards before he gets through with them. It is very possible they will soon be sent into the field, as they are very anxious to make a reputation.

Read the new ads. Caesar is solid for Grant in '80. The Palace market is the place to get your meat. Highest cash price paid for wool by A. Cuthbert & Son.

Dr. H. Green is confined in his room by sickness. Prof. B. L. Arnold arrived home from Alsea last Monday evening.

S. Friedman and wife, of Salem, returned home by last Tuesday's boat. Dr. E. O. Smith, dentist, of Albany, removed to Astoria and at Crescent City or Coos Bay. Mr. Hume desires to accommodate the Alsea people, and will enter that Bay if there is produce or freight for that place.

Yaquna is quite elated over the prospect and strenuous efforts will be made in aid of this enterprise. Mr. Hume is entitled to great credit for establishing communication with these neglected bays along the coast, and it becomes the duty of every man who has something to ship; let us fill the wharfs with such produce as the county affords, now that an opportunity is offered by which a market can be reached. The public will be advised further on this subject as soon as rates can be obtained.

Columbus Brown, Deputy Collector, was landed by the U. S. revenue cutter, "Tom Corwin," at Foulweather. He comes to measure and furnish the steam schr. "Kate and Anna" with custom house papers.

The launch Eureka is making good time and does away with the tediousness of a small boat pulled with oars. I cannot see how anybody can find fault with \$1, fare from Pioneer to Newport. The public should bear in mind that patronage given the Eureka now, secures her services for our comfort and convenience next winter. My advice is, stand by the little steamer.

Campers are plenty—more coming—roads splendid. RIALTO. Newport, July 14, 1879.

ABANDONED.—The Oregonian of last Wednesday says: M. T. Ward, the contractor for the extension of the west side railroad, abandoned from Independence last Saturday, unpaid bills amounting to between \$20,000 and \$30,000. Saturday, early in the afternoon, he collected \$11,000 from the company, and told the laborers that their pay was awaiting them. He then hired a buggy and drove out of town. It is supposed that he drove to Albany, as he took the train there for his city Monday afternoon. He probably secreted himself over Sunday. After Ward left Independence his clerk, W. H. Bennett, kept the office closed for two hours, and at half-past 4 opened it and commenced paying the men, as they came in, their wages in full. After paying out about \$1500 he discovered that his coin was running short, and he then paid to each man only forty per cent. of the wages due. The money was soon exhausted and Bennett was obliged to close the office. He was arrested after a short time, but gave bonds for his appearance. Fearing personal violence he hid himself, but it is said that his whereabouts is known. Intense indignation is felt and expressed against Ward by the 200 men in his employ, and if he is caught, and their wages not paid them, they threaten lynching. They have seized the shovels, picks, scrapers and wheelbarrows. The Chinese in Ward's employ had been secured by the railroad company and will lose nothing. It is thought that Ward came to this city Monday night, and that he has gone to the Sound. He has a wife and family at Tacoma. Telegrams have been sent to The Dalles, Vancouver and Tacoma to intercept him.

Since the above was put in type, we learn that Mr. Ward was captured at Tacoma, on Wednesday.

CLOSED OFF.—S. Friedman, of Salem, has been up for about ten days, and concluded to close out the new I. X. L. store. Mr. Honig, who has been in charge of the business, has shown himself a gentleman, and made many friends, and we regret to see him leave. But Mr. Friedman, after looking the ground over carefully, has concluded that it is better for him to concentrate his business, so he returned, with goods unsold, with last Tuesday's boat, to Salem. Should times become lively, he may come to Corvallis again. Mr. Friedman is a great favorite with the printers, and he has found out that the judicious use of printers' ink is indispensable in the mercantile business. Long may he wave.

HARBOR OF REFUGE.—The board of engineers, consisting of Colonel Stuart, Colonel Mendell, Colonel Williams, Colonel Gillette and Lieutenant Payson, all of the U. S. A., will leave San Francisco on the 17th inst., by special steamer, and visit all points on the coast as far as the Columbia river, for the purpose of selecting the most eligible location for a harbor of refuge. After the site is chosen the board will sail for Astoria, and will reach that point about the 1st proximo.

FINE WHEAT.—Mr. Isaac Newhouse, who resides 12 miles northwest of this city, has left at our office some fine specimens of wheat of the blue stem variety, which were raised upon his farm. This wheat is nearly six feet in height, has a very strong stem, with a large and well-filled head, and will yield about 45 bushels per acre. The specimens were taken at random from a field of 40 acres.

BLUE RIBBON SONGS.—Every Blue Ribbon Club should be supplied with the Blue Ribbon Chorus, as used in California and other States. In order to supply this demand, Rev. W. C. Chatten, of Portland, is publishing the same, and furnishes them to Clubs at a mere nominal price. Send your orders to him.

WHY NOT.—The Dalles Mountaineer says that "It is reported that it is the intention of Jay Gould to start a Republican newspaper in Portland on a mammoth scale. He owns the New York Tribune, and wishes to have another at the western terminus on a similar scale to that of the Tribune."

SANTARIUM.—Rev. W. C. Chatten is now sole proprietor of the Sanitarium, in Portland. It is fast becoming a popular resort for invalids, and wonderful cures have been effected by the pine and hemlock baths. Medicinal, plain, hot and cold both, at all hours. All diseases successfully treated.

YACQUINA BAY.

Ed. GAZETTE: Yesterday, the 10th, the steamer Alex. Duncan, 237 tons register, Capt. James Carroll, came safely into port. The Duncan is a trim, staunch vessel, with splendid passenger accommodations. The owner of the vessel, Mr. R. D. Hume, was on board and stated his intention to touch in here with the Duncan regularly once a month, or oftener if the business should justify. Connections will be made with steamers at Astoria and at Crescent City or Coos Bay. Mr. Hume desires to accommodate the Alsea people, and will enter that Bay if there is produce or freight for that place.

Yaquna is quite elated over the prospect and strenuous efforts will be made in aid of this enterprise. Mr. Hume is entitled to great credit for establishing communication with these neglected bays along the coast, and it becomes the duty of every man who has something to ship; let us fill the wharfs with such produce as the county affords, now that an opportunity is offered by which a market can be reached. AMES' PROCESS

FOR KEEPING MEATS, VEGETABLES, FRUITS, Etc., Etc.

THIS WONDERFUL PROCESS WILL KEEP Meats, Fish, Oysters, Vegetables, Butter, Fruits and Cider sweet for an indefinite length of time in ordinary vessels without

SALTING, COOKING, DRYING OR SEALING UP, and is so simple that a child can operate it, with but little danger of mistakes. We have the testimony of several of the first physicians in Oregon, that it is not only superior to the brine and salt, but is less than twenty-five cents to the barrel for the materials used, which can usually be obtained at any drug store.

FLIES FOR VERMIN NEVER TOUCH Articles preserved by this Process. The standard works on Chemistry or Science recommend the articles used as good for this purpose; the difficulty heretofore lying in the manner of application, which has been omitted by Ames' Patent. As a wash, the preparation makes the hair soft and glossy, and the complexion clear and pure.

IT WILL CURE THE SCAB OF SHEEP. Remove lice from fowls or chickens' heads; clean ticks from stock; cures the "Oregon Scrathees," and is an excellent gargle for sore throat or diphtheria. It is one of the best and cheapest bleaching fluids for cloth ever discovered. A Written Guarantee is given to the purchaser of every Right.

We will send the entire outfit, consisting of Patent Dye, Apparatus, Guarantee, and full Directions, for use of a FAMILY REGISTER, and several other changes and his own productions, free of expense to the purchaser, on receipt of \$1.00 sent by Postal Order or Registered Letter, at our risk.

The above process was patented January 15, 1878, by T. G. Ames, of Texas, and the undersigned have the EXCLUSIVE RIGHT to sell patents on the entire Pacific Coast and Territories west of the Rocky Mountains. Patents for Counties or Rights will be reasonable terms. Purchasers of County Rights will be allowed three months to test the Process before consummating the purchase.
