STATEMENT BY DR. JOHNSTON. John Michealosky, a native of Austria and for the last 15 years a resident of Corvallis, died at the Vincent House, on the night of the 18th Feb., 1880.

A plain statement of the cause and manner of his death will be of interest to those of our citizens, who have shown a commendable regard for his welfare, during his long and painful illness.

Diffused aneurismal tumor of the femoral artery, had induced a morbid diathesis, not only of the limb but of the entire system. Seeking relief from palliative remedies, refusing to submit to proper surgical treat ment, hamastrsis intervened, which was relieved by the use of poultice and lancet. Some portions of the tumors were cast off through the incision. Still refusing to have the ligature applied, a rupture occurred durthe night, opening the artery. I trust an appereciative public will award due praise to Dr. and Mrs. Vincent, who ministered so faithfully to his needs under such trying circumstances. Abundant supplies of bedding, clothing, etc., were contributed by these worthy people for which they received no compensation. To these, and all others who contributed by their time or substance for the relief of this needy and suffering fellow-man, the reward is sure-"With what measure ye meet it shall be measured to you again."

A Good Thing.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all Lung troubles of the severerest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medi-cine, but has stood the test of years, giving satisfaction in every case, which its rapidly ingressing sale every season confirms. Two increasing sale every season confirms. Two million bottles sold annually. Beware of medicines of similar names, lately introluced. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Sample bottle, 10 cents.

MODESTY.

Modety is to a woman what the delicate bloom is to the peach—its greatest beauty but once gone, no human power can restore it. Many modest women suffer in silence for years with the most painful affections of the delicate vital organs of the body, rather than to impart the knowledge of their suffering to a physician. This great army of martyrs will be rejoiced to know that at last a purely vegetable and harmless remed has been discovered, which cures immediately all diseases and weakness of the kidney and bladder, no matter of how long standing or of what nature. It is the wonderful Oregon Kidney Tea, which is sold by all druggists, and challenges the world.
