

WEEKLY CORVALLIS GAZETTE, Corvallis, Nov. 28, 1879.

Arrivals and Departures of Mails.

From Albany (North and South) daily, at 4 P.M. Newport and Padlock, Tuesday, Thursday and Saturday, at 6 P.M.

EDUCATIONAL LECTURE. Hon. L. J. Powell, State Superintendent of Public Instruction, gave a lecture on educational matters, at the College, on Tuesday, 26th inst. The speaker dwelt upon the importance of Institute work, and the special education of teachers, stating that he was here in the interests of a Teachers' District and County Institute to be held in Corvallis during the holidays.

A large number of students was present, to whom the closing remarks were addressed. Form a good character at school—character is the measure of every man and woman. Let your aim be a good character, so that after you have done the part assigned, that your only care shall be, how you may perform the greatest amount of good of which your being is capable.

AN IMPORTANT INDUSTRY.—In another column, we call the attention of our farmers to the importance of looking after their orchards, and to the fact that apples will soon be an important item in our exports. Since that article was in type, we have seen private letters from England, to Mr. Wallis Nash, informing him that the apple crops there are short and the demand for dried fruit immense.

BAL MASQUE.—The grand Bal Masque given by Corvallis H. & L. Co., last Friday night, was a grand success, financially and otherwise—netting fifty-four dollars. The following is a list of makers and the characters represented: Kate Hallwachs, Goddess of Flowers; Mollie Goulson, Domino; Madsy Baker, Popcorn Girl; Alice Vineyard, Russian Costume; I. M. Hunter, Young Joseph; Lizzie Bradley, Lady Violinist; C. Hemphill, Shamus O'Brien; C. Stock, Domino; Alice Blake, Lady Violinist; O. E. THANKSGIVING.—The usual union services were held in the Presbyterian church, in this city, yesterday, the resident pastors all taking part in the same. The sermon was preached by Rev. Vincent House. No notice was made of these services in the GAZETTE, last week, from the fact that the arrangements were not perfected until after our going to press. The people of Corvallis and Benton County have much to be thankful to Almighty God for, the past year. No epidemic or contagious disease has visited us; our harvests have been abundant, and peace and plenty have crowned our labors. Surely the Lord has been very good to us, whereof we should rejoice and be glad.

BEAR CAPTURED.—We have been shown a private letter, received by Mrs. H. W. Vincent, from her mother, at Newport, giving a very graphic description of the capture of a very large bear, which called into action almost the entire population, male and female, old and young. It was rare sport for the people but rough on brain. Sorry we had not the space to give Mrs. Stevens' account of the capture, in full.

AGENTS.—Messrs. Drake & Grant are agents for the S. E. Weekly Bulletin, in Corvallis; Hon. R. A. Bennett, at Newport, Alsea and vicinity. The Daily Bulletin will be served to subscribers at their homes or business or places of residence, by Mrs. Ralston Cox. A. T. HAWLEY, Nov. 27, 1879—w2 Special Agent.

Send in your holiday ads. The West Side depot is looming up. The Vincent House is getting a new coat of paint.

There is a drouth in the undertaker's business in this city. Breakfast bacon and sugar cured hams at the Palace.

The A. O. U. W. hold regular meetings every Monday evening. Andy Emrick has opened a meat market south of A. Cuthbert & Son's store. We regret to learn that Prof. Powell's family is afflicted with scarlet fever.

For a choice cut of meat, go and see Nick, at the Palace. He continues to keep the greatest and best variety in the city. It is reported that Cesar has a great weakness for pork. Why not? Isn't he an independent son of H. C.?

Interesting religious meetings are now in progress in the Locke neighborhood, under the ministerial labors of Revs. Kaufner and Crossman of the Evangelical church. A. F. Gunn, representative of Cunningham, Curtis & Co., stationers of San Francisco, was in this city last Tuesday, looking after some of his matters.

Mr. Wm. Foley, traveling correspondent of the Portland Standard, gave us a call Tuesday morning. He had been several days in the city on business for that paper. Our little German friend, H. Mann's, cured one of those double-acting spring beds at Ang. Knight's the past week. But that is no sign that he intends to commit matrimony.

Mr. T. Ray, formerly of this city, but now of La Center, W. T., was in the city, on business, last week. He likes Corvallis, but has concluded to quit carpentering and go to farming. Mrs. Ross does all descriptions of hair work, in the very latest styles. Vest chains, jewelry, switches, etc., a specialty. Leave orders with Mrs. Kelly, or Mrs. Rinker, at Mrs. Kelly's millinery store. 16:17w4

THE STEAMER OCCIDENT, when a few miles below the city, last Tuesday morning, blew up, and a wave of water, which struck a deck hand over the eye, causing an ugly flesh wound. It might have been worse. Go to E. Rosenthal's and get your Christmas presents. He has the finest display ever received in Corvallis. He keeps, also, the best cigars, tobaccos, candies, confectioneries, family groceries, etc., etc., and undersells everybody.

At the residence of G. W. Ross, on the 16th day of November, 1879, by Rev. J. L. Taylor, P. W. Ross and Miss May Harrison—all of Benton county. BOSCHEE'S GERMAN SYRUP can now be purchased right at home, it is the most successful preparation ever introduced to our people. It is rich in the medicinal properties of tar, wild cherry, etc. It is rendered perfectly harmless to the youngest child. This would have proved an Angel of mercy in the household of those unhappy parents at Vallejo, Dixon, Beaver, Utah, and numerous other places, whose children were slaughtered by a quick medicine recommended by its owner to cure croup, possessing no properties calculated to cure it, but instead a deadly drug which has slain its thousands. Be sure you get only German Elixir. The genuine bears the Prussian coat of arms and the fac-simile signature of Dr. Kaiser. Samples at all druggists. Large size, 75 cents. GRAHAM HAMILTON & Co., Wholesale Druggists, Sole Agents, Corvallis, Oregon.

Among the tenants of the month by allowing impurities to collect upon the surface or in their interstices. SOZODONT removes every vestige of tartar from the teeth, and renders their premature decay impossible. It not only imparts to them whiteness and vigor, but communicates hardness and resilience to the gums. The breath acquires a most acceptable fragrance from its use; it is a purely botanic liquid, and it may be relied on to accomplish its beautifying effects without injuring the enamel like a gritty tooth paste.

FAVORABLE MENTION. It is so seldom that the Portland dailies have anything favorable to say about Corvallis, that the following complimentary remarks by Mr. Foley, correspondent of the Standard, are duly appreciated, and we take pleasure in reproducing them. In his Corvallis correspondence of the 24th inst., Mr. Foley says: The work on the West Side railroad is rapidly progressing and the neighborhood of the iron horse is expected to be heard in this city about Christmas. Mr. Wm. Mast, with a number of workmen, is busily engaged constructing a station house which will compare favorably with any between here and Portland. It is the general expectation that Corvallis will be, at no distant day, one of the greatest shipping points on the Willamette. The construction of the Yaguina Bay Railroad will commence at this point next spring. This, with the extension of the West Side road, will give trade a lively impetus, and Corvallis will, next Summer, be one of the best business centers in Oregon.

The following additional cheering words are from the Daily Oregonian of the 26th inst.: The grading on the westside road is now completed to Corvallis; ties have been laid to the Luckiamute river, and a sufficient number have been forwarded to the front for the entire distance. The Philadelphia, bearing enough rails to finish the track, has arrived at Astoria, and part of her cargo will be lightered to this city without delay. The Philadelphia also brings a 32 ton Baldwin locomotive, and some frogs and other supplies. Barring no look-out for delays and possible accidents, the people of Corvallis can promise themselves a Christmas "ride on the rail" within the limits of their own town.

BLUE RIBBON.—Hon. James Chambers, of Kings Valley, addressed the Corvallis Blue Ribbon, at the Evangelical church, last Saturday evening, and Miss Nettie Spencer recited the "Flame-ler's Sign," in a masterly style. The attendance was very good, and the music somewhat improved. Why is it that the executive committee does not furnish programs for the GAZETTE? The evenings are long now, and if an interesting program was presented the attendance would always be large. Now is the time to go good, effective work in the temperance cause.

Our friend, the Doctor, narrates the story of a young lady who had swallowed some leeches in a drink of water or any rate thought she had done so. She complained of dizziness and imagined the leeches were moving about inside her head. The doctor conjectured the trouble was in the brain and not in the stomach, as she had just graduated successfully from the University. Feeling satisfied that Fresco's Hamburg Tea was the proper remedy in either event, he prescribed a few doses, and she was all right in a couple of days.

Specimen Books.—Thanks to Messrs. Miller & Richard, of the Scotch type foundry, Edinburgh, London, Toronto and San Francisco, for two fine specimen books—one of cuts, and the other of book, newspaper and job types. These books contain many fine designs and styles of type, and should find a place in every well regulated printing office.

FASTEST TIME.—The steamer Ohio made the trip from Harrisburg to Portland in thirteen hours and thirty-five minutes, including landings. Captain U. B. Scott was at the wheel. This is the fastest time on record between the two points.

Good News.—The Portland Standard of the 13th inst., says: Capt. J. C. Ainsworth yesterday received the good news that 125 miles of railroad iron had been purchased by Mr. Willard, and that the first shipment would be made on the 15th inst., which is intended for the construction of a road down the Columbia from Wallula to Celilo. We are further informed that the intention of the Company to have the road completed in time for the Fall trade of 1880. The magnitude of the trade in Eastern Oregon and Washington Territory has necessitated this step, as it is impossible for the Company to rely on the river to move the great amount of freight, and while they have a fleet of steamers amply sufficient to do the business, the uncertainty of the river makes it unreliable and dangerous, and subjects the Company to great loss.

MARRIED. At the residence of G. W. Ross, on the 16th day of November, 1879, by Rev. J. L. Taylor, P. W. Ross and Miss May Harrison—all of Benton county.

FOREWARNED FOREARMED. Physicians and invalids use with confidence The Kaiser Celebrated German Elixir for Consumption and throat and lung diseases. It is rich in the medicinal properties of tar, wild cherry, etc. It is rendered perfectly harmless to the youngest child. This would have proved an Angel of mercy in the household of those unhappy parents at Vallejo, Dixon, Beaver, Utah, and numerous other places, whose children were slaughtered by a quick medicine recommended by its owner to cure croup, possessing no properties calculated to cure it, but instead a deadly drug which has slain its thousands. Be sure you get only German Elixir. The genuine bears the Prussian coat of arms and the fac-simile signature of Dr. Kaiser. Samples at all druggists. Large size, 75 cents.
