POST MORTEM EXAMINATION.

Mr. Wilson Henderson, who has been in a hopeless condition for several months past, died on Tuesday morning last, at his home, about three and one-half miles west of Corvallis. For six months preceding his death, Mr. Henderson had been suffering from a tumor of the abdomen, of gradually increasing size, the exact nature of which was very obscure, though it had been examined by several of our resident physicians. Permission for a post mortem examination having been obtained, Drs. Lee, Bayley, Farra and Cauthorn, of Corvallis, and Dr. Whitney, of Philomath, performed the same, and with the following results: A large sarcomatous tumor, commonly spoken of as a cancer, had developed in the attachment of the intestines to the posterior wall of the abdomen. This was of considerable size, and in an advanced stage of disintegration. Consistently with this, smaller tumors, varying in size from a walnut to a hen's egg, had developed in the mesenteric glands, so as to make the intestines and their attachments or mesenteries appear almost as one large tumor. The right lobe of the liver was also very much enlarged and involved; and the whole surface being studded with sarcomatous nodules. The kidneys and spleen were not affected. A smaller tumor, of no doubt, the same nature as the original one, had begun to manifest itself in the deep structures of the neck. The contents of the chest were not examined; had they been, no doubt, from certain symptoms presented, the lungs would have been found to have been extensively invaded. The scene at the post-mortem proved conclusively that all had been done that could have been done, and that Nature had acted wisely in withdrawing from the unequal contest.

A CARD TO THE PUBLIC.

EDITOR GAZETTE—DEAR SIR: In your item concerning the pastor and people of the M. E. Church, in this city, you give currency to certain idle rumors which are void of truth, but full of injuriousness.  
Immediately after our arrival here some one or more of our neighbors found time to conceive and circulate a series of falsehoods and misleading insinuations, to the effect that our temporal necessities were nearly or quite ignored by the officers and members of our church. The slander soon reached our ears; but, though somewhat annoyed by it, we tried to treat it with the silent contempt which its very meanness deserved. But since our excellent GAZETTE has been betrayed into propagating the falsehood, even beyond the limits of the charge, it is time to speak.

The facts are simply these: Our temporal wants have been carefully anticipated and the wherewith to supply the same cheerfully furnished. Since our appointment to this charge no proper kindness or attention has been withheld from us by our people. The officers of the church, finding themselves backed up by an unusually large appropriation from the conference, are saved from undue anxiety, yet they have not relaxed their efforts nor neglected their duty.  
Let the skeptical call and examine our cash book. Let our gossiping neighbors observe the black preacher's "Eleventh commandment," which was, "Let every one mind his own business."  
W. T. CHAPMAN.  
Corvallis, Feb. 22, 1880.

ALSEA ROAD MATTER.—Mr. G. H. Rycraft, of Alsea valley, was in this city this week, looking after the matter of getting county assistance to remove obstructions from the road leading from Huffman's mill to Alsea, which is at present impassable except for footmen. We hope the county court will cheerfully appropriate the necessary money to open it to travel, as it works a hardship upon the citizens of that valley to have their communication with the outside world cut off. Mr. Rycraft is also energetically working to stir the people up in the matter of building the twenty miles of road necessary to connect the Alsea valley with salt water. This road is greatly needed, and would be of much benefit to the people of that section, and to the whole county. All who are interested in the progress and development of our country should lend a helping hand to this enterprise.

WANTED.

The public all to know that a safe remedy has at last been discovered for the cure of diseases of the Kidneys and Bladder, more than of Oregon grown herbs. It is no less than the OREGON KIDNEY TALK. For sale by the druggists. Directions accompany each package.

Business on the W. O. R. R. is increasing.

A large assortment of fresh garden seeds at Ray & Son's.

The price of potatoes has not been affected by Mr. Parnell's visit to America.

The City Market has been removed from its old stand to the next block opposite the Occidental Hotel.

Choice fresh roasted and ground coffees at Ray & Son's.

The hall supper at the Occidental hotel last Monday evening was "taken in" by 140 persons.

Mr. A. Wenhelmer, with Sternberg, Senders & Co., Monroe, gave us a call last week.

Mr. Cardwell, of the U. S. Revenue office, Portland, an old-time friend, was in the city this week.

Mr. J. M. Collins, of Lower Alsea, was in the city Monday, and gave us a pleasant call.

Miss E. A. KSTORF'S.

The Blue Ribbon Club will meet Saturday evening the 28th inst., in the Presbyterian church, at 7 o'clock. An interesting meeting is anticipated.

W. B. Carler, editor of the GAZETTE, writes us from Los Angeles, Cal., that his health is not improving. Next issue of the GAZETTE will contain a communication from him.

Mose Neungas, of the firm of Jacobs & Neungas, left Thursday morning for San Francisco, where he will remain some three or four weeks purchasing a fine stock of goods for his firm.

The enterprising grocery firm of John Ray & Son, has just received a new invoice of fresh groceries. Let the hungry public give them a trial and satisfy themselves of the correctness of our assertion.

Dr. F. Cauthorn has just received a supply of fresh animal vaccine, from the Pennsylvania vaccine farm, at Chambersburg. Now is the time to get vaccinated, as the small pox "boom" at the east is liable to reach Oregon at any time.

To horsemen—The GAZETTE job office is prepared to print horsegraphs and jack-typers for the campaign of 1880, on short notice and in good shape. Bills struck in cloudy weather. Secure the shadow ere the substance fades.

Pygall, Campbell & Co., have the exclusive right to sell slabwood and will deliver the same to any part of the city, at \$3 00 per cord. This item also has for sale, a quantity of red fir 4 foot wood and will deliver same to any part of the city, at \$4 00 per cord.

Farmers, make preparations to save and dry your fruit next fall. It will pay you. Here is an illustration of what can be done in a small way: W. Morris, of Willapa county, last fall used a Plummer dryer and made \$100 clear of expenses. His two little girls, 9 and 11 years of age did all the work.

Rev. H. C. Jenkins, of the M. E. Church, has been conducting a series of revival meetings in Linn county. More than twenty conversions and a very quickening of religious zeal throughout the community are among the visible results of the meetings.

On and after March 10th, as our gentlemanly and genial Postmaster wends his way to the Postoffice in the early dawn, the air will be filled with music. And this will be the burden of his song: "God bless the man that invented sleep." "But blast the man with curses long and loud, and deep, that invented that artificial cut-off early rising."

In our walks about town, we notice very many bad holes in the sidewalks. When some unfortunate pedestrian shall fall through one of them, breaking a leg—and our city is made to respond in a suit for damages, to the tune of five or ten thousand dollars, greater care will be given to repairing and keeping in order all our walks and crossings.

Mr. G. Dyer, representing Messrs. S. C. Wells & Co., manufacturers of Shiloh's Consumption Cure, and Wells's Persian Perfume Hackmatack, at Le Roy, New York, called last Saturday and contracted for an ad. in the GAZETTE. Messrs. Alsea & Woodward were appointed agents for Corvallis.

The Pallace Gallery, branch of Davidson's, Portland, has just arrived in Corvallis and located on the corner in front of the Occidental hotel. Mr. Davidson invites everybody in Corvallis and Benton county to call in and see what kind of work he makes. As he sends all his negatives to the home gallery to be finished, he can safely guarantee that every one will only charge his Portland prices, viz: \$3 a dozen for Cards, and \$5 for Cabinet Photographs. He also makes all kinds of ferrotype pictures, from the little Gem, 25 for 50 cts., on up to the largest size. All those wanting Portland works, at Portland prices, should come early as the Palace will not remain long.

YOUNG AMERICA'S BALL.—The hall given by the Hosiery boys of Young America Engine Company, on the 23d inst., was a success in every respect. There were over seven hundred of dancers, and a large number of spectators present; the music was good and everything harmonious. The company will realize about \$50 after paying expenses. The party was, in every respect, a decided success.

PROTRACTED MEETING.—The protracted meetings that have been held at the Evangelical church, for the last six weeks by W. C. Kantner, assisted by Rev's. Emery, Crossman and Bowersox, will close this evening. Considerable interest has been manifested and a number of accessions to the church were made.

CLOSE CALL.—The usual quiet of our den was disturbed last Wednesday by an unearthly noise in the rear of Hodes' gun store. Glancing through a window we beheld our friend Zeph trying to hit the side of Blair's old warehouse with a young mountain howitzer. He tried several shots, but we believe the building came out of the trying ordeal unscathed. Although we were considerably to the left and rear of the marksman, we took the necessary steps to escape stray bullets. Zeph, shake up!

YAQUINA BAY ITEMS.

From Wm. Grant, who returned from the Bay last Sunday, we obtained the following items:

The weather is still bad and the road obstructed in many places by fallen timber.

The logging camps have been started for the Onesta mills, and the mill will soon be manufacturing lumber.

Mr. L. E. Davis is preparing to build a new steam ferry boat to run across the bay at Newport.

The leap year ball at Onesta was a decided success. Mrs. Parker and Mrs. P. M. Abbed were floor managers; the supper prepared by Mrs. Parker and her daughters, was excellent, and the music good.

It seems that the letters of Mr. Hawley to the San Francisco Bulletin, were not "love's labor lost," as there is now a gentleman in the Yaquina who read one of them in Eastern Nevada, and immediately settled up his business for a year and started for Yaquina, and now says that he will settle there permanently.

PRICE OF REAL ESTATE.

ED. GAZETTE: I am disposed to take issue with you as regards your views as to the price of real estate, expressed in an editorial in your last issue. I think that if you will make a careful personal examination of the matter you will find that the prices asked for town lots either on the main, or the back streets, are not at all unreasonable.

Without going into particulars at present, I request you to confer with Dr. Bayley, Mr. Woodcock and others and give your readers the result of your interview. Your article was calculated to retard progress and keep intending purchasers away. Men who have money to invest in town property can be accommodated on reasonable and advantageous terms. Give this matter a fair looking into and you will find that I am right.

As for people who come here expecting to buy business sites or whole blocks of homestead property for a few hundred dollars, I am afraid they will be disappointed.

HILL'S MANNA.

Mr. N. Newton, agent for Benton county, is now canvassing for and distributing the new and revised edition of the above excellent work. It is highly recommended by distinguished educators and leading newspapers, and is considered by all to be one of the most useful books that was ever laid upon the counting-room desk or drawing room table.

OUR SYMPATHY is extended to those married ladies who continually suffer during pregnancy from nausea and vomiting and breaking out on the skin. Nothing so purely and so certain in effect as Dr. H. C. HYDE'S GOLDEN BLOOD SYRUP. Purely vegetable.

ANOTHER WARNING.

A disordered liver is frequently caused by worry and trouble, overwork, the use of tobacco, intense study, hard drinking, excessive eating, indolence, fast living, late hours, licentiousness, etc., etc., and undoubtedly the best remedy is that standard medicine, Emul Fress's Hamburg Tea, taken on medical advice. But unless you discontinue the evil that brought about your diseased liver, you have no right to look for more than temporary relief from your troubles. Be warned ere it is too late, and try the medicine we recommend.

Why Will You Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung troubles when an immediate relief can be so readily attained. Boesche's German Syrup has gained the largest sale in the world for the cure of Coughs, Colds and the severest Lung Diseases. It is Dr. Boesche's famous prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of a failure to do its work in any case. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

Sad Have is Created Among the tenants of the mouth by allowing impurities to collect upon their surface or in their interstices. SOZODONT removes every vestige of tartar from the teeth, and renders their premature decay impossible. It not only imparts to the whiteness and vigor, but communicates hardness and rosinness to the gums. The breath acquires a most acceptable fragrance from its use; it is a purely botanic liquid, and it may be relied on to accomplish its beautifying effects without injuring the enamel like a gritty tooth paste.

The National GOLD MEDAL was awarded to Bradley & Robinson for the best Photographs in the United States, and the Vienna Medal for the best in the world.
