Corvallis, Saturday, June 5.

FOR STATE SENATOR.

Last Saturday the Republican county central committee met at the court house for the purpose of nominating a candidate for state senator in the place of Hon. John Burnett, resigned, and was called to order by Hon. A. M. Witham, chairman, and W. P. Keagy, county secretary, all the precincts being represented by four. On motion, Hon. Elias Woodward was declared the choice of the committee for state senator by acclamation.

A more fortunate choice, for the party, could not have been made, nor for the county, for Mr. Woodward will be elected by a handsome majority in June. Mr. Woodward is too well known in Benton county to need any extended notice from our pen. He came to this county in 1865 and has ever since been a resident; in June 1866 he was elected superintendent of common schools in this county, and held that office continuously until July, 1872, having positively refused to be a candidate for the office any longer; he was the first teacher of Philomath college, teaching there one year under its first organization, and resigned the position for one in this city in the fall of 1868; in 1869 he and Mr. Emery Allen formed business partnership of Allen & Woodward, which has been continued in this city until the present. We cannot forget again mentioning Mr. Woodward's connections with the public schools of this county, he has ever held that an educated people were a prosperous people, and to that end has been an untiring worker in the interest of the public schools of this city as a director for the last ten years, giving his time freely for the good of the rising generation, and to his efforts much of the success of our city schools is due. The irreplaceable private character of Mr. W. is a fact of which the voters will by no means lose sight at the coming election, and it makes us enthusiastic to have the privilege of supporting so worthy a candidate for this important office.

MEMORIAL SERVICE.

Last Sabbath instead of the usual sermon and Sabbath school at the M. E. church in this city. The congregation met at 11 o'clock at engaged in very interesting service of singing, prayer and remarks commemoative of the memory of the late Hon. W. B. Carter. The services were opened with singing, and reading of the 15th Psalm by Rev. W. T. Chapman, followed by prayer by Rev. H. Williams, of Buena Vista; then reading of the 16th Psalm and a portion of the 7th chapter of Matthew, by Rev. Chapman, after which feeling and appropriate remarks were made by Rev. W. T. Chapman, J. W. York, H. Williams and L. Royal, and W. F. Dixon. Rev. Chapman then read the 22d chapter of Job and the benediction was pronounced by Rev. J. W. York.

A large and interested congregation was in attendance, and although the services were prolonged beyond the usual length all seemed disposed to linger in silent sadness in the house where one so universally loved had so long attended divine services.

FROM SOAP CREEK.

ED. GAZETTE: The Blue Ribbon Club met at regular meeting on the 24th of April with a crowded house. Hon. Jas. Yantis of Corvallis favored us with one of the best lectures ever delivered to our club. Come again, Jimmie. We were also favored with a couple of little folks from Corvallis. Miss D. Serrafford recited a piece in good style, and Miss Lilla Miller, only nine years old, sang one of the new temperance songs very nicely. Good music was also furnished by the string band and choir. We hope to be able to keep the great temperance ball moving right along and give some of the candidates the benefit of our club on the first Monday in June.

We are sorry to note that our friend Mr. M. Williams has lost his devoted wife and sweet little babe, 11 months old, within twenty-four hours of each other; both were laid to rest in one coffin. A constant christian woman, she has gone where the weary find a blessed rest.

Miss Leona Williams, of this place, and Mr. C. Baker, of Polk county, were united in the holy bonds of matrimony on the 26th inst. Messrs. Miller and Williamson will erect a large warehouse at Wells' Station for the present harvest. We are in need of a good store and blacksmith shop there, a wagon shop is already being built.

SOAP CREEK.

Soap Creek, Benton co., April 26, 1880.

Willis Vidito, of Alsea, was in the city Tuesday from him we learn that the Spencer Bros. are making great improvements on the Alsea road by the removal of trees, and other needed improvements.

The Benton county sporting club did a little glass ball shooting on Monday.

Mr. Wm. Reeves, of Tidewater, gave us a friendly call last Monday morning.

Hon. Richard Williams, of Portland, was in Corvallis this week on professional business, and gave us a call.

Hon. Robert Clow, Democratic candidate for state senator from Benton and Polk counties, favored us with a call on Wednesday.

The railroad company have been fixing up the street crossings along their road through this city this week. A needed improvement.

J. M. Collins, of Lower Alsea, and J. H. Blair, of Elk City, were in the city last Saturday, attending the Republican central committee.

We are glad to learn that Mrs. H. Simmons, who has been hopelessly ill, is rapidly convalescing under the careful treatment of Dr. Smith.

Some parties from Portland whose name we have not learned are preparing to open a new furniture store one door north of Wrenn & Holgate's.

Hon. Ben. Simpson, U. S. postal agent, was in town the first of the week looking after Uncle Sam's post offices. He called at our Sanctum.

The Democratic county central committee on Wednesday last, placed the name of M. Shannon before the people for state senator, in place of Hon. John Burnett, resigned.

Mrs. S. A. Hemphill and little "Mac" started on a visit to friends in the East, to be absent about six months. They will visit Colorado, Pennsylvania, Indiana and Ohio.

Arthur Polly is messenger of the W. U. Telegraph Co. in this city. Persons desiring to send messages or not wishing to go to the office, can leave them at the store of H. E. Harris, and they will be promptly forwarded.

S. A. Hemphill, harness maker, of this city, has just completed a covering of a hack and making a set of carriage harness for Mr. Tolbert Norton, of this county, which does credit to even so justly celebrated a house as Mr. H's. He also has on hand a splendid assortment of hand made harness and saddles, for sale cheap.

Among the visitors in our city last Sunday, we met our friend Prof. C. E. Majors, of Independence. We are glad to notice that the Republicans of Polk county, recognizing the fitness of Prof. M. for that position, have honored him with the nomination for school superintendent of that county. A better selection could not have been made.

Mr. Jos. Speidel, agent for Frank Bros., has moved his agricultural implements from his former warehouse on Second street to the building recently occupied by R. C. Simmons as a feed stable, on Monroe, between Second and Third streets. This building affords ample room for the fine display of machinery constantly kept on hand by Mr. S.

Jas. A. Canthorn, the veteran warhorseman, has had the following circular printed and sent by mail to his customers in Oregon City and Millwaukie, as well as to the exporters at Portland.

3rd. It often occurs that the mills pay more for wheat than the exporters will offer.

I will be prepared this season to buy wheat as soon as it is threshed.

Pointing with pride to the successes of the past in marketing your wheat, I respectfully ask your patronage for the coming season.

The cry is still they come! Farmers will read with interest the following letter:

MAMMOTH WAREHOUSE,
CORVALLIS, MAY 6, 1880.

DEAR SIR:—Having made definite arrangements for the construction of a new "Mammoth" warehouse at the Railroad Depot in Corvallis for storing grain, I take pleasure in calling the attention of the farming community to the following facts relative to the advantages in storing grain on the railroad.

1st. You can ship your grain at any time you desire, and can ship about two months earlier than you can on the river, thereby taking advantage of an early market.

2nd. It frequently occurs that the first market is the best, and would therefore state that ships arriving in the early part of the season cannot afford to pay demurrage, and are detained for the arrival of wheat stored upon the river; but will have to depend upon the railroads for their cargoes in order to get quick dispatch, and thereby receive the benefit of the market when they would otherwise lose, which is an advantage to the producer.

3rd. I will be prepared at all times to buy your wheat as soon as it is delivered at the warehouse in Corvallis, which no other warehouseman has ever done and can afford to pay the highest market price, as I shall be able to ship at any time, while warehousemen on the river can not ship until navigation opens, which may be months after the delivery of your wheat, and you would in consequence be liable to sustain a decline in the market, as well as the loss of interest on your money.

4th. It matters not whether there is competition on the river. I bind myself at all times to pay the highest market price, and guarantee that no man who desires to sell his grain will leave the "Mammoth" warehouse and "say that 'Red' Wells wouldn't buy his grain," for want of orders from either millers or exporters.

Farmers, having had some experience in disposing of, and marketing your grain, I leave the matter with you whether I am still competent to market your grain to the best advantage, and would respectfully ask that when you get ready to haul your grain to market, you do not forget "Red" Wells' mammoth warehouse, on the railroad.

Yours truly,
W. A. WELLS.

INSANE.—J. M. Patterson and his son, C. B. Patterson, were both brought before Judge McFadden last Friday, charged with insanity. Drs. Ferra and Cautron were called and the elder was adjudged insane and taken to the asylum at East Portland on Saturday, the younger being discharged. We are informed that Mr. J. M. Patterson had been confined in the asylum before, but having been released, he came in to the Yakima, where his son resided, by the last trip of the Duncan, and the excitement of meeting with his son, and the voyage from Portland, had again unseated his reason.

EXCURSION TO PORTLAND.—The excursion to Portland to-morrow, under the direction of the Evangelical church of this city, will be a very pleasant affair. We are informed that a large number will also go from Independence and other places along the road. The committee of arrangements have made all necessary arrangements for a most pleasant time, and the object is certainly a commendable one, and we hope every one that can possibly do so will participate.

FIRST GUN FOR YAQUINA BAY.

The promise to recommend \$50,000 for the improvement of Yaquina Bay, by the committee on commerce, is an evidence that the friends of this important measure have been heard, and in presenting the facts have made a favorable impression. On receipt of the above news the people of this usually quiet city were excited, and everybody felt good and realized that an important point had been gained. We feel confident our members are in earnest and thoroughly understand the great need of this improvement. We sincerely hope the amount will stand as recommended, for any less sum would be insufficient. The steamer "A. A. McCully" brought up the engine "Corvallis," together with about 75 tons of iron and the trucks for cars, last Wednesday. This means business, and the people of Benton county can and do rejoice.

BRICK BRICK.
At the old, reliable yard, 50,000 brick we wish to dispose of immediately, in order to make room for Spring work.

Mrs. L. A. DENNICK,
Corvallis, May 2d, 1880. w2

TREAD CAREFULLY.

The Blade of last week, referring to the nomination of Hon. M. C. George for congress, said "he was nominated in the interests of Portland capital." Now the facts are the delegation from Multnomah voted for Rufus Mallory; Mr. George did not receive a single vote from that county. We do not consider the statement made by the Blade of any particular consequence or significance, except this, if the influence of Portland is damaging in its effect, what is to become of Hon. John Whiteaker, for it is well known the Multnomah county Democratic delegation were instructed for him.

In this connection it might not be improper to call attention to the position of the party, as indicated in their platform. The Republicans resolve in favor of appropriations for Yaquina Bay and other points along the coast, while the Democrats are silent on the subject. Every member of the legislature of 1876-78 will remember that Mr. George, as an earnest advocate and friend of any bill supported by the Willamette Valley members.

RAILROAD MEETING AT KINGS VALLEY.—M. J. Conner, of Kings Valley, paid us a pleasant call on last Wednesday, and from him we learn that the citizens of Kings Valley met at the church last Monday, to take steps toward meeting the proposition of the O. R. R. Co., limited, in relation to extending their railroad from Dallas to Kings Valley. Mr. McKenzie was present representing the company. Remarks were made by Mr. McKenzie on behalf of the company, and by Hon. Jas. Chambers on behalf of the citizens. Subscriptions were then solicited and about \$3,000 raised toward the \$10,000 required by the company. We are satisfied that the people of Kings Valley appreciate the benefits to be derived from this road, and as the propositions of the company are fair and by no means exorbitant, that they will be met by the citizens.

A CORRECTION.—In our issue of week before last it was stated that Mr. Geo. Waggoner, one of our legislative nominees, "is a merchant of Monroe." This is a mistake. Mr. Waggoner lives seven miles north-west of Monroe, in the Belknap settlement, and is engaged in farming and sheep-raising, and has been in Oregon since 1852. He is a man of experience in the way of the world, fearless, bold and uncompromising in his convictions of right; he will be elected in June, and ably represent Benton county in the next legislative session.

THEATRE.—The Vernet's dramatic alliance gave entertainments at Hamilton's Opera House, in this city, on Monday and Wednesday evenings of this week. These entertainments were well attended and gave good satisfaction. They will return and give another entertainment next Tuesday evening, with an entire new programme. Positively last appearance here.

YAQUINA ROAD REPAIRS.—Contributions in money, food, supplies and labor, are earnestly solicited. Donations in food are to be delivered at Messrs. Ray & Son's, at Corvallis, or J. E. Henkle & Co.'s, Philomath. Work will commence next week. Please bring flour, bacon, beans and coffee in at once.

THE OREGON KIDNEY TEA.
Read the following testimonials, not from persons 3000 miles away, whom no one knows, but from well-known and trustworthy citizens of Oregon, who write with their own hands, can be seen at our office:

PORTLAND, Oregon, Jan. 12, 1880.
Having a severe Backache last Summer, I tried the Oregon Kidney Tea, which I should recommend to all who are afflicted with an unfeeling remedy.
JULIUS ACH.

PORTLAND, Oregon, Feb. 3, 1880.
Having suffered for years with pains in my back, I tried the Oregon Kidney Tea, and found immediate relief and a permanent cure. I heartily recommend it to all afflicted in like manner.
MRS. L. COHN.

August Flower.
The immense sale and great popularity of Green's August Flower in all towns and villages in the civilized world has caused many nations to adopt its use, and to reap a harvest for themselves at the expense of the afflicted. This cure was introduced in 1868, and for the cure of Dyspepsia and Liver Complaint, with their attendant ailments, such as Sour Stomach, Constipation, Sick Stomach, Sick Headache, Indigestion, Palpitation of the Heart, vertigo, etc., etc., it never has failed to our knowledge. Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

GREEN'S ATLAS AND DIARY ALMANAC, the most expensive ever published, and sent free on receipt of two cent stamp.

MRS. M. A. BROWN
Wishes to call attention to her well selected stock of Stationery, including first-class paper, mourning and gift note paper, envelopes, paperies, blank and memorandum books, self, time, drawing and copying paper, card and Bristol Board, Shamb's tickets, sponge cups, board clips, Shipman's files, inkstands, pens, pencils, etc., in Philip Pills' building, on Main street, where she will be glad to keep a general assortment. Has also a variety of periodicals, maps, cardies, etc., all of which she will sell cheap for cash. Give her a call. feb17:80

part in affairs when "Oregon was new," are rapidly passing away, and many carry to their tombs recollections of incidents that may seem trivial within themselves, but which are important factors towards a complete history.

The Association has always been ready and is now anxious to receive contributions from all who may desire to give sketches of their own biographies, with all degrees of interest, or auto-diagrams of the living—both male and female.

The founders of the Association having a just appreciation of the influence of women for the good of man, thus greatly assisting in removing the asperities of frontier life, they were cordially invited to become members of the Association.

The Re-Unions have been a source of great profit to all who have arrived in Oregon of late years, as well as of pleasure to those who are eligible to become members. To the former class, it affords an opportunity to see many of the old men and women who have become more or less noted as pioneers, and listen to their accounts of incidents, both grave and gay of days long gone by, as they are related around the camp fire. To listen to the addresses replete with valuable historical facts which cannot be obtained in any other way. To see the men who rocked the cradle of Oregon in its infancy of Provisional Government, guided in sturdy youth as a Territory, and looked with parental pride when it was fully developed and admitted as a State of the Union. To members, it brings them face to face with those whom they most probably have not met for years, and affords an opportunity to talk over old times, to refresh the memory of those departed, and ascertain the welfare of the living; it affords an opportunity for social gathering which is beneficial to all. Such being the case, it is sincerely hoped that the final settlement of the Oregon question; another, it is the most pleasant time of the year, when there is really more leisure than at any other time, to refresh the memory of those departed, and ascertain the welfare of the living; it affords an opportunity for social gathering which is beneficial to all.

That day was chosen for several reasons; but the greatest is that mentioned above, the final settlement of the Oregon question; another, it is the most pleasant time of the year, when there is really more leisure than at any other time, to refresh the memory of those departed, and ascertain the welfare of the living; it affords an opportunity for social gathering which is beneficial to all.

Arrangements have been made with the different transportation companies, that who attend, pay full fare in going, but return FREE, on the certificate of the Secretary.

J. HENRY BROWN,
Recording Secretary.

Interesting communications from "Liberal" and "Beacher" crowded out.

MUNICIPAL ELECTION.

Our city election, last Monday, passed off very quietly, and there was no political or even local excitement. There were regular nominations made, and so every candidate had to look after himself. The following is the official count:

HONOR FROM EUROPE.—It is conceded on all sides that Dr. Ayer's Pills are above comparison with other medicines. Uniting the best elements known to the chemist they are particularly effective against the numerous stomachic disorders for which they are recommended as a cure. These Pills are so mild, yet searching, that they are often prescribed by doctors who otherwise do not favor patent medicines. Indeed, with the fruits of Dr. Ayer's genius in the shape of Pills, Sarsaparilla, Ague Cure and Cherry Pectoral, one might with impunity travel through the swamps of tropical America, or follow Stanley on his travels through the interior of Africa.—*Amsterdam Nieuws van den Dey.*
